## **Report of the SELECT BOARD**

Year two of the Covid threat continued to impact all of our personal lives, the school lives of the children and teachers, and municipal functions of Town employees, elected and appointed boards and committees, and volunteers. We appreciate everyone's sacrifices and contributions that have helped Marion through all of the unanticipated challenges; thank you.

Events and accomplishments of note:

**Personnel** - Randy Parker was re-elected to the Select Board. Nathaniel Munafo was appointed the new DPW Director upon David Willett's resignation. Our Town Planner Gil Hilario left and Doug Guey-Lee was hired in a dual role as part time Planner and part time Conservation Agent. Richard Nighelli was sworn in as our new Police Chief.

**National Pollutant Discharge Elimination System (NPDES) Permit** – Sludge removal continued into this year until funds were exhausted. Town Meeting voted the needed money to remove the remaining sludge and to line Lagoon Number One. Sludge removal was completed in late November and lining of the lagoon initiated. At calendar 2021-year end, only about one fifth of the lagoon remained to be lined. Significantly the State provided an additional \$250K to offset the ongoing costs associated with this effort. The total of \$500k provided by the State over the past two fiscal year reduces the amount of debt issued to fund the project and thus the ongoing debt service costs.

**Covid-19** – Covid-19 continued to disrupt our lives in calendar year 2021. We welcomed the availability of a Covid vaccine early in 2021. Marion had prepared a plan for administering the vaccine, which led to the State designating Marion a regional inoculation center to vaccinate first-responders from Marion, Mattapoissett, Rochester and Wareham using our drive through tent set up in the Community Center parking lot. Following the first responders, residents, starting with the oldest, were scheduled for vaccination. We continued vaccinations until the State stopped supplying the vaccine. Through this effort and the subsequent booster shots under our Board of Health and other state programs, Marion was able to achieve a 90% vaccination rate of our residents. Town activities continued, mostly via Zoom.

**Town House** – Work on the exterior of the building was completed. This included all new siding, trim and windows. Additionally, a new front entrance was designed and built to be ADA compliant. This work was funded through the generosity of the Sippican Historical Society. Complimenting that work, our Facilities Department renovated the interior to create a new front interior entrance through part of what was previously the Assessor's Office. The remainder of the old Assessors Office was renovated to create new smaller office. There was a special dedication held for the new entrance on November 6.

**Route 6** – Based on last year's SRPEDD Route 6 Corridor Study, the Town worked with MassDOT to develop options for increasing safety for pedestrians, cyclists and drivers on Route 6 through Marion. As the year ended, surveyors are out determining the exact location of the

roadway within the layout or right of way for Route 6. This is a critical first step to narrow down options and start design work.

**Studies** – Several studies were undertaken:

- Marion worked with the Woods Hole Group to develop the state required Hazard Mitigation Plan (HMP). The purpose of the plan is to identify and rank risks to reduce the potential for loss of life and mitigate possible property damage resulting from natural hazards such as floods, earthquakes, and hurricanes through long-term strategies, including planning, policy changes, programs, projects and other activities. The HMP was completed in December and submitted to the FEMA for approval.
- Marion continues to work with Weston & Sampson to develop an updated Comprehensive Wastewater Management Plan (CWMP). The plan comprehensively documents all aspects of Marion's waste treatment infrastructure. In additions, it identifies, estimates the cost, and prioritizes areas to extend the sewer. It also attempts to identify and estimate the costs of ongoing improvements to sewer infrastructure and the Wastewater Treatment Plant. This critical document will provide us a road map for managing our waste treatment infrastructure for the next 20 years and help us avoid large unanticipated capital expenditures. At years end, the first draft CWMP was under review by the Select Board and the DPW Superintendent.

**Facility Designs** (DPW Operations, Harbormaster's Office, Creek Road Pumping Stations) – This year saw three different facility designs come to completion:

- DPW Operations Building – Saltonstall Architects and Field Engineering developed this design to replace the outdated and inadequate cluster of buildings currently on Route 6. The design includes one building of enclosed storage and office space and one covered storage building to be built on Town owned land behind the current Wastewater Treatment Plant on Benson Brook Road.
- Harbormaster's Office – Catalyst Architects developed this "Maritime Center" design to replace the small and outdated existing Harbormaster shack. The new design meets FEMA flood regulations, provides more office space, will be ADA compliant, and provides for storage under the elevated building. We are very optimistic we will be able to obtain grant funding from the Seaport Economic Council for 75% of the cost of the new maritime center.
- Creek Road Pump Station – Weston & Sampson developed this design to replace the current facility, which has serious safety problems and was identified in the 2018 state funded Municipal Vulnerability Preparedness Study to be the most vulnerable of our eight pumping stations to expected sea level rise and storm surge due to its location. We are optimistic that we will receive grant funding to cover 75% of the cost of this new pumping station.

**Lockheed Martin** – In February, the Town Administrator was notified that Lockheed Martin would be closing its facility on Route 6 in December 2022. The Town is working with consultants to develop potential use scenarios for that property to influence Lockheed Martin with their own studies and hopefully steer the sale of the property to a use beneficial to the Town.

**Sewer Moratorium** – The Select Board officially cancelled the long-standing sewer connection moratorium this year. Continued Inflow and Infiltration removal from the system will allow carefully controlled future connections to be approved by the Select Board on a case-by-case basis.

Marion Town House Front Entrance Dedication – November 6, 2021

## **Report of the TOWN ADMINISTRATOR**

To the residents of the Town of Marion:

I am pleased and honored to submit my Annual Report as Marion's Town Administrator.

On top of the regular crises and challenges, the year again was dominated by the COVID-19 pandemic. This has made managing the town not just complicated but extremely difficult and demanding.

I would like to take this opportunity to thank the Select Board, Board of Health and our outstanding Emergency Management Team for their support in our efforts to keep the members of the community safe during this public health emergency. I am so proud of the work we did in Marion vaccinating our first responders and members of the community. The "drive thru" vaccination clinics will go down in history as one of the finest accomplishments in our town.

I also want thank the residents and visitors for their cooperation and patience as we endured some significant challenges together. First, the "Water Boil Order" and then the powerful Northeaster both provided quite a bit of understanding and working together to get through. I am grateful that we have such a strong community to go through these challenges together.

In 2021 we were able to finish an amazing project, the completion of the exterior renovation and new front entrance at the Town House. This success was due to a generous donation from the Sippican Historical Society and funding from the Community Preservation Fund. With the continued support of the Sippican Historical Society, the renovations will continue. We thank them for their generosity.

I would like to take this opportunity to thank Debra Paiva, Select Board/Town Administrator's Administrative Assistant for her many years of service to the Town of Marion. She retired at the end of 2021 and we wish her the best in her future endeavors. Donna Hemphill assumed the role of Administrative Assistant upon Debra's retirement and we are happy to have her on board.

Good communication remains a priority to me. Should you have a concern or an issue to discuss, please call my office or contact me by email and I'll make every effort to work with you to resolve the matter.

Respectfully submitted,

James P. McGrail, Town Administrator

# **Report of the BOARD OF ASSESSORS**

To the Honorable Select Board:

As mandated by State Law, the major responsibilities of the Board in Fiscal Year 2021 were to manage the valuation and assessment of all real and personal property for *ad valorem* tax purposes, to set the tax rate, act upon applications for abatements, place value on new construction, and commit motor vehicle and boat excise taxes.

A single tax rate for all classes of property was set at \$11.32 per \$1,000 of valuation.

The following information is a recapitulation of the Town's assessment and tax levies for Fiscal Year 2021:

<i><u>Class of Property</u></i>	<i><u>Valuation by Class</u></i>	<i><u>Percent of Total Levy</u></i>	<i><u>Tax Levy by Class</u></i>
Residential	\$1,708,742,576	93.03	\$19,342,965.96
Commercial	75,922,091	4.13	859,438.07
Industrial	16,846,500	.92	190,702.38
Personal	<u>35,325,812</u>	<u>1.92</u>	<u>399,888.19</u>
Totals	\$1,836,836,979	100.00	\$20,792,994.60

The following is the tax rate summary for Fiscal Year 2021:

Funds from estimated receipts and other fund sources	\$11,826,052.91
Funds to be raised by tax levy	<u>20,792,994.60</u>
Total Amount to be raised	\$32,619,047.51

Property exempt from taxation had a total value of \$200,281,146. The tax value of new construction was \$203,655. The Board committed \$929,761.54 in Motor Vehicle Excise Taxes. Excise Taxes on Boats habitually moored in Marion were \$79,448.00. The commitment for the Community Preservation Fund was \$345,759.10

A summary of abatements and statutory exemptions that were granted for Fiscal Year 2021 are:

Abatements	\$ 9,199.06
Senior Work-Off Program	6,457.58
Statutory Exemptions	<u>63,874.96</u>
Total	\$ 79,531.60

It has been another extremely challenging year for everyone due to the COVID Pandemic. In the beginning of the year, our meetings were being conducted via Zoom but are now being conducted once again in the Assessors' Office.

In March our office was moved to the Annex of the Town House. This move was done so that the newly-renovated front entrance could be functional again. We encourage anyone visiting our office to use the handicap ramp or the new front entrance as the back steps can be challenging. If you must use them, please hold the hand rail.

We update our online property value database hosted MapGeo annually. MapGeo provides access to digital geographic and property data and works closely with MassGIS to make sure our property records conform to MassGIS standards. Using MapGeo, Town employees as well as taxpayers can easily search for properties by owner's name and/or address, view and print property record cards, overlay a MassGIS aerial photo and/or a FEMA Map onto a property, and view Neighborhood and Water Factor Maps. In 2021, we printed our digital mapping application of the FEMA Flood Zone Maps onto our paper maps stored in our office. These Maps are available to the public to view at any time. Abatement Applications, various Assessor's Forms and Applications, and additional helpful information are also available on our webpage located on the Town's Website at [marionma.gov](http://marionma.gov) under Town Departments.

The Board thanks Linda Dessert, M.A.A., Associate Assessor and Cynthia M. Visotski, our Administrative Assistant, for their dedication, work ethic and knowledge of State Assessing Laws and of the responsibilities required of the Board. We are especially grateful for the respect and courtesy they extend to all of the Marion residents and real estate professionals that call or visit our office

The Board meets regularly on Wednesdays from 3:00 P.M. to 4:30 P.M. and at other times by appointment. We encourage voters to meet with members of the Board at anytime to express their value-related concerns. If you cannot meet with us, please visit us online at [marionma.gov](http://marionma.gov) under Town Departments.

Respectfully Submitted,

*MARION BOARD OF ASSESSORS*

Patricia A. DeCosta, M.A.A., Chairman

Catherine A. Gibbs

George T. J. Walker

## **Report of the PLANNING BOARD**

To the Honorable Select Board:

The Planning Board continues with its responsibilities of establishing and revising reasonable rules and regulations pertaining to subdivisions of land that protect the safety, convenience, and welfare of Marion residents, regulates the lay out and construction of ways providing access to lots and ensuring sanitary conditions, and in appropriate cases, parks and open space. The Board from time to time may establish rules and regulations that do not conflict with MGL subdivision control laws. Meetings this past year have been via Zoom.

Planning Board members Norm Hills and Eileen Marum served on the Marion Multi-Hazard Mitigation Plan (MHMP) Committee. Multi-Hazard Mitigation Planning reduces loss of life and property by minimizing the impact of disasters. The planning begins with Town leaders identifying natural disaster risks and vulnerabilities that are common in the Town. After identifying risks, the Committee with its consultants, the Woods Hole Group, made vulnerability assessments, and developed long-term strategies for protecting people and property from hazardous events—floods, hurricanes, coastal erosion, fire, drought, extreme temperature and more. Mitigation plans are key to breaking the cycle of disaster damage and reconstruction.

MHMP was approved by MEMA and FEMA as well as the Select Board. By fulfilling FEMA's requirements, the plan ensures that the Marion is eligible for a number of FEMA grants including the Hazard Mitigation Grant Program (HMGP), Flood Mitigation Assistance (FMA) grant program, Pre-Disaster Mitigation (PDM) grant program, the Building Resilient Infrastructure and Communities (BRIC) grant program, and other National Flood Insurance Program (NFIP) grants.

The Planning Board's Codification Subcommittee consisting of Chairman Norm Hills, Marilyn Whalley, Eileen Marum, Will Saltonstall, Mike Sudofsky and Scott Shippey continue the charge of updating the Zoning Bylaws outlined by Marion's citizens pursuant to the requirements of M.G.L. c. 40A, s.5 and the Town's General Bylaws. Some changes include: clarification language to Ground Mounted Solar Systems in residential districts; changes to the water supply protection district to comply with Massachusetts state requirements; and formalizing the Town Moderator position to a three-year term.

Citizen Planning Training Collaborative (CPTC): Several Planning Board members, Norm Hills, Eileen Marum, Alanna Nelson and former Town Planner Gil Hilario and current Town Planner Doug Guey-Lee attended Citizen Planning Training Collaborative (CPTC) continuing education workshops via zoom. The CPTC empowers land use officials to make effective and judicious decisions in the areas of development, transportation, natural resources and the environment.

Eileen Marum reported on Design Review, a process that municipalities can undertake to improve the visual quality of structures and promote good design for the benefit of the public. She explained how design review guidelines can be developed, administered and enforced in a fair and predictable manner.

The Planning Board continues addressing the Town Master Plan goals:

- The Codification Subcommittee continues to resolve bylaw issues intergrading them with the Master Plan,
- The Codification Subcommittee met with the Southeastern Regional Planning and Economic Development District (SRPEDD) to discuss New England building types and diverse housing options for Marion,
- The Transportation and Circulation Task Force continues to address improvements on our local roads, and
- The Resilience to Climate Change and Extreme Events chapter of Marion's Master Plan resulted in the production of a Multi-Hazard Mitigation Plan that was approved by MEMA and FEMA and the Select-Board.

The May 14, 2021 Town election resulted in the election of Jonathan Henry and Alanna Nelson.

The Planning Board reorganized with Will Saltonstall elected Chairman, Eileen J. Marum elected Vice-Chairman and Joe Rocha elected Clerk.

Respectfully submitted,

Will Saltonstall, Chairman

Eileen J. Marum, Vice-Chairman

Joseph Rocha, Clerk

Norm Hills

Chris Collings

Jonathan Henry

Alanna Nelson

## **REPORT OF THE DEPARTMENT OF PUBLIC WORKS**

To the Honorable Select Board:

I am pleased to submit the 2021 Annual Report of the Department of Public Works (DPW). The following is a summary of accomplishments in 2021 and plans for the upcoming year.

### **HIGHWAY DIVISION**

**Operations** – Division staff continues to utilize a Work Order System to successfully track both scheduled and unscheduled daily activities. Outside requests are often submitted to the Division and are frequently urgent, reducing the ability of the Division to perform normal work functions. Tracking time away from regular work activities is essential when assessing ability to maximize service performance.

In the spring of 2021, the Highway Division acquired the Parks & Fields Division, which was previously under the Recreation Department. This has significantly added to the Division's property maintenance tasks during the spring, summer and fall.

In addition to the Division's regular work maintaining the Town's cemeteries, a special emphasis was placed on restoring open areas in the cemeteries, including clearing out old growth and pruning trees. The Division also continued work maintaining open space properties, in an effort to help make these areas more accessible and enjoyable for residents.

During the winter months, the primary focus of this Division is ensuring the roads are safe and passable for travel by treating the roads with a sand & salt mixture, plowing when necessary, filling potholes, and cleaning drains for proper drainage on roadways. Street sign replacements have continued to allow for better identification of all Town streets.

**Roads** – The first construction contract for the Pavement Management Program was put out to bid in 2021. Construction included overlay of Holmes Street, Water Street and Parlowtown Road, while School Street and a small repair patch on Front Street were milled and overlaid. In preparation for the Holmes Street work, a drainage system repair was made. Roads are currently being evaluated for work to be scheduled in 2022.

**Transfer Station** – The Town of Marion assumed ownership of the Benson Brook Road Transfer Station on January 1, 2021. Under the DPW's management and operation, the Transfer Station reopened, for Marion and Rochester residents only, on January 27, 2021. The Transfer Station is open on Wednesdays and Saturdays from 8:00 AM to 3:00 PM. In 2021, a total of 11,886 customer visits were recorded, with 8,295 on Saturdays and 3,591 on Wednesdays.

**Landfill** – The Post-Closure Landfill Inspection occurred twice in 2021 in accordance with Massachusetts Department of Environmental Protection (MassDEP) guidelines. Staff performed

the annual maintenance requirements and accomplished minor repairs. Although additional minor repairs will be required in the future, the capped site remains structurally sufficient.

**Stormwater Program** – The Year 3 Annual Report for Massachusetts Small MS4 General Permit (reporting period: May 1, 2020 through June 30, 2021) was successfully completed and submitted per MassDEP schedule requirements. Highway Division staff is currently working on all mandatory Year 4 activities, including street sweeping and cleaning, inspecting and repairing catch basins, and public education and outreach.

**Capital Equipment** – The Division is in dire need of a new street sweeper/catch basin cleaner. The current combination machine is 12 years old, with an original life expectancy of 10 years. Recent repair costs, as well as estimated costs for additional needed repairs, are more expensive than the current value of the equipment. This combination machine is a critical part of the DPW operations required to clean 35 miles of town roads and 452 catch basins. Compliance with our state-issued MS4 permit will be impossible without a new street sweeper. The Division has looked into rental options for a similar machine, and the costs are financially impractical. Funding will be requested for a new combination machine at the Annual Town Meeting in May 2022.

After a favorable vote at the annual Town Meeting in May 2021, the Division ordered two new F550 trucks with plows. Both trucks will be used in the daily operations of the Highway Division, as well as during all snow removal operations. Unfortunately, the Division has yet to receive either truck due to manufacturing delays. The Division is currently scheduled to receive both vehicles in March 2022.

**Capital Projects** – A feasibility study was completed for a new DPW Operations Building on Benson Brook Road next to the DPW Office / Water Pollution Control Facility (WPCF). The existing facility on Mill Street does not meet current codes or spatial needs. A new facility is required to allow employees to work safely and efficiently, as well as allow for proper care and maintenance of town-owned equipment and vehicles. The DPW will be requesting construction funding at the Annual May Town Meeting in 2022.

The Sippican School Emergency Egress project was bid in August 2021 and awarded in September 2021. Construction began in October 2021, and the majority of the project was complete by end of the year. The Contractor will return in the spring of 2022 to install the top layer of pavement, along with final restoration and cleanup.

## **WATER DIVISION**

**Operations** – The Water Division contracted with Tata & Howard, Inc. to update the existing Emergency Response Plan (ERP) by December 31, 2021, as required by the America's Water Infrastructure Act. In addition, the Water Division staff completed an eight hour ERP training session as required by MassDEP. The training course satisfied Training Contact Hours (TCHs) as approved by the Board of Certification of Operators of Drinking Water Facilities. Annual ERP training will continue next year.

In 2021, the Water Division continued the Fire Hydrant Replacement Program. Although there were supply chain delays shortly after the bidding of the project, construction for the replacement of three hydrants was complete by October 2021. The Fire Hydrant Replacement Program was originally included as a Capital Project, but, because it has continued to be successful since its implementation in 2020, it has been moved into the Annual Operating Budget.

On October 6, 2021, all Mattapoissett River Valley Water District (District) towns (Marion, Mattapoissett, Fairhaven, and Rochester) were placed under a Boil Water Order by MassDEP due to the presence of total coliform and E. coli in routine water quality samples in all Towns. The District immediately began chlorination at the Mattapoissett River Valley Water Treatment Plant (MRVWTP) in an effort to disinfect the water distribution system throughout all Towns. In addition, the Division hired a contractor to chlorinate the active Marion water tanks. It was determined that a breached well casing in a Fairhaven water supply well contaminated the MRVWTP which spread the contamination to member towns. Following several days of water quality sampling, chlorine residual testing, water main flushing, and coordination with MassDEP, the boil water order was lifted in Marion on October 19, 2021. After a precautionary period, chlorination at MRVWTP concluded at the end of January 2022. We are grateful to water users in Marion and Rochester for their patience and understanding during that difficult situation.

The existing membrane filtration system at the MRVWTP has exceeded its useful life expectancy of 5 – 7 years. In April 2021, the District completed a Filter Replacement Evaluation Study that analyzed options and capital and operation costs for implementation of filter replacement options. The District decided to proceed with a new and advanced technology system, the KOCH Separation Solutions (KSS) PURON MP ultrafiltration system. In the fall of 2021, the District began a preliminary design for replacement of the membranes, and final design is expected to be complete in 2022. As a result of the Boil Water Order, the District is expanding the design to also include ultraviolet (UV) disinfection.

**Capital Projects** – The Town received bids for construction of the Combined Pump Station Chemical Feed Building project. The project consists of construction of a new chemical feed building and associated appurtenances to treat water from the East Well, West Well, and Mary's Pond Wellfield. Construction is anticipated to begin in early 2022.

The Mary's Pond Wellfield Pump Station Upgrades project is substantially complete. Minor punch list items remain, and will be complete in the winter of 2022. The Mary's Pond Wellfield will be put online once the Combined Chemical Feed Building project is complete, as the new chemical feed building will treat the water from the Mary's Pond Wellfield.

### **SEWER DIVISION**

**Operations** – In 2021, the Town inspected over 10,000 linear feet of sewers and over 75 manholes as part of annual Inflow and Infiltration (I/I) mitigation efforts. Additionally, based on sewer inspection video, a significant pipeline defect was identified in the Water Street sewer main and a local contractor was hired to make the repair before that roadway was paved in the fall. I/I investigations and repairs will continue to be a priority in 2022.

Division staff maintains the collection system in accordance with our Collection System Operation and Maintenance Plan, a key component of the Capacity, Management, Operation, and Maintenance (CMOM) requirements in our National Pollution Discharge Elimination System (NPDES) Permit which also guides WPCF operation. This May, the renewal application for the NPDES Permit will be submitted.

**Creek Road Pumping Station Grants** – In June, work wrapped up on the FY21 Coastal Zone Management (CZM) Coastal Resilience Grant – *Design of Creek Road Pump Station Resiliency Improvements*. As a result, the Town has bid-ready plans and specifications for a new resilient station to replace the aging, vulnerable, and unsafe existing station. Late in 2021, State Representative Straus secured an earmark of \$425,000 for the Creek Road Pumping Station Reconstruction Project. Town staff worked with the Woods Hole Group to submit a Building Resilient Infrastructure and Communities (BRIC) grant application for this project. In January 2022, the Town was informed that the grant was approved by MEMA and forwarded to FEMA as the next step in the grant review process. The DPW would like to thank Rep. Straus and Representative Keating for their letters of support that were included with the application.

**Front Street Pumping Station Grant Project** – In August, the Town was awarded an FY22 CZM Coastal Resilience Grant for the *Front Street Pump Station Resiliency Improvements and Force Main Evaluation* project. Working with Weston & Sampson, design documents have already been created and put out to bid for the construction of a bypass system that will allow a portable pumping system to temporarily replace this critical pump station in event of a failure. Construction will be completed in 2022. The grant has also allowed for preparation of a preliminary design for future resiliency improvements to the station's structure and will perform analysis of the condition of the force main that carries flow from this station to the WPCF.

**Capital Projects** – The Town awarded the base bid and one alternative for the *2021 Sewer Improvements Project*. Approximately 770 feet of sewer main was installed in Mill Street, taking the place of a sewer main and manholes that were in desperate need of replacement. Improvements to the sewer service at the Community Center will begin in the next few months. Cost-effective opportunities to complete the two remaining bid alternatives are currently being reviewed.

The Town awarded the *Wastewater Treatment Plant and Lagoon Improvements* project to Methuen Construction in October 2019. The early project improvements (instrumentation and control upgrades, UV disinfection expansion, and additional filtration) have been completed. Additionally, all of the solids have now been removed from Lagoon #1, allowing for the installation of a new ventilation and drainage system under the new impermeable liner that is nearly complete. There are still some outstanding items to address and punch list items to complete, but the expectation is that the project will be fully complete by the middle of 2022.

The Town awarded the *Comprehensive Wastewater Management Plan (CWMP) Update* to Weston & Sampson in February 2020. COVID-19 and delays in receiving information regarding regionalization options are just two of the reasons that the project has extended well beyond the original completion date. However, the project is currently on track to be complete in the middle of 2022.

In closing, I would like to thank David Willett for just over 2 years of service as DPW Director until his retirement in April 2021. I would also like to thank the Department of Public Works employees for their hard work and contributions to the operation of our department. Nothing is possible without such a dedicated team.

Respectfully,

Nathaniel Munafo  
Director of Public Works

## **2021 STATISTICS**

### ***WATER***

Total Water Pumped in 2021 (recorded in gallons)	200,934,000
At #1 Pumping Station, North Marion	0
At Mary's Pond Pumping Station, Rochester	0
At Rochester East Wells	0
At Rochester West Wells	0
At Wolf Island, Rochester (MRV)	121,520,000
At North & South Wells, Rochester	79,414,000
Greatest amount of water pumped in one month--July	21,603,000
Smallest amount of water pumped in one month--December	12,504,000
Greatest amount of water pumped in one week--06/08-06/14	5,275,000
Smallest amount of water pumped in one week--12/14-12/20	2,713,000
Greatest amount of water pumped in one day--06/29	952,000
Smallest amount of water pumped in one day--02/09	307,000
Average daily pumping	536,479

### ***SEWER***

Total Sewage Pumped in 2021 (recorded in gallons)	170,254,000
Greatest amount of sewage pumped in one month--September	17,018,000
Smallest amount of sewage pumped in one month--August	10,534,000
Greatest amount of sewage pumped in one week--10/26 - 11/01	4,848,000
Smallest amount of sewage pumped in one week--07/27-08/02	2,176,000
Greatest amount of sewage pumped in one day--09/03	1,083,000
Smallest amount of sewage pumped in one day--08/04	287,000
Average daily pumping	466,449

### ***RECYCLING***

CRT's	84
Air Conditioners	51
Dehumidifiers	22
Refrigerators	21
Freezers	2
Water Cooler	3
Christmas Trees	489
Single Stream (paper & commingles)	545 Tons

**Report of the  
BUILDING COMMISSIONER**

To the Honorable Select Board,

I am pleased to provide the following report on the activities of the Marion Building Department for the year 2021.

Marion's Building Department is responsible for administrating the General Laws of Massachusetts' Building, Electrical, Plumbing and Gas codes, Architectural Access Board regulations, and Town of Marion Zoning Ordinances as they relate to land use, construction, occupancy and demolition of buildings and structures.

The Department's primary goal is to protect the public's life, health, safety and welfare as it relates to construction and occupancy of buildings. We ensure that all construction, reconstruction, alterations, and repairs conform to the requirements of the State Building, Electrical, Plumbing and Gas codes and the Town of Marion Zoning Ordinance and by conducting annual inspections on specified use groups in existing buildings.

The past year was extremely busy construction wise. The department has fully transitioned to online permitting. This has proven to be an invaluable tool and has greatly improved customer service. The system allows the applicant to apply for the appropriate permit 24 hours a day. It also has reduced the need for paper products and also reduced foot traffic up to 80%.

It has been bitter sweet ending of the year as I have resigned as the current Commissioner to take that role in Foxborough. I want to personally thank all the residents in the town for being such great people anyone could ask for and welcoming me in their homes over the years. I want to also thank all the town's staff for years of dedicated service second to none. Special thanks goes to my inspectors and especially Anne Marie Tobia who have been a tremendous asset in my tenure. Without a great staff as them I wouldn't be the Commissioner that could perform their duties as well as I believe I have. You all will be deeply missed.

It was my honor to serve the town and the residents in the capacity of Building Commissioner and wish the town many more productive years in the future.

Respectfully submitted,

Scott C. Shippey

**Report of the  
ZONING BOARD OF APPEALS**

To the Honorable Select Board:

The Zoning Board of Appeals has the responsibility under Chapter 40A of the Massachusetts General Laws to act as the Town’s Special Permit Granting Authority in matters concerning the application or interpretation of the Town’s Zoning By-laws. The Board is comprised of five regular members, plus three alternates, and holds hearings upon request by property owners seeking relief from restrictions regarding the use of their property.

During the year 2021, a total of 15 public hearings were held, ten of which were for special permits, three for a variance, one for both a special permit and a variance, and one was to correct a scrivener’s error on a decision. Of the applications for special permits, all ten were granted. Of the applications for variances, two were granted, and one was continued into 2022, pending the Board’s decision at the time of this submittal. The request for both a special permit and variance was withdrawn.

Respectfully submitted,

Cynthia Callow  
Chairperson

Total hearings in 2021:	15
Special Permits:	10 granted 0 denied 1 withdrawn
Variances:	2 granted 1 pending outcome 1 withdrawn

## **Report of the FACILITIES DIRECTOR**

To the Honorable Board of Selectmen:

I am pleased to submit my ninth report of the Marion Facilities Department for 2021.

Our major project of the year was to design and build out a spacious new interior front entrance and office at the Marion Town House. The previous Assessors office was reduced in size and a new hallway was added to gain access to the new front entrance. Some of the design elements included framing the new hallway wall with transom windows; for natural light, custom moldings to match the originals, insulating walls, restoration of the original wainscoting and flooring, new ADA service window, door, and hardware. We have also been working with the IT Director on a plan to upgrade all communication wiring in the building. This upgrade will be completed in each office as we renovate.

Money was appropriated at Spring Town Meeting to run underground three-phase power and communication to the Town House. The existing service has been maxed out for years, with no room for improvement. The new underground service will allow us to get rid of all the unsightly wires on the Main Street side of the building and will provide plenty of power for future upgrades. A new full service generator has been purchased to run the Town Hall during outages and allow essential staff to work during emergencies. The 80kw generator will arrive this summer and will be installed near the new transformer on the north side of the building.

While excavating for the new underground service, we discovered a brick lined tunnel, which allegedly linked all of Elizabeth Taber's buildings together. The tunnel housed both steam and sewer lines. We created an access at the North side of the Town House, in hopes that this piece of Marion's history does not get lost.

We also received money at Town Meeting to finish installing new windows, siding and trim on the 1890's Annex. The entire building's envelope has been updated to match the original 1876 front section, allowing us to move forward with interior renovations. According to building and fire codes, the Town House has reached a level of "substantial improvements". In order to continue making improvements to the building, we will need to develop a plan to comply with today's Fire and ADA Codes. I am requesting funding at Spring Town Meeting - 2022, for design and bid documents to upgrade all public accessibility issues and fire suppression requirements at the Town House. This important step will allow the Town to continue to make much needed interior improvements for its visitors and workers, without compliance restrictions.

At Spring Town Meeting, in 2020, we received CPC funds to remediate water from the basement of the Town House. This summer, we started cleaning out the 1890's section. We removed unnecessary walls, unused pipes, wires, and anything else that had been abandoned over the last 132 years. We removed a total of (4) thirty-yard dumpsters, of debris, from the annex section. All lighting has been upgraded to LED, the knee walls have been insulated, the old radiators have been replaced with new unit heaters and the existing concrete floor has been cut for trenching for the new drainage system. We are now in the process of removing the concrete and dirt from the trenched areas. We will install the new remediation system by the end of spring. The new concrete

floor will be poured soon after. This will complete the first phase of the waterproofing. The second phase will address the older 1876 section of the basement. That work will commence in the fall of 2022.

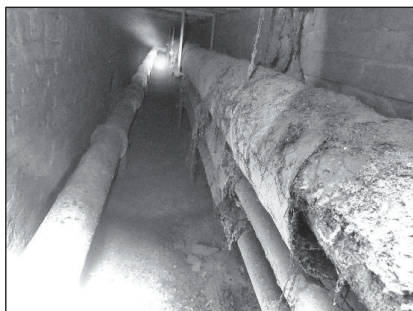

The copper gutters at the Music Hall are original to the building and have been failing for years. They were restored back in the 90's during a major renovation project, and have now reached a point of disrepair. Leaks at the gutter seams were causing damage to the paved walkway, brick walls, and wood trim. We replaced hundreds of damaged brick pavers with new ones, which were donated to the town by Taber Academy. We started replacing copper gutters around the lower sections of the building, and plan on replacing the upper sections this summer. All of the rotted wood trim was replaced as well. We were able to match the original wood mouldings and trim with PVC, which will last for centuries. We assisted ORCTV with the installation of a new camera system. This will allow the Town to hold public meetings at the Music Hall, in a more appropriate setting.

The back hallway and main stack areas of the Elizabeth Taber Library were painted. I plan on painting the office, meeting room, children's room, and back stairway this summer. Both bathrooms, the children's room and main office were renovated, with new lifetime vinyl plank flooring.

The exterior of the Community Center was painted last summer and new clapboard siding was installed on each gable end. I have been working with Upper Cape Cod Regional Technical High School to develop a plan and construct a covered entrance to the parking lot. This work is set to start in the spring.

I would like to thank my Foreman – Dennis Bellefeuille, the Department of Public Works, the Marion Historical Commission for their guidance, and all the generous donators that helped restore the Town House exterior. We appreciate your help!

Respectfully submitted,

## **Report of the BOARD OF HEALTH**

To the Honorable Select Board,

For the second year in a row, Covid-19 dominated the activities of your Board of Health, but we dealt with a number of other public health issues as well. It was a busy year.

Through the first half of 2021, the Chair and Public Health Nurse participated in first weekly and then biweekly Zoom meetings of the town's emergency management team. Through our Health Agent, we monitored and enforced state guidelines to ensure safe practices by local businesses.

When vaccines became available, we joined with our neighboring towns of Mattapoisett, Rochester and Wareham to vaccinate first responders, who were made the first ones eligible to receive the vaccines. With the participation of the Police and Fire Departments and many volunteers from town employees, we conducted drive-through vaccination clinics in January and February, giving both doses to 320 first responders.

As soon as vaccines became available for those over 65, we built on our successful pattern and set up drive-through clinics for our senior population, beginning with our oldest town residents and working down. We were able to vaccinate hundreds of residents, limited only by the supply of vaccines, which were controlled by the state DPH.

Our active case counts rose and fell, mirroring state-wide trends, and we saw over 620 active cases in town through the end of 2021. These all needed contact by our Public Health Nurse or her volunteer assistants. I am proud to live in a town where people made the effort to get vaccinated, and Marion remained at the top of all cities and towns in Massachusetts in the percentage of its residents who were vaccinated. Because of this, despite our demographics with the average age well above the state-wide mean, there were no Covid deaths of town residents.

We worked with the Recreation Department and with the Beverly Yacht Club to set safety standards that allowed resumption of summer water activities.

With the opening of two "body art" establishments in town, and with the state leaving regulation of such businesses to the individual communities, we adopted regulations for safely running such practices and licensed the two new businesses.

As part of our commitment to improving the town's waterways, we implemented regulations to encourage new septic systems to be of the modern nitrogen-reducing style. Dot Brown worked with Lori, Anna and Maureen to form a relationship with Barnstable County to develop a database for recording and monitoring new systems and to get all our records on-line.

We dealt with a long-running problem of a house deemed unfit for human habitation and resolved this successfully. We also were confronted with health issues regarding the dumpster at a multi-

resident building and are in the process of developing regulations to allow us to better enforce standards of good practices.

With the departure of David Flaherty for a full-time position in a neighboring town, we welcomed Anna Wimmer as our new Health Agent. Lori Desmarais, our Public Health Nurse, did a magnificent job juggling her many responsibilities and received a well-deserved appointment as Director of Public Health. Thanks to Board members Dot Brown and John Howard, MD for their active participation. Special thanks also to Maureen Murphy, the Board's Administrative Assistant, who provides the "glue" that holds all our activities together and does all the critical behind-the-scenes work.

Respectfully submitted,

Edward P Hoffer, MD

Chair, Marion Board of Health

One of the Drive-Through Clinics at the Community Center

**Report of the  
PUBLIC HEALTH DIRECTOR**

To the residents of the Town of Marion:

It was a busy first year. I have enjoyed working with the residents of the town and town employees. Everyone has been so welcoming and supportive. I'm looking forward to hopefully putting Covid behind us, moving forward and working on other programs and projects for the town.

Public Health Nursing Services support the health and well-being of the population of the Town of Marion. This is done both by addressing the immediate health needs and by anticipating future needs. These services are offered during clinics, home visits, and individually scheduled appointments. Covid had dominated most of my time in 2021 but I was able to resume some previous services .... Weekly Nurse Clinics at the Community Center, Monthly Sharps Drop-off and home visits.

Disaster / Emergency preparedness and Emergency Dispensing Sites (EDS) are an ongoing concern and was brought to the forefront this year. I would like to thank all the staff who made this possible, the Board of Health, Marion EMS / Fire, Marion Police, COA, Marion Town Hall Employees, DPW and Volunteers. With a lot of hard work, support and teamwork we were able to offer Covid vaccine clinics here in Marion. Medically trained staff (nurses, physicians, EMTs and Paramedics), Staff and volunteers helped with a variety of roles: screening, registration, security, traffic flow, communications, inventory management / storage, data management, event planning. This also included learning the new registration platforms provided by the state (PrepMod then Color) which helped streamline registration, documentation in MIIS (Massachusetts Immunization Information System) and billing. Our efforts started with the Phase 1 Vaccination of First Responders via Drive-thru style clinic then when we were able to begin Phase 2 we prioritized the residents from oldest to youngest starting with residents 85 years of age and older. We were able to administer 1200 doses of the Moderna Covid-19 vaccine (first and second doses) to first responders, health care workers, seniors and home bound residents.

When Covid Booster vaccines were available, we were able to offer clinics to our residents. We had also had some help from the UMass Nursing students with these clinics —365 Covid Vaccines boosters have been administered thus far.

Although the focus this year was on Covid vaccines, flu vaccines remained a priority for the Board of Health. Approximately 650 residents received the flu vaccine so far this season. We were able to offer flu vaccines at multiple clinics and locations (Little Neck Village, Community Center Drive thru, Nurse Clinics, Home Visits, Marion Town House (For Employees), Sippican Elementary, and Tabor Academy.

John Powers, Senior Work Off person was hired again to assist with our weekly summer beach testing. I went to observe the process of how the samples are obtained and safe delivery to the lab. Under Massachusetts Department of Public Health 105 CMR 445.000 regulations, testing for public and semi-public beaches are conducted weekly for bacteriological safety during the swim season (123 test were submitted). The Bathing Beach Water Sample Testing is performed by the New Bedford Health Department Laboratory. The weekly results are posted on our town website and I am happy to report we did not have any beach closures.

Anne Wimmer, our new health agent joined the Marion Board of Health in March. Together we worked on staying up to date on the ever changing Covid regulations and worked with recreation programs and camps to prepare for another summer under the COVID pandemic. We inspected 2 camps and they both had successful programs.

Anna Wimmer has also worked on developing new regulations....Body Art and Dumpster and Waste Hauling. Body Art Regulations were passed with 2-3 salons interested in offering micro blading. She also helped with getting the restaurants caught up on inspections and developed a new way of tracking them to add time limits.

In June of 2020, during the pandemic, the new state tobacco law, "An Act Modernizing Tobacco Control", took effect. During the pandemic, live enforcement had been very limited. In July in preparation to the resuming of inspections, I went out to all the Tobacco Retailers to review the new law and the mandatory fines that are defined by the state for violations. Marion is part of a regional Massachusetts Tobacco Cessation and Prevention program along with New Bedford, Dartmouth, Freetown, Fairhaven, and Rochester. Joseph Carvalho is the tobacco & marijuana program manager and is paid through grant funding.

The Public Health Nurse collaborates with the Massachusetts Department of Public Health (DPH) in several capacities, including mandated surveillance of communicable disease incidents and outbreaks in Marion. Covid being the main focus of resources this year. Through the summer and fall season, we had an increase of mosquito and tick borne diseases such as West Nile Virus (WNV), Eastern Equine Encephalitis (EEE) and tick borne disease. WNV was detected in mosquitoes collected in Marion. Plymouth County Mosquito Control Project maintain their ground spraying activities in the specific areas of concern. Residents are able to call Plymouth County Mosquito Project to request the ground spraying of their property. The tick borne diseases such as Lyme disease, Babesiosis and Anaplasmosis continue to be a concern.

Board of Health was happy to participate in the Health Fair at the Community Center which was sponsored by the Council on Aging (COA). We were able to offer flu vaccines, educational materials on flu and cold prevention kits, Medication Disposal System Kits and medication boxes.

I would also like to thank, Maureen Murphy who is the Administrative Assistant for the Board of Health. Without her support, hard work and organizational skills, we would not have been able to accomplish all we have done this past year.

Respectfully submitted,

Lori Desmarais, RN BSN EMT-B

Public Health Director

## **Report of THE MARION COUNCIL ON AGING**

January 2021 found us in a situation we were not eager to return to. As the spread of Covid accelerated, we were forced to close our doors, so once again, we adjusted our mission and persevered. Programming turned virtual and we created a Grab & Go model for dining that allowed us to stay connected while raising spirits with some savory delights and treats.

As vaccines became available, we worked diligently alongside the Board of Health, Marion Police Department, Marion Fire/EMS and Town Administration in getting Marion seniors vaccinated. With the change of seasons, some unseasonable pleasant weather and some cautious optimism allowed us to slowly resume some in-person programming. Originally erected for use in drive thru clinics for administering vaccinations, we use the large, heated tent at the Community Center as our venue for programming.

Our Welcome Back event of a Spring Tea Party proved so popular that we had to host two seatings...everyone could not have been happier to be together once again.

As vaccination rates and confidence increased, so did foot traffic at the Community Center. Throughout the Summer we enjoyed reconnecting with friends and making up for time apart. It was the perfect time to unveil our new, meandering 1/8- mile walking path on the front grounds of the property.

As summer waned into fall, we were excited to partner with the Friends of the Marion Council on Aging in support of its efforts to raise funds for construction of a covered pavilion, positioned within the walking path. Three events; An Evening on Sippican Harbor, the 2<sup>nd</sup> annual yard sale, and Festival of Trees, were all successful components of the fundraising effort. This multi-purpose pavilion will provide an outdoor venue for a wide range of both Council on Aging and Community activities.

Throughout a year of challenges and uncertainties, we were committed to keeping a sense of normalcy in everyone's lives. Whether it was through musical performances, hosting art and historical lectures, expanding exercise classes, walking path challenges, a health fair, Memory Café and destination trips - our mission has remained the same. Our mission is to advocate on behalf of Marion's Older Adult population. We seek and support education, recreational, fitness and cultural programs and other activities. We encourage social interaction with our community. We strive to provide our constituency an enhanced quality of life.

In keeping with our mission, the Marion Council on Aging and Friends of Marion Council on Aging worked throughout 2021 on crafting an Action Plan for Age-Friendly Marion. This plan works to uphold the designation received from the World Health Organization and AARP as an Age-Friendly Community. This initiative will make Marion an ever more livable community for all ages.

As we cast our gaze to the future, the Community Center will continue to expand its potential for residents of all ages. January will see the unveiling of a Food Pantry for the benefit of the citizens of Marion and by summertime the pavilion should be in place.

Thank you to our corps of volunteers who help us accomplish all that we do and thank you for the steadfast support that we receive from the citizens of Marion.

Karen Gregory, Director

Mike Poznysz, Assistant to Director/Transportation Coordinator

Linda Jackvony, Program Coordinator

Gloria Solano, Outreach Coordinator

**Report of the  
MARION AFFORDABLE HOUSING TRUST**

To the Honorable Select Board:

The mission of the Marion Affordable Housing Trust is the creation and preservation of housing in Marion for the benefit of low- and moderate-income households. In achieving our mission, we seek:

1. To promote a variety of affordable housing options for those with modest income, including young adults, families, long-time residents, the elderly, downsizers, returning Marion natives and municipal employees.
2. To preserve the natural, historic and seaside character of our Town and to nurture our sense of a diverse, yet integrated community.

Activities for the Trust in 2021 included:

1. The Trust continues to actively search for potential properties suitable for affordable housing development for families, municipal housing, seniors and veterans.
2. The Trust continues to work with a consultant procured with Community Preservation Funds on sites for affordable senior housing and family housing.
3. The Trust applied for and received Community Preservation Committee funding to update the Housing Production Plan with the help of the Southeastern Regional Planning & Economic Development District.
4. The Marion Affordable Housing Trust continues to look at the possibilities of zoning and mixed- use development to promote affordable housing.
5. The Trust continues to cooperate with the Planning Board on matters of Zoning and for possible amendments to the Zoning Bylaws that will encourage affordable housing in appropriate areas of the Town.

We wish to express our appreciation to Town Administrator Jay McGrail and Town Counsel Jon Witten.

Respectfully submitted,

Teresa Santos, Chairman  
Casey Cole Vieira, Vice-Chairman  
Cynthia J. Thomas, Clerk

## **Report of TRI-TOWN VETERANS SERVICES OFFICE**

The Tri-Town Veterans Services Office serves the Towns of Rochester, Mattapoisett and Marion. It is located at the Mattapoisett Town Hall at 16 Main Street, Mattapoisett, MA. The Office is open Tuesday, Wednesday and Thursday, from 8 A.M. to 4 P.M. The telephone number is (508) 758-4100, Ext. 7. The Veterans Service Office assists Veterans and their families as defined by Chapter 115 Massachusetts General Laws. Chapter 115 is a needs-based program available to Veterans and Widows/Widowers who meet Department of Veterans Services (DVS) income limits. Our office continues to serve Veterans and their families on an individual basis to see that they receive assistance when needed. In many cases, we partner with multiple organizations to ensure the need is met.

In May, long-time Veterans Services Officer Barry Denham retired. Christopher Gerrior, a Navy Veteran and resident of Rochester was hired.

2021 also marked the 2nd year of Covid-19 pandemic-related challenges. This office continued to utilize the post office and phone more than in previous years to conduct business that was traditionally conducted in person at the Town Hall. Weekly meetings with MA Department of Veterans Services leadership as well as other VSOs were conducted via video chat.

In 2021 the office processed numerous claims for federal benefits, including VA pensions, VA Compensation, Requests for proof of military service (DD-214), VA Aid and Attendance, annuity claims, and arranging honor guards for funerals. In October, new statewide software was brought online, and the Administrative Assistant attended trainings for Massachusetts Chapter 115 benefits and Federal VA benefits.

Other notable accomplishments of the office include matching a donated Great Dane service dog to a local Veteran and delivering Thanksgiving meals to local Veterans.

In cooperation with the Florence Eastman American Legion Post 280, our office arranged and participated in the ceremonies for Memorial Day and Veterans Day.

If you are a Veteran, a Veteran's widow or widower or know of one who may be in need of financial or medical assistance please have them reach out to the office to see if they qualify for assistance.

Sincerely,

Christopher Gerrior, Veterans Agent  
Jo-Ann O'Malley, Administrative Assistant  
Veterans Services Office  
Towns of Mattapoisett, Rochester, and Marion

## **Report of the POLICE DEPARTMENT**

To the Honorable Select Board:

I am pleased to offer this report on some of the activities of the Marion Police Department for 2021.

There were some significant personnel changes in the department during the year. I officially took over the department on January 2, 2021, and was honored to be selected as the 11<sup>th</sup> Chief of Police in the history of the town. After 38 dedicated years of service, Sergeant Marshall Sadeck announced his retirement. We thank Sergeant Sadeck for his commitment to the department and wish him well in retirement. Sergeant Jeffrey Habicht was promoted to Lieutenant. Officers Savery, Day, and Crosby were promoted to the rank of Sergeant. Officers Dawson, Jacob, and Robbins were hired to fill vacancies.

In addition to these positive personnel changes, our department was assessed by the Massachusetts Police Accreditation Commission. The assessment examines department policies, procedures and the physical facility to determine compliance with standards adopted by the Commission. The Accreditation Commission deemed the department to be in compliance and the Accreditation Award was presented on March 31, 2021. This award is good for 3 years and the department will be re-assessed in 2024. There are 357 police departments in Massachusetts; 239 police departments were involved in some level of the accreditation process at the time of the award; and there are only 98 accredited departments in Massachusetts.

Another significant event that has long-lasting consequences for our department occurred over this past year. Governor Charlie Baker signed “An Act Relative to Justice, Equity and Accountability in Law Enforcement in the Commonwealth.” This 129-page document establishes a Peace Officers Standards and Training (POST) Commission to certify police officers statewide, tasks the Massachusetts Police training committee with additional training for officers (specifically part-time police officers) and requires departments to have specific language in their policy and procedures, in addition to a multitude of other requirements.

Despite the ongoing challenges of the Covid-19 pandemic, our Officers found ways to continue to be engaged in the community, participating in the Trunk or Treat event and hosting our annual toy drive for families in need. Our officers are constantly striving to be a positive presence in the community.

The department remains actively involved with Plymouth County Outreach. Plymouth County Outreach was formed in December 2016 and is comprised of all the police departments in Plymouth County. When an individual experiences an overdose, responding officers are equipped with Narcan to reverse the overdose if necessary. Within 24-48 hours after the overdose, a plain clothes officer and an outreach counselor will

attempt to visit the individual who overdosed. The purpose of the visit is to offer information and access to treatment services.

Over the past few years, we have seen our calls for mental health rise, and the need for mental health services is stronger than ever. I sit on the executive board of The Hub, which was formed to assist people with mental illness. Plymouth County HUB's goal is to use the collaborative efforts between law enforcement, regional medical facilities, treatment providers, and other local resources to identify those individuals and families who are at “acutely elevated risk” for harm and develop a strategic intervention to connect the individual or family with the appropriate services before this harm occurs.

I would like to thank the other town departments for all their assistance and support throughout the past year. Finally, I wish to offer my gratitude to all the members, sworn and civilian, of the Marion Police Department. Our department continues to face any challenge with integrity and professionalism. I would like to thank all of them for their dedication to keeping Marion a safe place to live.

Respectfully submitted,

Richard B. Nighelli  
Chief of Police

**Report of the  
ANIMAL CONTROL OFFICER**

To The Honorable Select Board,

This year Animal Control responded to 331 animal calls and an additional 93 calls for service. The calls for service consists of public health issues related to quarantine and disease control, and enforcement of state and local law.

Our wildlife related calls continue to increase. We encourage all residents to please check the laws regarding the handling of wildlife before you attempt any such action. Failure to do so could be unlawful or inhumane to the animal. I encourage residents to contact me through the Police Department should you have any questions.

The US Department of Agriculture (U.S.D.A.) continues the rabies baiting program of which Marion is a part of. As the date for distribution approaches we provide information to the community regarding concerns such as what to do should your pet ingest a bait packet, what the bait looks like, and where it is being distributed.

This year we were excited to work with a member of the New England Coastal Wildlife Alliance(N.E.C.W.A.), specifically the Southcoast Terrapin Project, to help identify nesting areas, educate the public, and to appreciate the marine wildlife that inhabits our coastal community.

Animal Control has been providing “Pet Pickups” in popular dog walking areas in Marion for many years. This year we exhausted our supply about halfway thru the year. We will try to encourage the proper pick-up and disposal of dog waste by providing compostable bags to residents but should the supply run out the pet owner is still responsible for proper pick-up and disposal. Please be aware that regular plastic bags do NOT compost and DO impact our environment.

The town clerk has been working hard to modernize our licensing system, this will make it easier for owners to license their dogs. Keeping your pet’s license up to date and properly displayed will greatly assist with getting your pet home safely and faster should it go missing.

Lastly the Southcoast Humane Society and Shelter and Buzzards Bay Veterinary Hospital both helped to ensure that “Pixie”, a dog rescued from a cruelty investigation, received excellent care and was fully rehabilitated. We are happy to report she is living her best life! This was all helped by the kind people throughout our community who donated to “Pixie” through the P.A.U.S. Fund.

Respectfully submitted,

Susan Connor  
Animal Control Officer

## **Report of the EMERGENCY MANAGEMENT AGENCY**

To the Honorable Select Board:

I am pleased to offer this report on some of the activities of the Marion Emergency Management Agency for 2021

The pandemic continued to dominate storylines this year. Prior to the availability of vaccinations, our team was in the planning phase of how to safely and effectively provide vaccines while reducing the risk of exposure to the virus. We utilized a drive-through approach at the Community Center, which generated positive comments by the Office of Preparedness and Emergency Management (OPEM). We made available Covid vaccines for all first responders in Marion, Mattapoisett, Rochester, and Wareham. Also, we continued to provide vaccines for our residents as the state made groups eligible, including our most vulnerable population.

Due to a storm in October and the high percentage of residents that lost power, we went operational on a warming shelter. Additionally in October, we had a boil water order in effect. Our team set up a point of distribution for bottled water and delivered water to our home bound residents.

A program that our committee is extremely proud of is our newly formed Community Emergency Response Team (CERT). CERT, a nationwide volunteer program, educates individuals about disaster preparedness, specifically regarding hazards that may impact their area, and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization and disaster medical operations. CERT volunteers can assist others in their community following a disaster when professional responders are not immediately available to help. These volunteers are trained to assist and augment the Marion Police and Fire Departments for the following events: emergencies (severe weather); the opening of a shelter or warming site; pandemic and other public health-related emergencies; and town events like Town Meeting, town elections, parades and fireworks.

CERT is an excellent opportunity for anyone interested in serving their community. Members of the team will gain valuable skills and knowledge in areas of emergency planning and disaster response that will allow them to help their neighbors in times of need.

If anyone is interested in joining Marion CERT, please contact myself [rnighelli@marionma.gov](mailto:rnighelli@marionma.gov) or Chief Jackvony at [bjackvony@marionma.gov](mailto:bjackvony@marionma.gov) or 508-748-3596.

In the event that we have to get important information out to our community I strongly recommend that our residents sign up for the following notification systems:

E-Alerts (<https://www.marionma.gov/subscribe>)  
CodeRed (<https://www.pcsdma.org/codered.html>)  
Follow town Facebook pages (Police, Fire, etc.)

I would like to thank all the town departments for their assistance throughout the past year,  
and their continued support in keeping Marion well prepared.

Respectfully submitted,

Richard B. Nighelli  
Chief of Police  
Emergency Management Director

Photos courtesy of Marion Police

**Report of the  
PARKING CLERK**

To the Honorable Select Board:

This has been the thirty ninth year the Town has been involved with the Plymouth County Parking Enforcement Program. The Town pays \$1.50 per ticket to this Program, which then pursues parking violators until fines are paid.

Violators should be warned that this pursuit becomes most annoying when automobile license and registration renewals are blocked until such fines are paid. Fines may be paid online at [www.plymouthcountyparking.com](http://www.plymouthcountyparking.com).

This year, \$3,235.00 was collected in fines, \$2899.04 of which were returned to the Town.

Respectfully submitted,

Randy L. Parker  
Parking Clerk

## **Report of MARION FIRE/EMS**

We respectfully submit our 2021 Annual Report for Marion Fire/EMS.

As we navigate our way through the second year of the Covid-19 pandemic our focus shifted to assisting the Board of Health with the administration of vaccines. One of the first priorities was to get essential workers vaccinated. Our firefighters and EMT's have been on the frontline since the outbreak of the pandemic. We quickly realized that an outbreak of Covid-19 within our department could severely disrupt our operational readiness and hamper the delivery of rapid, quality fire and medical services. Along with our local and regional partners we embraced the opportunity to deliver two rounds of vaccines for first responders from the Tri-town and Wareham. It was the first time during the course of the pandemic that we felt we were finally on offense and could begin to make a difference. Once the vaccines were available for the general population, we again participated in getting our most vulnerable population vaccinated including the homebound. Our Paramedics and EMT's were instrumental in completing this task. The spirit of cooperation between town departments proved to be the key to our success and we are proud to continue to be part of this effort.

As happens almost every year, we have once again experienced a change in personnel. The following staff members have resigned: Paramedic Blake Wilson (5 yrs.), Paramedic James Baptiste (1 yr.), Jared English (1 yr.), Firefighter Jason Denham (12 yrs.), Recruit Firefighter Mirian Nawoichik (3 yrs.)

New members include: Paramedics - Bradford Allen, Peter Lapan, Andrew McAlarney and Michael Mentzer; EMT's - Jack Mills, William Simpson and Jacob Tura; Recruit Firefighters - Benjamin Alden, Elijah Arne, Elizabeth Brouillette, Taylor Frazier, Sergio Gonzalez, Jacob Ouellette, Seth Tomasik and Administrative Assistant Emily Philbin

We expect to have seven recruit firefighters enrolled in the 2022 MA Fire Academy Call/Vol Fire Academy.

The following members achieved certification in these areas: Michael DaFonseca EMT Basic, Patrick Owen Firefighter Level I/II, Steven Rodriguez EMT Advanced, Luke Still Firefighter Level I/II.

Our new tanker truck arrived in early 2021. This truck was designed to protect areas in our community where there are deficiencies in securing adequate fire flows to safely extinguish structure and other types of fires. 95% of the cost of the truck was paid for through a FEMA Assistance to Firefighter Grant Program. Our members have been trained on the use of the truck and we feel confident that we are providing a higher level of protection to the community with the addition of this apparatus.

For many years all inspections were scheduled by our Administrative Assistant Cindy Visotski. Cindy worked from the Town House in the Assessor's Office. We have now transitioned these services to the fire station located at 50 Spring Street. We want to extend our sincerest appreciation to Cindy for her many years of dedicated service. We also want to welcome aboard Emily Philbin our new Administrative Assistant.

Office hours for scheduling of inspections will be Monday from 9am-3pm, Wednesday 9am – 430pm and Friday 9am – 3pm.

As always, we will continue to pursue as many grant opportunities as possible to expand our programs and minimize the costs to taxpayers. We are now offering free reflective street signs to older adults in the community. This program is funded through a Senior Safe Grant.

### Call Activity:

We responded to a total of 1423 **emergency calls in 2021. This represents a 21% increase from the previous year.** The busiest day of the week is Wednesday. The busiest time of day is between 11 am and 12 pm. We provided Mutual Aid to other communities 140 times and received Mutual Aid 28 times. Medical responses by reasons include falls, motor vehicle crashes and difficulty breathing as the most common occurrence.

Major Incident Types:

Series	Heading	Call Volume
100	Fire	29
200	Overpressure Rupture Explosion, Overheat (No Fire)	1
300	Rescue and Emergency Medical Service (EMS)	931
400	Hazardous Condition (No Fire)	85
500	Service Call	91
600	Good Intent Call	86
700	False Alarm and False Call	198
800	Severe Weather and Natural Disaster	2
	Total call Volume	1423

### Permits & Inspections:

Fire & Life Safety	108	Smoke & CO Detectors	135
Fire Detection Systems	4	Fire Suppression System	9
Marine Fueling	2	Oil Burner / Tanks	36
Cargo/Transfer Tan	10	Tank Removals	5
Unvented Gas Heaters	2	Explosive Storage	2
LP Storage	65	Fireworks Permits	1
Tents	62	Open Air Burning	242

In closing, we wish to extend our sincere thanks to Administrative Assistant Cindy Visotski, Marion Police, the various Town Boards, Committees and Departments, the Honorable members of the Select Board and Jay McGrail, Town Administrator, for their cooperation and support. We are proud to represent Marion Fire/EMS and look to continue the excellent level of service provided to Marion residents and those that pass through our community by the dedicated men and women of this department.

Respectfully submitted,

Brian Jackvony, Chief  
Allen Denham, Assistant Chief

## **Report of the RECREATION DEPARTMENT**

To the Honorable Select Board:

It is with great pleasure that I present the 2021 annual report of the Recreation Department. The winter of 2021 was a challenge, to say the least. The Learn to Play Basketball, Tri-town basketball league, and public skating program, all historically popular programs, had to be put on hold as the entire country had to deal with the effects of Covid19.

During the spring of 2021, as the outlook on the pandemic improved, we were able to run our spring competitive soccer program. We featured four different teams who enjoyed success from March to the end of June.

In the summertime, we were able to successfully run a full summer program albeit with a few restrictions. The Silvershell Summer Program ran for seven weeks and children were once again able to experience the camaraderie and fun that summer brings. Children in this program attend weekly field trips and even made time for a special visit to the fire station in town. Our summer offerings also included Tennis, offered behind Sippican School. We offered six weeks of small group tennis instruction to a diverse population of new and old Tennis players. In addition to Tennis, we were able to coordinate efforts with a professional golf instructor at the Reservation Club in Mattapoisett. This program ran for two weeks and featured over 30 different children having an opportunity to be exposed to golf, some for the first time! Our final summer endeavor was the creation of a youth lacrosse program. This program ran for six weeks starting in early July and ending in mid-August. We hope to continue to expand our program offerings both in size and opportunity

Silvershell Beach had another busy season. On behalf of the Recreation Department, a special thanks go out to the lifeguards and the beach staff for continuing excellence and keeping the beach both clean and safe.

In the fall we once again ran our full Recreation Soccer program. This program ran for eight weeks and sessions were held at the Dexter Field Complex in Rochester. Participation in this program was so strong that we are in the planning stages of adding four additional teams to our Spring 2022 competitive season. It is our hope to continue building on this program's strong foundation.

In closing, I would like to thank the many town departments and dedicated employees that provided assistance and guidance during this challenging past year. Without the help of the entire community, many of these programs would not be possible.

Respectfully Submitted,

Scott Tavares

Director of Recreation

## **Report of the HARBORMASTER**

To the Honorable Select Board:

I would like to thank the Select Board and the Residents of Town of Marion for the opportunity to serve as your Harbormaster. I am pleased to submit this report on the state of Marion's waterways and our activities over the past year.

2021 afforded the Department with the opportunity to catch up on projects that were put on hold due to issues and delays resulting from Covid-19. Reconstruction of the Island Wharf pump shed and replacement of the two transient tie up floats was completed in house and were up and running for the start of the 2021 boating season. As with last year, Covid restrictions resulted in another very busy boating season as people sought ways to get out and still maintain "social distancing". The Department saw increased use of the waterways throughout the spring, summer and into the fall. While we still conducted vessel checks for serious infractions a lot of the Department's interaction with the public were limited due to Covid. For the second year in a row State sponsored Boating Safety Classes were not allowed to be held. Due to the concern of increased hazards associated with untreated wastewater last year's new pump-out program procedures were continued throughout 2021 to keep Department Staff safe while still offering the free service.

2021 saw a change of staff as our administrative assistant Donna Hemphill took a position with the Town Administrator's Office. Donna was the driving force behind many of the Departments successes. Everything from the creation of a new mooring database to streamlining the invoicing process all benefited from having her aboard. We thank her for everything she's helped us accomplish and look forward to working with her in her new role. Lisa MacLean was chosen to fill the position and has already gotten off to a great start.

Thank you the members of the Marine Resources Commission for their support and guidance and all the Town Departments that provide valuable assistance throughout the year, this help is greatly appreciated.

### **2021 Call Activity**

Waterways Emergencies	44
Waterways Violations	12
General Service	1046
Permits Issues	1806

Respectfully submitted,  
Isaac W. Perry, Harbormaster

## MARINE RESOURCES REVENUE / EXPENSES FY-21

### FY-21 Receipts

Mooring / Per Foot fees	\$279,975.50
Boat Excise (50% Waterways)	\$37,538.07
<b>Subtotal Waterways Account</b>	<b>\$317,513.57</b>
Boat Excise (50% General Fund)	\$37,538.07
Non Resident Parking	\$30,100.00
Dinghy/ Kayak Racks	\$7,030.00
Boat Berths	\$42,640.00
Citations	\$100.00
Personal Floats	\$20,150.00
Misc Receipts	\$12,169.48
Shellfish Permits	\$10,877.50
<b>Subtotal General Fund</b>	<b>\$160,605.05</b>
<b>Total Revenues</b>	<b>\$478,118.62</b>

### FY-21 Expenses

Salaries / Wages	\$	214,323.00
Expenses	\$	47,300.00
Indirect Costs*	\$	206,190.33
*Benefits, Shared Employees, Legal, Insurance, ect.		
<b>Total Expenses</b>	<b>\$</b>	<b>467,813.33</b>

## **Report of the SHELLFISH OFFICER**

To the Honorable Select Board:

I would like to thank the Select Board and the Town of Marion for the opportunity to serve as your Shellfish Officer. I am pleased to submit the following report on the state of Marion's shellfish resources and my activities over the past year.

2021 we had a decrease in sales for recreational Shellfishing permits. We sold 365 permits down from the previous year's 393 permits. This year's propagation consisted of planting over 100,000 Soft Shell Clam seed planted along Meadow Island. This year we sold 8 commercial shellfishing permits which is consistent with past years.

This year we spent several months working with the Marine Resource Committee (MRC) and the Select Board to revise the Aquaculture Regulations. Several MRC meetings were heavily attended by local commercial permit holders and interested residents alike all to add input on revising the regulations. This led to several revisions before a final draft was submitted to the Board. These new regulations were ultimately adopted by the Select Board on November 2, 2021.

Division of Marine Fisheries has changed the Shellfish BB32.01 area. This area's closure line had previously run from Blacks Point to Allen's Point, the line now runs from Blacks Point to 28 West Drive. The result of this change is the eastern shore of the Inner Harbor, from 28 West Drive south to Allen's Point will now be closed during the summer months. These updated growing area maps are available to be viewed on the Town of Marion's website under the Harbormaster's page.

I would like to thank the Members of the Marine Resources Commission for their support and guidance as well as all the Town Departments that provide valuable assistance throughout the year, this help is greatly appreciated. If anyone has any comments or suggestions, feel free to call or stop by the office.

Respectfully submitted,

Adam C. Murphy  
Shellfish Officer

## **Report of the MARINE RESOURCES COMMISSION**

To the Honorable Select Board:

The Marine Resources Commission (MRC) is pleased to submit the following report of our activities during the year. Regardless of the limitations and on-going restrictions presented by the pandemic and the loss of the support facility at Atlantis Drive, the Marine Department once again conducted themselves in a commendable and professional manner while managing the Town's mooring fields and shore-side facilities, as well as supporting local boaters on the water. The MRC also wishes to thank Donna Hemphill, the Marine Department's former Administrative Assistant, for her exceptional work in support of the Marine Department and her service to boaters seeking permits, licenses, and information. We look forward to working with her in her new role in the Town Administrator's office.

Issues and activities that were addressed this year:

- Assisted with the drafting of revised aquaculture regulations, which were approved by the Select Board
- Assisted with the review and drafting of revised Commercial mooring regulations for approval by the Select Board
- Co-hosted open house events for the design process for a new harbormaster building
- Assisted with budget and capital planning
- Continued review of the waterway regulations
- Supported the Shellfish Officer regarding propagation and harvest

As with other Town boards, our regular meetings transitioned from face-to-face to Zoom to face-to-face, and back to Zoom over the year. Our thanks to Gil Hilario and Lisa MacLean for their work to facilitate these efforts. The MRC continued to work on important issues over the course of the year and handled them professionally in every respect. I wish to thank the members for their hard work and dedication to our harbor and its resources.

In closing, we extend our thanks to the Select Board, Jay McGrail, Judy Mooney, and the Town House staff for their guidance and assistance throughout the year.

Respectfully submitted,

Vin Malkoski, Chair  
Carleton Burr, Jr, Vice Chair  
Peter Borsari  
Scott Cowell  
Joe Guard  
Gregory Houdelette  
Eivind Strand  
Emily Chandler, Alternate

## **Report of CELEBRATIONS**

To the Honorable Select Board:

After canceling or scaling back most town celebrations in 2020 we are pleased that we were able to hold our events in 2021.

On Saturday, May 29, 2021, a group of volunteers including the Boy Scouts, Girl Scouts, members of Marion Fire Department and Department of Public Works planted geraniums at all of our veteran's graves at all of the Marion cemeteries. The Department of Public Works also placed American flags at each of the veteran's graves.

The Department of Public Works prepared the Old Landing Veterans Park ahead of the Memorial Day Remembrances as well as placed wreaths at the Music Hall and on the overpasses in town. The Memorial Day Remembrances were held on Monday, May 31, 2021 at the Old Landing Veterans Memorial on Front Street. Major Andrew Bonney of the Massachusetts Air National Guard was our Master of Ceremonies for the event. Our Guest Speaker was Dr. Steve Pierce, Assistant to the Dean for Technology and Innovation in the College of Distance Education at the U. S. Naval War College in Newport, Rhode Island. Hannah Moore's Sippican School Band performed a few selections as did the Portuguese American Band. The Department of Public Works prepared the Old Landing Veterans Park ahead of the event as well as placed wreaths at the Music Hall and on the overpasses in town.

The Annual Independence Day Parade returned on Monday, July 5, 2021. The weather was perfect. Many local businesses and organizations entered floats or marched. Local Fire Departments participated. Horses returned to the parade for the first time in many years. A special thank you to Bobby Alves and Demi Barros for continuing to help coordinate the parade. Thank you to our judges Patricia McKim and Helen Hills. Also, thank you to Jeff Hemphill for helping line up the parade each year. It was wonderful to see the community come together once again to celebrate Independence Day.

The Veterans Day Ceremony was held on Thursday, November 11, 2021 at Old Landing Veterans Park. Our Master of Ceremonies was Select Board Chair Norman Hills. Rev. Eric E. Fialho, Rector of Saint Gabriel's Episcopal Church gave the invocation and benediction. Town Administrator Jay McGrail gave a few remarks and our Guest Speaker was Professor James R. Holmes, Ph.D. of the U.S. Naval War College in Newport, Rhode Island. The Sippican School Band led by Mrs. Hannah Moore performed selections of patriotic music. Many of our local veterans were in attendance. We thank them for their service and sacrifice.

This year we enhanced the lighting for the holidays at Bicentennial Park. Thank you to the Department of Public Works for installing all of the new lighting and for installing the holiday decorations.

I would like to thank Town Administrator Jay McGrail, the Select Board: Norman Hills – Chair, John Waterman and Randy Parker for their support. Also, thank you to Major Andrew Bonney, Hannah Moore and her students as well as Jody Dickerson and his staff at the Department of Public Works for their tireless efforts. Thank you to Sunnynook Farm and Stephen Gonsalves for donating time and materials to prepare Old Landing for the ceremonies. We would also like to thank ORCTV for creating the videos and broadcasting the ceremonies. Thank you to all of the volunteers that make these events happen.

Respectfully submitted on behalf of the Committees,

Donna Hemphill

Memorial Day 2021, Photos by Town of Marion

## Report of the MARION ENERGY MANAGEMENT COMMITTEE

Our committee continues each year with its principal mission to search for ways to reduce Marion's municipal energy consumption, encourage its use of renewable sources of power, and improving financial performance while serving as an environmental leader. As the urgency to address the climate crisis increases around the world, we strive to act responsively by leading the town away from its use of fossil fuels and encourage new construction to be Net Zero, i.e., on average producing as much energy as it uses. Meetings this past year have only been Zoom meetings.

**Membership:** Alex Roy and Rob Fisher resigned from the Committee. The Committee is indebted to the considerable time and effort given by Town Planner Gil Hilario, sorely missed since leaving the Town.

**Committee Activities** have included the following:

- **Benson Brook Solar Array:** Our continuing efforts for a solar array to be placed on the Town's capped landfill await a connection response from Eversource to the proponent in the new year.
- **Mass Energy Insight Program:** There are indications that perhaps the Sippican School automated system for introduction of fresh air has been overridden to maximize fresh air and reduce the spread of Covid-19.
- **Massachusetts Green Communities Program:** The annual report was submitted in November using SRPEDD assistance. The Committee continues to seek grants for projects to reduce municipal energy consumption. The goal for the Town's Green Community commitment is to reach 20% reduction over the next 12 months. The Town has seen a reduction in municipal energy consumption of 18.3% since the 2017 base year by using more energy-efficient systems and improving insulation. It is unclear how much Covid issues have influenced power usage.
- **Electric Vehicle Charging Stations:** The Committee recommended that the existing stations at the Harbormaster's office be relocated to adjacent to the disabled spaces opposite the Music Hall.
- **Municipal Vehicles:** Energy-efficient Electric (EV) and hybrid vehicles on the Massachusetts approved list continue to be recommended for high-mileage municipal vehicles and, in particular, that future police cruisers be hybrid vehicles. Vehicles recommended include trucks. The leased PHEV Mitsubishi Outlander vehicles were recommended to be retained due to their low mileage and enthusiastic reception from drivers.
- **New Buildings:** The Committee recommends that new municipal buildings strive to meet Net Zero standards, and that the town as a whole avoids the use of fossil fuels in all new construction (excluding emergency generators). State funding may be available to defray added costs. *"Basically, when you build or renovate, make it electric!"*
- **Photovoltaics on Town Property:** The Committee expects increased municipal electric power demand to occur, due to new buildings, changes at the Town House, and conversions from fossil fuels; the Committee is monitoring municipal electric use for opportunities to add photovoltaic systems to reduce electricity demand that exceeds power provided by Future Generation Wind. Suggested locations include on the roofs of new buildings and parking area solar canopies (behind the meter) at Sippican School, the Police Station, and the Community Center.
- **Future Generation Wind:** The Town has a contract with Future Generation Wind in Plymouth to use a fixed proportion of their actual generated power for municipal use. That contract continues to produce actual annual rebates of about \$90,000 to Marion's municipal electrical costs, power that is derived from four wind turbines adjacent to Rt. 25 in Plymouth.

### **Committee Future Plans:**

- Investigate potential energy savings at the Wastewater Treatment Plant.
- Introduce heat-recovery ventilation systems to increase the flow of fresh air in municipal buildings.
- After Marion's Multi-Hazard Mitigation Plan is approved, the Committee wishes with approval from the Selectboard to expand into climate change issues (memo to Selectmen 27 May 2021 refers) and rename itself "Energy and Climate Resilience Committee". Actions will be to support the Selectboard with recommendations to save money, property and lives, including:
  - Identify anticipated or future climate change related matters or events and recommend actions to minimize damage and disruption.
  - Help the community to be aware that the Police Chief and Fire Chief are responsible for planning and management during times of disaster and other serious emergencies.
- Community Education: Energy saving and carbon footprint reduction.
  - Encourage townspeople to weatherize, electrify to reduce the use of fossil fuels<sup>1</sup>, and to adopt solar arrays to reduce or eliminate their monthly electric bills.
  - Identify tips for energy savings for publication in local newspapers.

The Committee is always on the lookout for new members who are passionate about the risks posed by climate change, rising energy costs, and environmental deterioration. Anyone is welcome to attend our meetings.

Respectively submitted,

L. Christian Ingerslev, Chair  
Alanna Nelson, vice-Chair  
Thomas E. Friedman, Clerk  
Eileen J. Marum  
William G. Saltonstall, Jr  
Jennifer A. Francis, Associate Member

---

<sup>1</sup> The State has committed to a 50-percent reduction in emissions by 2030 from the 1990 baseline that was established. Marion must do its part. A good start is to electrify and weatherize homes (Arcadia Center presentation May 24, 2021 "Race to Zero Emissions" by LWV).

## **Report of the CONSERVATION COMMISSION**

To the Honorable Select Board:

Sandy beaches. Sensitive salt marshes. Coastal embayments. Freshwater wetlands. Rivers and streams. Marion has some of the most beautiful natural environments in Massachusetts. The Conservation Commission, a volunteer board consisting of 5 voting members and 2 associate members, spends hundreds of hours each year working to protect these significant natural resources that make Marion so special.

Despite the challenges posed by the coronavirus pandemic, the Conservation Commission conducted numerous public hearings during its 24 meetings, all of which were held via videoconference, with ORCTV livestreaming the meetings allowing those without videoconference capabilities to view and participate in our meetings. During these meetings, the Commission reviewed Notices of Intent, Requests for Determination of Applicability, Requests for Certificates of Compliance and Requests for Extension Permits, received comments from applicants and their representatives, as well as members of the community, and issued its decisions. In addition to conducting public hearings, the Commission inspected 88 sites on Saturday mornings.

In 2021, the Conservation Commission issued the following:

- 43 Orders of Conditions
- 2 Amended Orders of Conditions
- 9 Extension Permits for Existing Orders of Conditions
- 36 Determinations of Applicability
- 14 Certificates of Compliance
- 2 Orders of Resource Area Delineation

In 2021, the Commission received permit applications that required multiple hearings by the Commission, such as a residential pier project in Wing's Cove and a complex coastal wetland/woodland land management project off Converse Road. The Commission thanks members of the general public for their comments and input during these hearings.

While the principal role of the Conservation Commission is the administration and enforcement of the Massachusetts Wetlands Protection Act, M.G.L. c. 131, Section 40, and its associated regulations, the Commission is also charged with the oversight of 9 town-owned properties and is the grantee of 6 Conservation Restrictions, and each year the Commission performs inspections of a number of these sites.

In 2021, the Commission saw several significant changes to its membership and support staff. Most notably, Marion hired its first professional Conservation Agent in many years when Doug Guey-Lee came on board in October as the Town's new Conservation Agent/Planner. As Conservation Agent, Doug provides the Commission with his expertise and guidance in wetlands delineations and permit drafting. Prior to the hiring of Doug as Conservation Agent/Planner, the Commission retained the services of Bob Gray, P.W.S., as an outside consultant to provide

technical assistance in the review of a complex permitting project, and we extend our sincere thanks to Bob for his excellent guidance. In September, Terri Santos assumed the role of Administrative Assistant, providing support services critical to the proper functioning of the Commission. The Conservation Commission thanks Terri for her assistance and extends its appreciation to our former Administrative Assistant Donna Hemphill for her years of service to the Commission.

In January, Associate Commissioner Ethan Gerber was appointed a full voting Commissioner. In August, Associate Commissioner Bruce Hebbel resigned his position, and in December, Cynthia Callow stepped down from the Commission after serving for 7 years, including 2 years as its Chair. Cindy showed a deep commitment to protecting the natural resources of the Town of Marion and attended many Massachusetts Association of Conservation Commissions workshops and seminars to expand her knowledge of the Wetlands Protection Act. The Conservation Commission sincerely thanks Cindy and Bruce for their dedicated service to the Commission and to the Town.

The Marion Conservation Commission is committed to protecting those natural environments that make our town the special place that it is through the fair and consistent administration and enforcement of the Massachusetts Wetlands Protection Act. We encourage anyone with questions about the permitting process to contact the Conservation Commission office anytime.

Respectfully submitted,

Shaun P. Walsh, Esq., Chair  
Marc Bellanger, Vice Chair  
Jeffrey J. Doubrava, Clerk  
Ethan J. Gerber, Member  
Emil Assing, Associate Member

Rosa rugosa at Aucoot Cove

## 2021 Annual Report

The Mattapoisset River Valley Water District (District) was formed in 2004 to construct and operate the six million gallon per day (mgd) Mattapoisset River Valley Water Treatment Facility (MRVWTF). The District is comprised of the Towns of Fairhaven, Marion, Mattapoisset, and Rochester. The treatment facility, located in Mattapoisset, began operations in 2008.

The MRVWTF treats raw water from eight municipal water supply wells owned and operated by the District Towns. The sources include three Mattapoisset wells, one Marion well, and four Fairhaven wells, which are located in Mattapoisset and Rochester. Treatment at the facility includes oxidation with ozone followed by membrane ultrafiltration with Koch membrane filters for the removal of iron and manganese. The finished water is treated to adjust the pH for corrosion control.

2021 represented the fourteenth year of operation of the MRVWTF. The plant processed 651 million gallons of water (finished water) during the 2021 calendar year. The FY22 operating budget for the plant is \$2,697,700, which represents an increase of approximately 14.7% over FY21. The major expenses include power, labor, and chemicals to maintain and operate the MRVWTF, and equipment replacement identified in the Capital Improvement Plan. The District continues to benefit from the solar power Net Metering agreement with ECA Solar, LLC. The District saved approximately \$35,800 in electrical costs in 2021 through this agreement. The decrease in electrical cost savings in 2021 compared to the 2020 electrical cost savings was attributed to one solar array being offline for approximately one month. The District does not pay any capital or operating costs for the power generation and the facilities are located on commercial buildings in Walpole, MA. In June, the District solicited and received bids for FY22 supply of chemicals, liquid oxygen, and propane at the MRVWTF.

The MRVWTF operated well throughout the year. Operators replaced several valves and stainless steel gaskets on the ultrafiltration stages throughout the year. Repairs to the loft compressor were required numerous times through 2021. In June, there were issues with ozone equipment failures, which were addressed by the District's vendor, Fin-Tek. In 2021, two of the Mattapoisset high lift pumps and one of the Fairhaven high lift pumps failed and had to be replaced. From October 26<sup>th</sup> – October 30<sup>th</sup>, the plant operated on backup power due to a widespread power outage.

The District completed a Filter Replacement Evaluation Study in April 2021. The study evaluated options and capital and operational costs for implementation of in-kind replacement of the ultrafiltration membranes or replacement with newer and more advanced technology membranes. The District decided to proceed with the newer and more advanced technology membranes, which is the Koch Separation Solutions (KSS) PURON® MP ultrafiltration system. In the Fall, the District began a preliminary design for replacement of the membranes, which is scheduled for completion in early 2022. The final design phase for replacement of the membrane filtration infrastructure is scheduled for 2022.

With the assistance of and equipment provided by KSS, the District conducted an on-site pilot test of the KSS PURON® MP ultrafiltration system from May 10, 2021 through June 15, 2021. The pilot test was successful leading to Massachusetts Department of Environmental Protection (MassDEP) approval of the pilot test report on September 15, 2021.

All District Towns were under a boil water order issued by the MassDEP beginning on October 6, 2021 due to the presence of total coliform and E. coli in routine water quality samples in all Towns. The District immediately began chlorination at the MRVWTF in an effort to disinfect the water distribution system throughout all Towns. Following several days of water quality sampling, chlorine residual testing, water main flushing, and coordination with the MassDEP, the boil water order

was lifted in Mattapoisett on October 15, 2021, in Marion and Rochester on October 19, 2021, and in Fairhaven October 23, 2021. The District continued chlorination at the MRVWTF for the remainder of 2021 per MassDEP order.

In accordance with America's Water Infrastructure Act (AWIA), the District completed a Risk and Resilience Assessment (RRA) and Emergency Response Plan (ERP) Update in 2021. AWIA Section 2013 requires communities with drinking water systems serving more than 3,300 people to develop or update RRAs and ERPs, which must address specific components and meet established deadlines to certify completion of the RRA and ERP with the U.S Environmental Protection Agency (EPA), as outlined in the AWIA. The deadline dates to certify the RRA and ERP with the EPA were June 30, 2021 and December 31, 2021, respectively. The District certified its RRA and ERP with the EPA prior to the respective deadline dates.

Quarterly meetings, including representatives from Fairhaven, Marion, and Mattapoisett, began in August 2021 to discuss raw water pumping totals from the various water supply sources and additional costs incurred by Fairhaven and Marion due to accepting more finished water from the MRVWTF than raw water pumped from its water supply sources that feed the MRVWTF. Discussions during these meetings also included possible ways to offset the additional costs incurred by Fairhaven and Marion.

The addition of a new District representatives from each of the four member Towns was required in 2021 due to the retirement of Mr. Mark Rees (Fairhaven), Mr. David Willett (Marion), Mr. Paul Silva (Mattapoisett), and Ms. Laurell Farinon (Rochester). Ms. Wendy Graves, Fairhaven Interim Town Administrator, was appointed to represent the Town of Fairhaven and also named District Treasurer. Mr. Nathaniel Munafo, Marion DPW Director, was appointed to represent the Town of Marion. Mr. Michael Lorenzo, Mattapoisett Town Administrator, was appointed to represent the Town of Mattapoisett. Ms. Merilee Kelly, Rochester Environmental Planner/Conservation Agent, was appointed to represent the Town of Rochester. Ms. Meghan Davis, Marion Engineering Manager, resigned as District Treasurer. Ms. Davis was later named District Clerk upon the retirement of Ms. Farinon. The District sincerely thanks Mr. Mark Rees, Mr. David Willett, Mr. Paul Silva, and Ms. Laurell Farinon for their years of service and outstanding contributions to the Commission.

Respectfully submitted,  
Mattapoisett River Valley Water District Commission

## **2021 MRVWSPAC Annual Report**

### History and Purpose of MRVWSPAC

The Mattapoissett River Valley Water Supply Protection Advisory Committee (MRVWSPAC) was established in 1980 by the towns of Fairhaven, Mattapoissett, Marion, and Rochester. The organization grew out of a concern for the aquifer underlying the Mattapoissett River watershed, from which all four towns draw water supplies. Special legislation was enacted in 1983 (Chapter 407) formalizing the Committee.

The MRVWSPAC is made up of three (3) representatives from each Town for a total of 12 members. The MRVWSPAC holds public meetings on the second Tuesday of every month at 3:30 p.m. at the Fairhaven Board of Public Works Office in Fairhaven. Due to the COVID-19 pandemic, the MRVWSPAC has been meeting remotely using Zoom since April 2020.

The MRVWSPAC welcomed Nathaniel Munafo as a new representative for the Town of Marion in 2021 following the retirement of David Willett, Wendy Graves as a new representative for the Town of Fairhaven following the retirement of Mark Rees, and Merilee Kelly as a new representative for the Town of Rochester following the retirement of Laurell Farinon. The MRVWSPAC thanks Mr. Willett, Mr. Rees, and Ms. Farinon for their valuable contributions and years of service to the MRVWSPAC.

### Mattapoissett River Valley Aquifer

The Mattapoissett River and its aquifer provide fresh water for water supply, recreation, and agriculture to portions of the entirety of five communities in Bristol and Plymouth Counties in Massachusetts. In 2021, the aquifer supplied approximately 1.78 million gallons per day for Mattapoissett River Valley Water District residential and commercial water supply customers in the Towns of Mattapoissett, Fairhaven, Marion, and Rochester.

### Summary of 2021 MRVWSPAC Accomplishments

- Monitored stream flow and water levels at numerous locations in the vicinity of the Mattapoissett River. Maintained a database of critical water level data.

## **Managing Water Resources for Our Future**

Serving Fairhaven, Marion, Mattapoissett & Rochester | P.O. Box 1055 | Mattapoissett, MA 02739 | [mrvwspac.org](http://mrvwspac.org)

- Funded Annual Mattapoissett River Hydrologic Monitoring Report.
- Purchased a Hach specific conductivity meter to be utilized by the Snow's Pond Association to monitor water quality at Snow's Pond. Coordinated training by a Hach representative for Snow's Pond Association members on use of the meter.
- The Committee learned that MassDEP has cataloged all ponds in southeastern Massachusetts and identified various invasive species. MassDEP has identified two invasive species in Snipatuit Pond.
- Purchased the following new monitoring well electronic equipment to replace malfunctioning devices, which reached the end of their useful life.
  - Four (4) water level transducers (Leveloggers).
  - DataGrabber device for downloading water level data.
  - Miscellaneous adapters.
  - Flow monitoring computer, battery, and probe.
- Environmental review of projects in the Mattapoissett River Valley:
  - Reviewed plans for the following projects within the watershed and sent comment letters to the Rochester Planning Board:
    1. ANR Application – 246 and 248 New Bedford Road, Rochester
    2. ANR Application – Burgess Avenue, Rochester Map 27, Lot 2
    3. Form C Subdivision off Gerrish Road – Longbow Lane, Rochester
    4. Canal Canopy & Dual Use Agriculture/Solar Project – 109 Neck Road, Rochester

The MRVWSPAC wishes to recognize the members of its consulting team for their excellent work and contributions in 2021:

Tata & Howard	<i>Engineering Consultant</i>
Blair Bailey, Esq.	<i>MRVWSPAC Counsel</i>
David Watling	<i>Mattapoissett River Valley field monitoring and data collection</i>
Meagan McCarthy	<i>Data reduction and graphing</i>
Nettles Design	<i>MRVWSPAC website management</i>

## **Report of the OPEN SPACE ACQUISITION COMMISSION**

**Our Task:** The primary task of the Open Space Acquisition Commission is to acquire open space. These purchases must fit some stated need and respect the financial contribution that has been made by the taxpayers. We will not buy just anything, and we will not waste your money by overpaying.

**Our Strategy:** We try to form a financial partnership on larger purchases to get more value for your dollars. This could mean direct grants to the town, participation with other conservation groups, or a bargain sale. Since the creation of the Open Space Acquisition Commission in 1999, we have partnered with the Commonwealth of Massachusetts, United States Department of Agriculture, Sippican Lands Trust and The Trustees (formerly the Trustees of Reservations). Since we first started working with other groups, we have received more than \$1,000,000 in grants to help reduce the cost of open space purchases to the town.

**Current Open Space Status:** When we talk about permanently protected open space, we are talking about land owned by private, public and nonprofit owners that has been dedicated to uses such as conservation or recreational use by deed. Also included is land owned by a non-profit land trust; or if the town received federal or state assistance for the purchase or improvement of the property. Today, of the 9,007 acres of land in Marion, 3,544 are permanently protected open space.

Marion ownership of permanently protected open space is quite diverse. Those groups managing/owning open space include:

Select Board, Charles Washburn Memorial Trust, Commonwealth of Massachusetts (Division of Fish and Game), Conservation Commission, Marine Resources Commission, Northeast Wilderness Trust, Open Space Acquisition Commission, Recreation Commission, Sippican Lands Trust, The Trustees (formerly The Trustees of Reservations), Water & Sewer Commission, Wildlands Trust

Private land is considered protected if it has a deed restriction in perpetuity, if an Agriculture Preservation Restriction (none in Marion) has been placed on it, or a Conservation Restriction has been placed on it. Conservation Restrictions in Marion are held by an equally eclectic group of organizations:

Buzzards Bay Coalition, Commonwealth of Massachusetts (DEP), Commonwealth of Massachusetts (DFW), Conservation Commission, Debt for Nature (United States Department of Agriculture), Open Space Acquisition Commission, Sippican Lands Trust, The Trustees (formerly The Trustees of Reservations), Wildlands Trust

The Open Space Acquisition Commission holds title to 631 acres. The largest parcel is the 282 acre Hales Brook/Sippican River Reservation, which is managed by The Trustees at no cost to the Town. See the trail map at: [https://thetrustees.org/wp-content/uploads/2020/07/EastOver\\_HalesSippican\\_TrailMap\\_2016.pdf](https://thetrustees.org/wp-content/uploads/2020/07/EastOver_HalesSippican_TrailMap_2016.pdf)

The next largest, and perhaps busiest, parcel is the Washburn Park Conservation Land (97 acres), which is used heavily by the dog walking community.

Links to trail maps for these and other open space parcels can be found online at <https://www.marionma.gov/open-space-acquisition-commission/pages/trailroad-maps>

### **2021 Open Space Additions:**

**Hoff Conservation Area:** The Open Space Acquisition Commission partnering with the Sippican Lands Trust and the Buzzards Bay Coalition was able to permanently protect a The Hoff Conservation Area on the west side of Route 6. The Hoff parcels (33.7 acres) have been on our radar for about 10 years. Listed originally for \$585,900, we were able to negotiate a price of \$300,000. One of the key conditions of that price was to have a closing in 30 days. Talking to our conservation partner, the Sippican Lands Trust (SLT), we realized that we would be unable to raise the required amount in the time frame demanded by the seller. To protect our negotiated price of \$300,000 we asked the Buzzards Bay Coalition to step in as an intermediate owner. The SLT started an intense fund drive within a shortened time window and was able to commit \$75,000 to lower the cost to the town. We were also fortunate to secure a \$50,000 grant from the Buzzards Bay National Estuary Program (BBNEP) Mini-Grant Program. This program is funded by the BBNEP, Executive Office of Energy and Environmental Affairs, and U.S. Environmental Protection Agency's Southeast New England Program.

In order to eliminate the long-term management burden and maintenance costs associated with ownership of the property, we asked the SLT to hold the fee interest on the property, which they have graciously agreed to do.

The final paperwork to protect this 33.7 acres, which has been independently appraised at \$310,000, was finalized on March 12, 2021. The Hoff Conservation Restriction (the Town's interest in the property), which used \$175,000 of the Marion Land Bank Fund, had been appraised at \$257,500.

**Little Neck Village:** In January 2019, we became aware that the Conservation Restriction required as a permit condition for Little Neck Village had never been completed. Throughout 2019, 2020, and the first half of 2021, we worked with the Massachusetts Division of Conservation Services, the Natural Heritage and Endangered Species Program, the Sippican Lands Trust, and the Little Neck Village folks to get this Conservation Restriction completed. The Conservation Restriction was recorded on July 1, 2021.

**Marion Marsh Wilderness Preserve:** In October, the Northeast Wilderness Trust received a gift of 27 acres in Hammett's Cove to keep forever wild. Read more about this new open space in Marion at <https://newwildernesstrust.org/projects/marion-marsh/>

### **Financial:**

The Open Space Acquisition Commission administers the Marion Land Bank Fund on behalf of the town. This fund is dedicated by state statute to costs associated with the

acquisition of land. Any expenditure out of this fund to purchase land must be approved by Town Meeting. Currently the Fund holds \$224,959.75.

**Projects:**

**Point Road Bike Path:** Work has started on the Jenna to Joanne section of the Point Road Bike Path. The Marion Open Space Acquisition Commission was awarded a Community Preservation Act grant to construct a multi-use pathway along Point Road. The proposed ¾ mile off-road pathway will provide safe year-round transportation and recreational opportunities for a variety of users and purposes as well as providing increased access to various under-utilized conservation areas.

**Great Swamp Conservation Area Fire Access:** It came our attention that the large forested area between Point Road and Delano Road, protected as open space in our Great Swamp Conservation Area, had no access for fire equipment. Although only a rudimentary woods road is required for the Fire Department breaker truck, there was one point in the existing path that was impassible. MOSAC developed a plan to slightly widen and level the trouble spot and hopes to finish permitting in early 2022.

**Planning:** We have started the process to take a new look at our criteria for evaluating open space purchases. The criteria we currently use was developed through surveys sent to Marion Residents in the 1990's; so it's time for an update. One of our challenges is how to best reach out and get input from Marion residents. MOSAC will apply for a CPA grant in 2022 to fund an online option for our updated acquisition criteria survey.

We have posted the Open Space and Recreation Survey results (as well as some other related surveys dating from 1986 until the present at <https://www.marionma.gov/open-space-acquisition-commission/pages/open-space-and-recreation-survey-information> Our participation in the Stewards of Community Open Space's efforts to update the Open Space and Recreation Plan have been minimal as the Stewards group has not met in 2021.

If you have any questions about anything related to open space please feel free to email us at [openspace@marionma.gov](mailto:openspace@marionma.gov), or email/call one of the individual members.

Respectfully submitted,

John Rockwell, Chairman

**Report of the  
COMMUNITY PRESERVATION COMMITTEE**

To the Honorable Select Board:

At the May 2021 Town Meeting the CPC recommended nine Articles for Community Preservation Act funding:

1. \$90,000 to restore the exterior of the Marion Town House Annex. This article was approved.
2. \$90,000 to design a historically appropriate entry, replace the entry doors and windows, and restore the Main Street façade of the Marion Town House. This article was approved.
3. \$5,675 to purchase 250 cast aluminum grave markers to be placed on veterans' graves at town cemeteries. This article was approved.
4. \$10,000 to purchase and install approximately 1,100 feet of split post and rail fence at Silvershell Beach. This article was approved.
5. \$30,000 to update and expand the Marion Historic and Cultural Inventory. This article was approved.
6. \$25,000 to continue the archiving of the collection of the Sippican Historical Society. This article was approved.
7. \$4,867 to purchase and install 4 stone books at the Elizabeth Taber Library Reading Circle. This article was approved.
8. \$4,200 to restore the front and rear entry doors of the Sippican Woman's Club. This article was approved.
9. \$30,000 to construct a multiuse path at the Cushing Community Park. This article was approved.

Also approved was an Article to provide \$2,000 of FY22 funding to the Community Preservation Committee for administrative purposes.

Respectfully submitted,

Jeff Doubrava

# MARION CAPITAL IMPROVEMENTS PLANNING COMMITTEE REPORT TO SELECT BOARD AND FINANCE COMMITTEE

The Capital Improvements Planning Committee (CIPC) assists Town Departments in developing capital project requests as part of the annual budget process that is approved by residents at the Spring Town Meeting. Projects or assets that cost at least \$10,000 and have a useful life of at least 5 years are defined as capital projects. A 10 year Capital Plan is also completed each year to forecast future capital needs based on new or revised plans. The CIPC visits various locations to further understand capital plans and needs and in 2021, we toured the potential new sites for DPW Operations & the Marine building. Once again, the CIPC sponsored a joint meeting to discuss capital plans with the ORR School District and Capital Committee representatives that comprise our regional school district.

Each year, Town Dept. Heads submit Capital Project requests to the CIPC that include the Department priority, budget impact, regulatory/public safety justification, equipment information (replacement, efficiency, useful life, cost reduction), alignment with the Master Plan and additional benefits to the Town. Committee members score each project based on the submission and a weighted average is calculated to create Capital Project rankings. The rankings provide an impartial perspective for the Finance Committee, Finance Director, Town Administrator and Select Board to guide them in the Budget Process. 10 year Plans are also compiled by the Committee, again based on Dept. Head submissions and provide a forecast for future Capital needs.

Thirty-four projects, totaling \$8.6 million were submitted by the Town's Department Heads and the ORR School District for FY23. Twenty projects were submitted by the Dept. of Public Works for almost \$7.2 million. Fourteen other projects, totaling \$1.4 million, were submitted by the Police, Facilities, Marine, Schools and the Council on Aging.

Below are the top ten ranked projects for the DPW (27% of the total DPW submissions) and All Other Depts. (91% of the total A/O Dept. submissions). Note that many of the DPW top 10 are regulatory and/or support public health and safety and are paid by way of fees, thus receive higher rankings. The DPW Operations Building (\$4.5 million) did not make the top 10 and was ranked lower due to how it would be funded (debt). It's also important to note that the Sewer Dept. High Flow Management Plan is required by the Administrative Consent Order and must be completed by July 2022 or we may be liable for fines.

Rank	Dept	DPW FY 23 Capital Project Requests	Cost (000's)	Rank	Dept	All Other Dept. FY 23 Projects	Cost (000's)
1	DPW Sewer	Creek Rd Station Replacement	\$750	1	Facilities	Community Center Vent Hood & Anslu System	\$43
2	DPW Sewer	Front St. Pumping Station & Force Main Design	\$250	2	Marine	New Marine Center	\$700
3	DPW Water	Emergency Chlorine Injection System	\$50	3	Facilities	Townhouse Sprinkler & ADA Compliance	\$124
4	DPW Water	Creek Rd Water Main Replacement	\$250	4	ORR Schools	Track Rehab	\$125
5	DPW Water	Emergency Generator	\$85	5	Facilities	WW Treatment Plant UV Building Roof & Skylights	\$24
6	DPW Sewer	I&I Removal	\$200	6	Sippican School	Handicap Door Access	\$16
7	DPW HWY	Office Fire Alarm & Security	\$85	7	COA	COA Van Carport Design & Engineering	\$10
8	DPW Water	Wareham Rd Water Main	\$165	8	Police	Digital Radio Upgrade	\$193
9	DPW Sewer	High Flow Management Plan	\$40	9	Sippican School	HVAC Management System Recommission	\$38
10	DPW Water	Unidirectional Flushing Plan	\$40	10	ORR Schools	Asphalt Repair	\$25

Attachment #1 contains ALL of the ranking results for FY23.

The funding sources for all of the thirty-four FY23 Capital Projects are estimated as follows:

	General	Sewer Enterprise	Water Enterprise	Marine Enterprise	Debt	Total
Amount (000's)	\$1,122	\$1,525	\$740	\$700	\$4,500	\$8,587

Attachment 2 is the projected 10 Year Capital Plan that is updated each year based on the submissions from the Town Department Managers and the ORR School District. Current DPW 10 year Capital estimates total \$67.5 million of \$78.2 million (Water Department: \$12.8 million, Sewer Department: \$28.2 million, Highway: \$26.5 million). While this is strictly a planning document that covers 10 years, it continues to reflect the need for solutions to our aging Sewer, Water & Highway infrastructure.

Respectfully,

Paul Naiman, Chair  
Dick Giberti, Secretary  
Casey Barros

Dave Janik  
Steve Nojem  
John Waterman-Select Board Representative

Bill Marvel-Finance Committee  
Representative

**Report of  
TREE AND PARKS COMMITTEE**

To the Honorable Select Board:

With another year of Covid preventing gatherings, we were unable to celebrate Arbor Day again this year. We also had to make do with email updates rather than meetings. However, that didn't prevent us from doing our tree and park work. We collaborated on the Town House landscape plan and the planting of 10 new trees along Spring Street.

Lee Gunschel, our Tree Warden, continued his work of tree maintenance and removal with the guidance of our new tree inventory study done by Bartlett Tree last fall. With the increase of wind and weather, there is always a lot to do.

We are coming up on our 25<sup>th</sup> year as a Tree City and hope to plant 25 new trees in celebration. In addition, a private group of citizens is looking into a new tree ordinance to prevent clear cutting and encourage the planting of new trees to mitigate climate change. It is well known the role trees play in holding carbon, cleaning the air, holding water in the soil, creating shade and beauty along our streets and being a habitat for birds. It is our hope that you might support a tree by law when it is presented at Town meeting.

**Report of**  
**MUSIC HALL ADVISORY COMMITTEE**

This year we welcomed three new members to our committee, Lauren Boucher, Joan Gardner and Jessica Barrett. To date, we have only met these newcomers on Zoom meetings, since the Music Hall has been closed due to Covid restrictions. Sadly, Chrissie Bascom and Lynn Crocker resigned after many years of devoted service. We thank them for all of the great contributions they made while serving on this committee.

Shaun Cormier, Facilities Manager, and his team continue to accomplish many necessary improvements on the Music Hall property and building. This year Shaun's priority was to repair the brick walkway leading up to the Music Hall doorways. It was in very bad condition and creating a safety hazard. His next renovation was replacing the old cooper gutters and exterior trim with similar materials to keep the integrity of the old building. Finally, energy efficiency challenges remain on Shaun's list. The cooling system is irreparable and one of the two furnaces is past its life expectancy. This large and expensive capital project will hopefully be completed in 2022, after going through the necessary procurement process for the funds.

Unfortunately, most of the year the Music Hall was closed due to the ups and downs of mandated Covid requirements. Consequently, very few events were held in the facility. The second Land's End Music Concert was able to perform there and the Marion Garden Group holiday sale was able to occupy the building. This lack of events means a loss of revenue for the town. Many thanks to Tami Daniel, our Coordinator, who keeps the Music Hall schedule and enforces our policies.

The maintenance of the gardens around the Music Hall building, the gardens around the horse trough and the monument are overseen by our committee. Much gratitude goes to Tinker Saltonstall, who organizes and runs this big effort. Many volunteers weed and water all summer long. Thanks to Margie and Michael Baldwin, who this year very generously donated and planted new bushes along one side of the property. Much appreciation goes to Jody Dickerson of the Department of Public Works who also donated and delivered all the annuals that were planted around the statue. Finally, as part of their community service Tabor students were among our maintenance team. We can't thank everyone enough for their kindness, generosity and support.

With the Select Board's blessing, a Stellar Pink Dogwood was planted on October 11, 2021 on the Cottage Street side of the Music Hall property. This tree was donated in memory of a local musician, Chris Brown, by his family and friends. Special tributes and music were a part of the occasion.

Our committee has a dream for 2022. It is to finally sponsor a concert and reception at the Music Hall to celebrate the extraordinary gift of a Steinway piano to the Music Hall by Charlie Paulsen's daughters in memory of their father. This donation happened several years ago and Covid has prevented us from celebrating publicly.

As always, there are so many people to recognize for their time, energy and services. We would like to thank the Music Hall Committee, The Sippican Historical Society, Tami Daniel, Shaun Cormier and his crew and finally our Select Board representative, Randy Parker.

Respectfully submitted,

Margot Stone, Co-Chairman  
Phil Sanborn, Co-Chairman, Treasurer  
Jessica Barrett, Secretary  
Lauren Boucher, Joan Gardner, Frank McNamee  
Marcus Monteiro, Tinker Saltonstall, Helene Sughrue

**Report of**  
**CEMETERY COMMISSION**

The Cemetery Commissioners meet every year to review and oversee the maintenance and care of the Town's cemeteries. We review such issues as the care and clearing of headstones, trimming of trees and shrubs, removing overgrown plants and old decorations. We ask that decorations be seasonal and not permanent. Any benches or statues need permission.

The Department of Public Works crew under Jody Dickerson have been very proactive in their care of the cemeteries and have gone the extra mile and it shows. They mow the lawns, remove debris and clean and clear where they can. There are 6 cemeteries in the town, including Point Road Memorial Forest which is strictly for cremains. If you have not yet visited, take a walk-thru the forest. You will be impressed.

Please reach out to us with your questions or concerns.

Margie Baldwin

Helen Hills

## 2021 YEAR-END REPORT TO THE TOWN OF MARION FROM THE COMMISSIONERS OF THE SOUTHEASTERN REGIONAL PLANNING & ECONOMIC DEVELOPMENT DISTRICT (SRPEDD)

The Town of Marion is a member of the Southeastern Regional Planning and Economic Development District. Originally founded in 1956, SRPEDD (pronounced “sir-ped”) is one of 13 regional planning agencies (RPAs) across the state and one of approximately 550 across the country.

SRPEDD serves 4 cities and 23 towns in southeastern Massachusetts. Through our work, we address common issues facing the region, including economic development, growth and land use, safe and efficient transportation, environmental stewardship, municipal partnerships, community development and affordable housing, and general planning. A Commission of local mayors, selectmen, planning board members, and at-large members govern SRPEDD. Federal and state grants, local assessments, and local contracts fund our activities. In 2021, the Town of Marion paid \$942.15 to SRPEDD, based upon an assessment of 19.200 cents per capita. SRPEDD’s annual budget in 2021 was \$3,703,841.

SRPEDD also serves as the region’s staff for the Southeastern Massachusetts Metropolitan Planning Organization ([SMMPQ](#)) and the regional Economic Development District ([EDD](#)) with the U.S. Economic Development Administration (EDA). In both roles, SRPEDD works with numerous partners to program tens of millions of dollars to directly invest in our region’s infrastructure and community development.

Please visit SRPEDD’s recently updated agency website at [www.srpedd.org](http://www.srpedd.org) to review our work, read our [2021 Annual Report](#), and tour new projects, including: our [Drone Program](#) and [Virtual Building Tours](#); our [Regional Housing Services Office](#) (RHSEO) feasibility study; our [watershed](#) and [resilience](#) planning work program; our [Complete Streets](#) and [Multi-Use Path](#) transportation projects; and various municipal projects, such as [Redevelopment Studies](#) and [Community Master Plans](#). Our website also includes departmental web pages, a calendar of events, and recent news.

Please do not hesitate to [contact us](#) with any questions, concerns, or project ideas.

### REPORT OF PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 2021.

The Project is a special district created by the State Legislature in 1957, and is composed of all Plymouth County towns, the City of Brockton, and the town of Cohasset. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

The 2021 efforts were directed at larval mosquitoes starting with the spring brood. The Project ground and aerial larvicided 11,045 acres and this was accomplished using Bti, an environmentally selective bacterial agent. An additional 600 acres were treated as part of a trial studying the effectiveness of *Bacillus sphaericus* on mosquitoes in cattail swamps. Upon emergence of the spring brood of mosquitoes, ultra-low volume adulticiding began on June 1<sup>st</sup>, 2021 and ended on September 24<sup>th</sup>, 2021. The Project responded to 16,852 requests for spraying and larval checks from residents covering all of the towns within the district.

The Department of Public Health (DPH) has developed an “Arbovirus Surveillance and Response Plan” for the state. The Plan creates a system which estimates the human risk for contracting Eastern Equine Encephalitis and West Nile Virus using several factors including the number of infected mosquitoes. Based on guidelines defined by the Plan, all towns in Plymouth County Mosquito Control Project started the season at “Low Level Risk” for Eastern Equine Encephalitis and remained at low risk for the entire summer. There was no Eastern Equine Encephalitis Virus detected in Massachusetts this year.

West Nile Virus activity occurred predominately in Middlesex and Suffolk counties. Statewide there were 9 human cases, none of them were in the district. The risk level for Bridgewater, Halifax, Hanson, East Bridgewater and Plympton was raised to moderate. For the rest of the district the risk level was low for the entire season. As part of our West Nile Virus control strategy a total of 53,924 catch basins were treated with larvicide in member towns to prevent WNV.

The Project participates in DPH's mosquito surveillance program. As part of that program we collected over 109,929 mosquitoes and submitted 19,322 mosquitoes for testing. The mosquitoes were combined into 503 groups. DPH also tested 13,439 mosquitoes from the district. In all there were 0 isolations of EEEV from mosquito samples. There was a total of 6 WNV isolations from Halifax, Hanson, East Bridgewater, Kingston and Marion.

The health threat of EEE and WNV continues to ensure cooperation between the Plymouth County Mosquito Control Project, local Boards of Health and the Department of Public Health. In an effort to keep the public informed, EEE and WNV activity updates are regularly posted on the Department of Public Health website.

The introduced mosquito *Aedes albopictus* has the potential to become a serious pest and a vector of disease. The mosquito has been present in Massachusetts since 2009. In conjunction with DPH we have been monitoring *Aedes albopictus* expansion in the state. We conducted surveillance for *Ae. albopictus* at 7 locations. The larvae live in containers and are closely linked with human activity. They are especially associated with used tires. This year we did not detect the mosquito. The Project began a tire recycling program in October 2017. During the 2021 season we recycled 562 tires bringing us to a total of 12,082 tires for the program.

The figures specific to the town of Marion are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Marion residents.

**Insecticide Applications:** Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Field Technicians continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present. In Marion 159 larval sites were checked.

During the summer 116 catch basins were treated in Marion to prevent the emergence of *Culex pipiens*, a known mosquito vector in West Nile Virus transmission.

Our staff treated 1750 acres using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in June and the last in September.

**Water Management:** During 2021 crews removed blockages, brush and other obstructions from 4025 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito production. This work, together with machine reclamation, is most often carried out in the fall and winter.

**Mosquito Survey:** Our surveillance showed that the dominant mosquitoes throughout the district were generally *Ae. vexans* and *Cx. salinarius*. In the Town of Marion the three most common mosquitoes were *Ae. vexans*, *Cx. pipiens/restuans* and *Oc. canadensis*.

**Education and Outreach:** Through the Projects Community Liaison, many educational presentations took place throughout the year at summer camps, schools, fairs, libraries, and

councils on aging. All of the schools in the county were contacted to insure compliance with the Children and Families Protection Act. The Projects website is continually updated with information about meetings, the annual budget, educational information, and Project services.

We encourage residents or municipal officials to visit our website at [www.plymouthmosquito.org](http://www.plymouthmosquito.org) or call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

Sincerely,

Ross Rossetti  
Superintendent

## **Report of MARION HISTORICAL COMMISSION**

To the Honorable Select Board:

The Marion Historical Commission continues to make progress since it became active again in the fall of 2019. Our focus is to carry out our mission statement to identify and protect the town's historic resources.

### **MISSION STATEMENT**

The Marion Historical Commission, with the Town's adoption of MA General Laws Part I Title VII Chapter 40 Section 8D, has been established for the primary purpose of identifying and protecting the Town's historic resources. This includes buildings, structures, objects and sites of national, state, or local significance based on an understanding of their historic, architectural, and/or archeological importance.

The primary responsibility of the Marion Historical Commission is to coordinate all community-wide historic preservation planning on behalf of the Town. This includes educating the public about the identification of historic resources and the importance of preserving and protecting such resources. The Commission also serves as a public advocate to advise the Select Board and other local agencies regarding matters of preservation, protection and redevelopment of historic buildings, structures, and sites which may be under consideration by said boards.

We have developed a webpage on the Town's website, and continue to update it with photographs of significant properties. Information on current Commission activities and local preservation resources is listed on the site.

As the local historical commission, we are asked to provide comment on Federally and State-supported projects in Marion that could potentially impact historic and archeological resources. We have provided input on several projects this year.

The Commission's primary objective at this time is to develop a comprehensive inventory of all historic and cultural resources in the town. Under guidance from the MA Historical Commission, standard forms, procedures, trainings and technical support are available to us. For the second year in a row, we were successful in our grant application to the MA Historical Commission, and were awarded a \$15,000 matching grant for continuation of our initial survey efforts to update and simplify the forms for properties in the Marion Village area. The 2020 scope is nearing completion after considerable delay by the consultant due to the pandemic. Upon finalization, the results will be available to the public at the Elizabeth Tabor Library and the Sippican Historical Society. We hope to send copies of completed forms to their current owners.

The 2021 work continues in Marion Village, the Water Street area, and the George Bonham Nye area at Converse/Pleasant Streets. Community Preservation 2020 funds of \$15,000 provided the match. A preservation consultant is under contract to perform this work, with its completion expected in the summer of 2022, at which time it will be shared with the public.

The balance of our 2020 grant from the Community Preservation Fund has been used to contract with a preservation consultant to complete a study of Marion's Cape Verdean community, with a focus on areas along "upper" Point Road near Wareham Road and along Mill Street further to the west. A final report and public presentation of the results are anticipated early in 2022.

Our 2021 Community Preservation grant will be spent for a consultant to continue on the next phase of survey, expanding beyond the Village area to other areas of town: Converse Road, Old Landing Area, the Tremont Campground, North Marion, etc. This work will begin in July 2022.

Another ongoing concern has been the uncertain fate of the Rev. Percy Browne House, 192 Front Street, often referred to as the TenBrook House after its most recent past owner. Designed by renowned American architect Henry Hobson Richardson in 1880-81, it is now owned by Tabor Academy. We have been in conversation with Tabor and will continue to work with Tabor's administration in the coming year to assure the preservation of this important landmark in a manner which suits Tabor's needs but also acknowledges its historic and architectural importance at the national level.

We continue our program of sending a Welcome Letter to new buyers who purchase properties that are of historic merit and/or are included in the Historic Inventory, offering historical background as well as information and guidance to encourage historically and architecturally sensitive renovations, should improvements be planned.

We maintain our close relationship with the Sippican Historical Society, the primary repository for archival documentation of the town's history. Once pandemic restrictions are lifted, we hope to jointly promote awareness of historic preservation objectives with guest lectures on topics relevant to Marion's past and future character.

We also plan to work with the new Town Planner to develop a GIS mapping system of the historic inventory that other Town boards can make use of in their decision-making processes.

Special thanks to Jay McGrail, Town Administrator for his guidance and assistance with the contracting process and to Shaun Cormier, Facilities Manager for his ongoing concern for historical accuracy and sensitivity to historic materials as we work together in promoting our mission.

We encourage all Marion residents to review our webpage, [www.marion.gov/historical-commission](http://www.marion.gov/historical-commission), and to contact us with suggestions of future projects or with information to share about your historic or architecturally significant property. Old photographs of historic buildings "in their heyday" are especially valuable to us as we continue to survey the entire town's resources.

Respectfully submitted,

Meg Steinberg, Chair  
Sidney Bowen  
Bryan McSweeney

## **Report of ELIZABETH TABER LIBRARY**

The Elizabeth Taber Library (ETL) kicked off 2021 by preparing a safe reopening strategy while continuing to provide the Town of Marion with library materials via curbside pick-up and digital services. Since instituting curbside pickup our staff performed over 12,000 curbside transactions, and patrons downloaded over 10,000 e-books and audio books. As we approached reopening staff took the opportunity to address major reorganization and library improvement projects and worked to improve the diversity of our collection.

This past spring we said goodbye to our Children's Librarian Rosemary Grey as she transitioned to a well-deserved retirement. Rosemary provided the children of our community with thoughtful and compassionate service for over 13 years. She is a passionate advocate for treating children with respect and care for their individual needs and always centered children and families in every decision made for the ETL.

In May, the Library reopened to pre-shutdown operating hours. The ETL introduced new outdoor activities to encourage library engagement while managing social distancing expectations. When late bus drop off was reinstated lawn games, disc golf, oversized building blocks, art materials, sports equipment, and shade spots were made available each day as part of our After-School Outdoors initiative. Our new Children's Librarian Heather Hudnall-Ripley joined us in June, just in time to kick-off our return to an in-person Summer Reading Program. Heather hit the ground running, helping us to implement a line-up of engaging, interactive, and safe outdoor activities for the Marion community. Performers this year included a children's concert by Rockabye Beats, a visit from the New Bedford Art Museum's Art Mobile, and a program with the Pine Meadows Children's Zoo featuring baby cows, alpacas, rabbits, chinchillas, tortoises, and more. The library also hosted the performing border collies of Mike Piazza and his High Flying Dogs, and the annual book sale was held as a two day outdoor event. During our summer reading program our readers, with the help of Eastern Bank, raised over \$500 for Heifer International.

In-person outdoor story times were launched in June and persisted until the fall weather became too unpredictable to hold outdoor events. Instead, the Library introduced Weekly Winter Drop-Ins, where families could find reliable drop-in activities centered on art, games, and sensory activities multiple times a week. Memoir workshops resumed in the fall, along with our Artist of the Month Program, which encourages local artists to exhibit their work within the library. In 2021 staff processed over a hundred new library card sign ups and distributed over 250 take home crafts. This year the Elizabeth Taber Library added a new full time staff member. In November, Dylan Benoit joined our team as Circulation Supervisor in order to aid the library in long term organization and communication efforts.

This year the Elizabeth Taber Library Long Range Plan committee finalized a new 5-year plan that will be the road map for the future of the Elizabeth Taber Library. Twelve trustees, ETL employees and citizens at large comprised our team. The Committee met twice monthly to

formulate survey questions for a citizen survey to garner input from our constituents regarding current services and policies as well as future needs. Over 620 members of our community responded to the survey.

By surveying our users and non-users we tapped deliberately into specific populations: elementary students, middle and high school students, general citizens and senior citizens. Through these survey responses we were able to gain specific demographic input into patron's perspectives about current library policies and services. With the information gathered the Elizabeth Taber Library developed 5 overarching goals based on our mission to provide our community with a welcoming space for education, exploration, and entertainment for all, and our vision to promote equal access to a center for curiosity, comfort, and connection. These five goals were developed to guide the library through the next five years of serving our community:

Create a Library For All: Become a patron centered library with access for all

Communicate With Our Community: Forge diverse community partnerships

Make the Library Everyone's Space: reexamine how our physical and virtual spaces can best serve our community

Foster Education, Exploration and Entertainment: Propel the ETL as a focal point of our community

Provide Timeless Service: Modernize the ETL's operational and financial health to ensure its stability and excellence

With these goals in place the board and staff of the Elizabeth Taber Library aims to improve our accessibility by curating a modern and relevant collection paired with exceptional services that preserve the traditional joys of visiting the library. In addition, we will work to provide a shared community space that is comfortable, safe, and inviting to visitors of all ages for a wide range of purposes. For more information on our Long Range Plan and the committee's development process please visit the Elizabeth Taber Library's website at [www.ElizabethTaberLibrary.org](http://www.ElizabethTaberLibrary.org)

**Report of**  
**MARION NATURAL HISTORY MUSEUM**  
Bringing nature & science education to our community since 1872!

The Marion Natural History Museum (MNHM) is a non-profit 501(c)(3) organization celebrating its 150th year in 2022. Located at 8 Spring Street, the building, display cases, and some artifacts of the Museums were donated by our town's famed matriarch Elizabeth Taber in 1872. Today our small but important organization continues to give back to our community by providing free and low-cost programs and exhibits that inspire, educate, and nurture people of all ages. **Our mission is to spark natural curiosity, foster environmental stewardship, and inspire lifelong learning by making science and technology accessible to all. We specialize in the natural history of our local area, and provide exhibits, lectures, and educational programs for youth and adults.**

**2021 Highlights:**

**1. MNHM 5-Year Strategic Plan moved from planning to initial implementation.**

The overall goal of the Museum's Strategic Plan is to improve services to our community, increase membership and engagement, and to help position and preserve the Museum for the next 150 years. Year-1 implementation included the following ongoing activities which were funded by donors and/or volunteers:

1. With the generous donation of long-term board member John Cederholm and his wife, Tess, the Museum took the initial step in expanding our programs with a special focus on children and seniors. A list of our programs and workshops follows this section.
2. The Museum's exhibit space and exhibits began a 2+ year plan to be refreshed and modernized.
  - a. With the help of an exhibit designer, our exhibit committee began re-envisioning the Museum's space.
  - b. Plans were mocked up and work began starting with new LED lighting.
  - c. Additionally, our second-floor mezzanine's makeover began with a mural of Marion's Bird Island Lighthouse featuring Roseate terns—a nod to our logo which also includes a Roseate Tern and the Bird Island Lighthouse.
3. The Museum's branding, marketing materials, email marketing, social media, and event signage was finalized and put into action. Our website (new in 2020) continued to be expanded and events regularly added.
4. Our 150th logo was developed.
5. Our 150th Anniversary Celebration communications, branding and planning were kicked off.

**2. The Marion Natural History Museum conducted the following programs in 2021 through in-person and online lectures, and included special after school and summer programs and programming geared towards seniors in our community:**

**MNHM After School – Winter/Spring 2021**

**February 10, 2021 – Get Ready for the Great Backyard Bird Count.** Justin Barrett of Manomet, Inc. and Nasketucket Bird Club gave us advice on how to participate in the bird count by identifying birds and recording your findings. We became a "citizen scientist" while having fun in our own backyards or local parks. Great program for adults and kids. We shared resources, apps, tips, and tricks on how to ID birds. The Great Backyard Bird Count (GBBC) is a free, fun, and easy event that engages bird watchers of all ages in counting birds to create a real-time snapshot of bird populations. This program was held over Zoom.

**April 28, 2021 – Eastern Box Turtles.** Presenter Brian Butler of Oxbow Associates explained why these animals are called "box" turtles, what they eat and what they need to survive. We also learned why they are endangered. Brian brought in many hands-on items to explore as well as a radio telemetry demonstration, turtle traps and other scientific equipment used to help locate and protect these animals.

**May 12, 2021 – Amazing Arthropods.** Blake Dinius, entomologist with Plymouth County Extension Service, gave us a close-up opportunity to learn about insects and spiders, which make up about 77% of all animal species on the planet. We had a

chance to handle live butterflies and examine many different specimens of butterflies. We also went outside to practice netting to collect insect specimens.

**May 19, 2021 – Trip to Bird Island.** Isaac Perry, Marion Harbormaster, offered us the unique opportunity to visit this amazing bird habitat. We took a trip to view our returning water birds and saw Ospreys, Cormorants, and many Common Terns and the endangered Roseate Terns.

**June 9, 2021 – This is Rocket Science!** Mike Cronin, Museum Board member and avid rocket enthusiast, taught us a little about propulsion and lift while creating our own rockets. Due to Covid most of the construction took place at home with a kit and the use of a construction video created and provided created by Mike. Then we met behind the Museum and enjoyed adding the rocket engines and lift off. A wonderful way to end the school year!

#### **MNHM Summer Programs 2021**

**July & August, 2021 – Coastal Explorations, Sessions 1 and 2 for grades entering 3-5.** The Museum held two week-long programs featuring the exploration of our rocky intertidal shorelines, salt marshes, estuaries as well as freshwater riverbanks, swamps, ponds, and bogs to take a close-up look at the birds, amphibians, fish and invertebrates that make these areas so special. Locations changed daily based on planned activity and for the opportunity to explore as many habitats as possible. Hands-on activities included netting frogs and fish, looking at different soil types, exploring our woods, wetlands, and beaches. Both programs were very well attended.

#### **MNHM After-School Programs – Fall 2021**

**Sept. 29 – Seashore Netting.** We walked down to the Marion Harbormaster's beach and used the large seining net to see what animals were still in the harbor.

**Oct. 6 – Introduction to Forestry** with MA state forester James Rassman. Service Forester Jim Rassman told us about the trees of Massachusetts using wood samples from different trees, and then brought us on a walking tour through the woods behind Sippican School to identify some of our local trees.

**Oct. 20 – Bird Migration!** with Justin Barrett, President of the Nasketucket Bird Club spoke with us about our local birds' migration patterns. Bird migration is one of the most harrowing feats a bird can accomplish! We heard about how and why so many birds migrate every year, and some of the dangers that come along with it. We then went outside to look for and listen for birds.

**Nov. 3 – NECWA Terrapin and Sunfish Program.** Carol "Krill" Carson, founder and president of New England Coastal Wildlife Alliance visited the Museum to share with us what NECWA does for our local ocean wildlife. Each late summer and fall, ocean sunfish strand along the shores of Cape Cod. Many are trying to navigate their way south to warmer wintering areas. NECWA is the only organization that attempts to save these animals and get them back into deeper water.

**Nov. 17 – Shed Hunting 101** - Shed hunting is the pursuit of finding antlers that have been naturally shed by any antler-bearing mammal such as moose, caribou, elk and deer. These dropped antlers are commonly referred to as "sheds" or "shed antlers." Shed hunting is a great opportunity to get outdoors, work your legs, and spend time with family and friends of any shed hunting skill level. We went outside to look for sheds (plastic) and each team hid sheds for the other to locate.

**December 15 – Holiday party** – We had fun together creating gifts with natural craft materials. Many crafts were made by our creative kids including pinecone bird feeders, owl ornaments, candles and others.

#### **MNHM Adult/Seniors Programs:**

**Oct. 13 – The Future of Natural History Museums** with focus on small museums like the Marion Natural History Museum. This online program was presented by Eric Dorfman, author of the book, "The Future of Natural History Museums." Eric Dorfman is Director and CEO of North Carolina Museum of Natural Sciences, a member of the Executive Board of the International National Council of Museums (ICOM), and an adjunct faculty member of North Carolina State University in the Department of Marine, Earth, and Atmospheric Sciences. He is an author of several popular books on New Zealand natural

history and climate change, as well as scholarly papers on museum education, public programming, Egyptology and the ecology of wetland birds. Eric discussed many of the challenges and opportunities for small natural history museums like ours. After his presentation we had the opportunity to ask many questions of Eric, who has extensive experience in running small museums as well as large. This program was held on Zoom.

**Oct. 20 – Forestry Health** with Felicia Hubacz, MA DCR Forester. Felicia discussed the State’s major forest health issues of the last year which included Beech Leaf Disease, White Pine Needle Disease, Emerald Ash Borer, and Asian Longhorned Beetle. We had a chance to view several specimens to help us learn to identify current and future threats to our forest and how the DCR Forest Health Program monitors and manages for them.”

**Oct. 27 – Tick-borne Diseases** with Blake Dinius, Entomologist with Plymouth County Ext. Service. When it comes to preventing tick bites, it’s all about knowledge, not fear. In our workshop, we worked on dispelling myths and learned practical applications based on scientific research to help us avoid getting bitten.

#### **MNHM Community/Family Programs:**

**August 20, 2021 – How Trees Communicate** – Attendees explored the underground network of trees with Valentina Lagomarsino, PhD student, Biological Biomedical Sciences program at Harvard University. Trees are considered to be the oldest living organisms on the planet. Over centuries, they have been resilient to changes in their environment due to their symbiotic relationship to fungi and other microbes. When scientists first studied the structure of nerve cells that comprise the human brain, they noted their strong resemblance to trees. In fact, dendrites, the term to describe projections from a nerve cell, comes from the Greek word Dendron, for “tree.” The comparison may have been more apt than originally realized: scientists are starting to uncover that trees have their own sort of nervous system capable of facilitating tree communication, memory and learning. We discussed how trees communicate and the invisible microbes that keep our ecosystems in harmony. This program was supported in part by a grant from the Marion Cultural Council, a local agency which is supported by the Mass Cultural Council, a state agency.

**September 30, 2021 – Can Seaweed Feed and Fuel Our Future?** This online event was presented by Scott Lindell, Research Specialist in Aquaculture Technology at Woods Hole Oceanographic Institution [WHOI]. Marine aquaculture holds great promise for sustainably meeting the world’s food and energy needs as the world’s population expands to 10 billion by 2050. Current agricultural practices contribute about 30% of greenhouse gas emissions, and is dependent on pesticides, fertilizers from fossil fuels, and increasingly scarce freshwater supplies. In addition, there simply won’t be space to feed all those people using terrestrial agriculture. About 90 percent of our energy presently comes from finite natural resources—oil and gas—whose extraction and use contribute to pollution and climate change. Farmed seaweed, on the other hand, needs only seawater and sunlight to thrive, and can provide carbon-neutral nutrition and energy. Key challenges need to be overcome in order to sustainably scale up marine farming and make it economically viable. WHOI research specialist Scott Lindell and his team completed their third season of cross-breeding, growing, and evaluating strains of sugar kelp, and have developed high-yield varieties. We heard about the challenges and opportunities facing this exciting research, and learned about the promising future of seaweeds that can sustain our lives and our planet. This was a free zoom event, and was supported in part by a grant from the Marion Cultural Council, a local agency which is supported by the Mass Cultural Council, a state agency.

**A Note of Appreciation:** The Museum is especially grateful to the Town of Marion for continuing to help fund the Museum for FY 22. The funds have been used to maintain our museum hours and to continue offering online and in-person programs for students and adults of all ages on the topics of science, engineering, and nature. Our museum is also funded by generous donations from members of our community, memberships and grants. The Museum is also grateful for the assistance and support of the Marion Cultural Council, the Marion Harbormaster Department, the Public Works Department, the Town Administrator, the Elizabeth Taber Library whom we share space with, and our local communities. The Museum Board of Directors expresses our gratitude for and acknowledges the dedicated service of our Director, Elizabeth Leidhold. The Museum could not function without Elizabeth’s efforts to create and coordinate our extensive array of programming and manage our collections.

The Museum board president wishes to thank fellow board members for their long-term dedication, time, and talent they provide, and their commitment to our community and the Museum's Mission.

**About the Museum:** Nestled in the heart of Marion's historic village, set among Marion's businesses and the Town House, and tucked upstairs above the Elizabeth Taber Library resides the Marion Natural History Museum—one of the oldest organizations in our town, and one of the first few natural history museums in the United States. A well-loved institution, the Museum has helped to guide our area youth into careers in nature, science, and engineering. We look forward to continuing to engage and educate families and individuals with meaningful exhibits and activities and provide senior-centric programs to our growing population over 65. We welcome visitors, volunteers, and new members. We seek sponsors, donors, and partner organizations to support us, especially in preparation for our 150th Anniversary and our ongoing strategic plans.

## **2021 ORCTV Annual Report for Marion**

2021 found Old Rochester Community Television in a very uncertain position as the COVID-19 pandemic entered its second year. With meetings being held remotely, students learning from home and public buildings be closed to residents, ORCTV once again found itself adapting and making the necessary adjustments to continue to serve the community. With all of the obstacles that the staff and membership faced during 2021 they still managed to produce an incredible amount of programming, rivaling what was created during our most productive year 2019, before the onset of the pandemic.

During 2021 ORCTV filmed over 160 meetings, forums and informational sessions for the town of Marion including both the Spring and Fall Town Meetings. The yearly number of meetings recorded for Marion has more than doubled over the past five years. The staff also recorded and livestreamed many events for the town including various town dedication ceremonies, holiday events, and candidate for town election spots. ORCTV recorded updates from the Board of Health to educate residents on COVID 19 protocols, vaccination clinics and changing mandates. At the request of the town ORCTV installed a video recording system in the Marion Music Hall. The system, while mainly intended for the recording of government meetings, will also be available to record events held at the Hall such as concerts and plays. Over the past three years ORCTV has invested over \$80,000.00 in capital funds in the town of Marion to enhance our recording equipment within town buildings and conference rooms.

Throughout 2021 ORCTV partnered with many Marion based not for profit and community organizations to both promote group activities and film their events. The staff worked closely with station member/producer Judith Rosbe and the Sippican Historical Society to produce episodes of the group's Oral History Project. The series has been in production since 2014 with each installment featuring the story of a Marion resident in their own words. ORCTV has also collaborated with Executive Director Leslie Piper to record the Historical Society's speaker series and annual meetings for many years. With 2021's slate being held remotely, ORCTV was pleased to help broadcast these events to area viewers who may have not had the opportunity to participate otherwise.

Old Rochester Community TV Outreach Coordinator Emily Richmond also worked closely with the Marion Art Center and their Director Jodi Stevens to present the organization's many events to the public. The MAC regularly promotes upcoming performances, art shows and openings through ORCTV via the station's bulletin board or by recording PSAs. ORCTV filmed the Arts Center's plays and concerts for broadcast while also partnering to livestream other events while the lockdown was still in effect and audiences were not permitted in the building. Throughout the year the two organizations collaborated to bring MAC events such as the annual Art in Park show, artist interviews, lectures, gallery openings, art classes and more to as wide an audience as possible.

Over the past several years the station has worked closely with St. Gabriel's Episcopal Church to livestream and broadcast the congregation's weekly services. Among the many other local organizations ORCTV partnered with during 2021 were the Sippican Land Trust to promote new hiking trail locations, The Tri-County Symphonic Band and Marion town Band as they performed both virtual and in person concerts, the Elizabeth Taber Library, The Marion Museum of Natural History and the Buzzards Bay Action Committee. ORCTV staff live streamed weekly meditation sessions presented by the Council on Aging (COA) and the town's Recreation Department and also recorded many COA informational forums and cooking demonstrations at the recreation center.

During 2021 the station continued its work with our local schools. The ORCTV/ORRHS video production program is now in its sixth year. The weekly 30 minute news magazine "Bulldog Weekly" highlights student activities at the high school and features segments from Principal Mike Devoll and Athletic Director Bill Tilden. The show is entirely written, filmed and edited by ORRHS video production students. The students and staff also worked with the district to bring local viewers a number of virtual concerts, award ceremonies, holiday events and school assemblies throughout the year.

This past school year the staff of ORCTV worked with over 300 students and school district staff members in video production training classes and workshops at the elementary and Junior High School levels. The Educational Outreach program also works with Sippican School and instructor Chelsea Lawrence each week teaching video production through the Junior Reporters program. ORCTV staff have been working on a weekly basis for the past four years, one on one, with special needs students at the high school, teaching them video production and editing.

In early 2021 when winter sports were taking place with either limited or no in house audiences, the Old Rochester Athletic Department asked if ORCTV would be able to live broadcast games for students, friends and families over our online platforms and our cable channel. The practice was so successful that it continued throughout the year as ORCTV broadcast ORRHS regular season and playoff games live from as far away as Fall River, Bridgewater and the Cape helping to bring the games into the homes of for local residents. In many cases parents would watch the games live on their phones from the parking lots of the arenas and gyms while their children played inside. In addition to working with the ORRHS athletic department the staff and students also recorded and livestreamed many other school events such as plays, lectures, concerts, the annual promenade and pep rallies. Both the ORR and Old Colony Commencement ceremonies were broadcast live as were those of the local elementary schools and the Junior High School.

In 2022 and beyond we hope that more people will come back to the studio to create programs as the pandemic subsides. The Old Rochester Regional High School building was not open to the public for much of 2020 and 2021. During that time ORCTV helped to record programs in our members' homes and at other remote locations as a means of continuing both long running productions and in creating new content. As part of both our Educational TV program and our mission to serve our station members, the station's staff taught virtual editing classes and ran workshops to teach Tri-Town residents how to use Zoom and other online platforms to record meetings, shows and create virtual events for broadcast content. Through our channels, our social media and our online video on demand platforms these vital productions reached an average of over 10,000 or more people per week. As we have said many times, Old Rochester Community TV takes the community part of our name very seriously as it is the story of the community that we are here to help residents tell through the lens and vision of our member producers who have been creating amazing content for nearly 16 years.

In 2022 we hope to add an internet based radio platform to the station's channels as a means to further our offerings to the local community. This service will allow residents to create podcasts, hear local meetings, concerts, school events, talk shows and more on their phones, computers and other smart devices.

During 2021 ORCTV cable-casted 8,300 hours of programming on our public channel, over 6,400 hours of programming on our educational channel and nearly 6,800 hours of programming on Marion's government channel. ORCTV has always been proud to serve this community as your local access media center and we look forward to our continued service to the town of Marion in the coming years.

## 2020-2021 SCHOOL YEAR REPORT

### Introduction

Old Rochester Regional School District and Massachusetts School Superintendency Union #55 serve the towns of Marion, Mattapoisett, and Rochester. The educators and staff in the three communities and four districts continue to work collaboratively to develop and deliver high quality education for our students that prepare them for an ever changing society and workforce. Thank you to our three communities who provide financial stability that allow our educators the resources to offer the latest curricula and programs which help our children to compete and excel in all facets of their education. Our school buildings continue to be invested in and maintained to create a safe and welcoming environment for our students and staff.

As you read this report you will see examples of our students' achievements, staffing and program changes, as well as signs of the structural improvements that have taken place in our buildings to upgrade learning spaces, technology infrastructure and safety.

The 2020-2021 school year took immense planning to prepare for the ongoing navigation of the COVID-19 pandemic. After March 13, 2020 the remainder of the 2019-2020 school year was conducted remotely. Students at all grade levels accessed their education remotely through synchronous and asynchronous teaching and learning opportunities. During the summer of 2020 – our schools began to offer both in-person instruction for students who required extended year services, while continuing to offer remote learning flexibility. When preparing for the 2020-2021 school year the school-system prepared for three learning model scenarios – which our schools could pivot between as needed. These learning models included full remote learning for all students, hybrid learning, and full in-person learning. Each learning model plan was designed in alignment with the most current Department of Elementary and Secondary Education guidance and requirements. Ultimately, our district began the 2020-2021 school year operating a hybrid learning model. Families and students were also offered the opportunity to learn remotely based on their preference and individual circumstances.

Our hybrid learning model offered students the opportunity to learn in-person two days a week and remotely three days a week. Class sizes when learning in-person were approximately half the size of a typical classroom. This design allowed for social distancing when in-person and for other COVID-19 mitigation strategies to be implemented. As the school year progressed the school-system continued to explore and examine the feasibility of increasing in-person learning. Starting with our youngest learners, our schools began to increase the amount of in-person learning in February of 2021 and gradually returned all students to full time in-person learning during the spring of the 2020-2021 school year.

The unprecedented impact of COVID-19 on our school community certainly presented challenges that could not be ignored. Our typical model of teaching and learning was forced to evolve on short notice. Nevertheless, our students, families, and staff members showed resolve of a strong school-system and school community. Through flexible problem solving and a willingness to go above and beyond – our students continued to access their education opportunities with fidelity and meaningfulness. Throughout the school year our schools remained anchored to our schools' mission which is to inspire all students to think, to learn, and to care.

### **Strategic Plan**

Vision 2023 was created in the Spring of 2018 by a steering committee with the help of focus groups from all three towns. The steering committee narrowed the scope of the work to three priority areas; social and emotional learning, global awareness, and 21<sup>st</sup> century skill development.

#### **THEORY OF ACTION**

##### **IF WE ...**

provide all students with life and career skills, learning and innovation skills, and technology skills, by integrating these skills into a rigorous and relevant curriculum,

##### **AND**

develop and consistently utilize evidence-based approaches and strategies that foster the social and emotional well-being of students to promote their success,

##### **AND**

create a school district environment that broadens our students' leadership skills, understanding and appreciation of multiculturalism, diversity, and global awareness by building relationships to establish a broader worldwide network, inspire all students to think, to learn, and

##### **THEN WE WILL ... to care.**

have provided our Tri-Town students with 21st-century academic skills, strengthened their social and emotional competencies and prepared them to be engaged global citizens.

#### **Strategic Plan - Year Three**

During the 2020-2021 school year educators worked to complete the goals identified in the third year of the five-year strategic plan. The Vision 2023 strategic plan overarching goals focus on meeting the needs of all students, community relationships, technology, and organizational structure. This year's professional development centered around our commitment to Vision 2023. The focus areas were:

- 21<sup>st</sup> Century Learning
- Social Emotional Learning Professional Development
- Global Citizenship Professional Development
- Technology & Remote Learning (Technical and Pedagogy)
- Cultural Proficiency & Anti-Racism Training
- Grade Level and Department Curriculum Development

- Transition Planning Meetings to Support Student Development

Year three goals of Vision 2023 were the focus throughout this year of professional development. Our school-system partnered with professional development experts to support adult learning in our schools. First, we welcomed Dr. Christopher Clinton who is affiliated with UMASS Dartmouth to focus on best practices as related to remote learning. Next, Mr. Mirko Chardin, a school leader in the Cambridge School District, led our faculty through a professional development opportunity titled “Beyond Access with SEL.” Supporting our ongoing commitment to cultural proficiency and equity work – Dr. Kalise Wornum presented to our staff members on how best to support all learners in our classrooms and beyond. Focusing on “Deeper Learning” – Mr. Chris Bronke presented best practices to ensure meaningful and memorable learning for our students. Furthermore, Mr. Eugene Hamilton presented to both staff members and students on the topic of “Creating an Equitable School District for All Students.” Lastly, our school-system partnered with Dr. Kris Taylor from Teachers21 to discuss how best to establish non-negotiables to foster inclusivity and acceptance in our schools. These opportunities bolstered our professional development plan for the 2020-2021 school year as these experts were able to lead conversations related to best practice and help design action plans for progress.

### **School Leadership**

During the 2020-2021 school year Mr. Michael S. Nelson officially became the Superintendent of Schools as of July 1, 2020 – replacing outgoing Superintendent of School Dr. Douglas R. White who retired at the conclusion of the 2019-2020 school year. In addition, the administrator team within the Central Office welcomed new faces to our school-system.

First, Dr. Jannell Pearson-Campbell was hired as the schools’ Assistant Superintendent of Teaching & Learning. Dr. Pearson-Campbell came to us with a variety of experiences within the public school sector including both urban and rural educational experience both as a teacher and administrator. Furthermore, Dr. Pearson-Campbell’s credentials included experience supporting students with disabilities who require special education services.

The school-systems Business Office also welcomed a new leader, Mr. Howard G. Barber who accepted the position of Assistant Superintendent of Finance & Operations. Mr. Barber joined our school-system with more than a decade of experience as a school business manager and vast school operations knowledge.

Also joining the school-system and Central Office team to lead the Student Services Office is Mr. Craig J. Davidson. Mr. Davidson accepted the position of Director of Student Services. Before joining our schools – Mr. Davidson spent ten years as a special education teacher and then moved into a Director of Student Services position as a school leader. His background has prepared him to lead our special education and student services departments within our schools with a focus on inclusion and equity.

At the school building level – our administration teams remained relatively constant. The Mattapoisett School District, Old Rochester School District, and Rochester School District welcomed back both their principal and assistant principal for another school year. In the Marion School District – Mr. Sean Persico accepted the assistant principal position at Sippican School within the Marion School District. Furthermore, Mr. Eugene Jones (Director of Facilities), Mrs. Jill Henesey (Director of Food Service), and Mrs. Doreen Lopes (Early Childhood Education Coordinator) continued to serve our schools in their capacities.

## **School Buildings**

### **All Schools**

The COVID-19 pandemic brought about many challenges within each school building. HVAC and air quality inspections, tests and evaluations were conducted by independent, outside contractors to ensure a safe educational environment in accordance with prescribed ASHRAE Standards. Air purifiers were also added to classrooms in all of our schools. All of our buildings are still being cleaned and disinfected every school day and also static sanitized each evening. This continues to provide a safe and germ-free environment for learning to take place. All school playgrounds have reopened per DESE and CDC recommendations and guidance.

CARES funds were used to purchase “mask break” tents, providing a safe, outdoor area for students and staff to access fresh air in all weather conditions.

We continue to solicit funding for Capital Improvements in all four districts. This past year three of the four districts received capital funding for improvements. We are grateful to the Towns for their commitment to education and the upkeep of our schools.

All mandated yearly inspections and tests have been completed in all buildings.

### **Rochester Memorial School**

We completed crack, seal, sealcoating and striping of all the parking lots and roadways at Rochester Memorial School. This will extend the life of the facility asphalt and provide fresh markings for safe traffic control.

The Building Management System’s (BMS) main controller (brain) which controls all the buildings HVAC systems needed to be replaced. The new controller allowed for more control and better monitoring of the HVAC system. This ensures we are providing the healthiest and most comfortable learning environment for students and staff.

Irrigation was installed in the main field as part of the Capital Improvement approved by the Town.

“Hands-Free” water bottle filling stations were added inside the school to provide a safe source of filtered fresh water for our students and staff at Rochester Memorial School.

Routine maintenance is conducted on all facility machinery and equipment to ensure proper operation and reliability.

### **Old Rochester Regional High School/Junior High School**

First responders from Marion, Mattapoisett, and Rochester conducted “Med Flight” training on the football field at ORR. ORR is a designated “Landing Zone” in the case of an area emergency.

We successfully installed a new Early Childhood playground at the High School. The new playground provides an up-to-date, safe and age-appropriate play area for our young students.

With the assistance of the SRPEDD Building Capture Project grant we successfully completed 3D images of the ORR entire campus. The virtual 3D images are an extremely helpful tool for first responders allowing them to easily identify areas of the facility and to have direct access to those areas.

### **Sippican Elementary School**

An emergency access road has been added to the rear of Sippican School to provide an alternate, safe access for first responders. This will allow access to the school from another direction and provide a secondary emergency egress route from the school.

Both the front playground and the early childhood playground were resurfaced. The playgrounds now meet new Americans with Disabilities Act (ADA) code regarding wheelchair access for our students and the community in general.

The aging snow removal tractor was replaced ensuring our ability to assist the Town of Marion with safely clearing the Sippican School grounds during snow/ice removal operations.

We continue the VCT flooring replacement project; one classroom and the grade 1 hallway have been completed. This is part of our Capital Improvements (funded by the Town).

### **Center School**

The non-commercial lawn tractor was phase-replaced with an efficient Zero-Turn tractor at Center School.

Routine maintenance is conducted on all facility machinery and equipment to ensure proper operation and reliability.

### **Old Hammondtown School**

The aging septic assist system needed to have two motors replaced, along with floats and a controller. The new system will automatically assign a lead and lag pump to prevent any backup inside the building.

During a roof inspection several rips in the rubber membrane roof were found. The rips were repaired immediately to prevent any damage to the interior.

We phase-replaced our grounds support tractor.

Routine maintenance is conducted on all facility machinery and equipment to ensure proper operation and reliability.

**Student Services and Special Education**

Students who receive special education services in the Tri-Town range in age from 3 to 21. Our integrated preschool program, Project GROW, provides services for any preschoolers who are eligible for special education. Some preschoolers, who are eligible for special education services, receive therapies on an appointment basis based on individual needs.

Students in our elementary schools range from those who may have very mild learning or language disabilities or a developmental delay to students who have more significant disabilities (autism, multiple disabilities, etc.). School-based TEAMS consider the impact of the student’s disability on their education in determining the types of services or programming the student needs. Some students with complex disabilities affecting all areas of their lives may require services after school or during summer vacation. As students become older, school-based TEAMS work with adult agencies to begin the transition process for students who are entitled to support services.

During 2021 and as compared with the Commonwealth of Massachusetts - the Marion, Mattapoisett, Rochester and Old Rochester Regional School Districts educated 91.7% of their students who receive special education services within a full inclusion service delivery model, as compared with a state average of approximately 62%. The benefits of education within our neighborhood schools include: higher expectations for students with disabilities; improved instruction (because of the need for teachers to teach to individual children regardless of their achievement levels); and a richer school environment because of the diversity of our classrooms. The average percentage of students with disabilities (SWDs) is 16.0%, which is 2.9% less than the state average of 18.9%. A particular point of pride continues to be how few of our students are educated in schools outside of their communities. Specifically, only .65% of students with disabilities are educated in schools or programs not in the Tri-Town. This data is evidence of the strong commitment to an inclusive school and town(s) environment.

There is variability in the percent of students with disabilities among our school districts – as outlined in the table below:

District	%SWD
Marion	19.0%
Mattapoisett	15.6%
Rochester	17.7%
ORR	14.4%
System-Wide	16.0%
State-Wide	18.9%

Regarding the professional development of staff members within our schools, our traditional Responsive Classroom Elementary Course in 2021 was postponed due to restrictions. The course was rescheduled for 2022 and will include new staff from both school years. Responsive Classroom is a student-centered, social and emotional learning approach to teaching and discipline. It consists of a set of research, and evidence-based practices designed to create safe, joyful, and engaging classrooms and school communities for both students and teachers. Furthermore, Responsive Classroom is an evidence-based approach to teaching and discipline that focuses on engaging academics, positive community, effective management, and developmental awareness. Moreover, the Office of Student Services offered additional trainings in the areas of Social Emotional Learning Strategies (SEL), Individual Education Program (IEP) development, adult agency support for students with disabilities (MRC), confidentiality, student records, and crisis prevention and intervention (CPI), Diversity, Equity and Inclusion Non-Negotiables, and Master Teacher Online Courses for Paraprofessional staff.

The high school athletics program continued with their Unified Sports/Special Olympics affiliation. Special Olympics is dedicated to promoting social inclusion through shared sports training and competition experiences. Unified Sports joins people with and without intellectual disabilities on the same team. It was inspired by a simple principle: training together and playing together is a quick path to friendship and understanding. The Bulldogs have embraced this philosophy and participated in their second season of basketball. The team continues to increase in numbers and had 14 members participate in the winter season. After being canceled during the 2020 spring season, our 2021 Unified Track made an emphatic comeback and hosted several track meets on campus.

Our youngest learners continued to receive high level preschool services in an integrated classroom model that reflects our schools' philosophy regarding inclusion and best practices. The Early Education Coordinator worked with both school personnel and community partners to offer in-person and virtual playgroups for our youngest learners. Our staff participated in a professional development - Building Equitable Support for Children with Disabilities - and qualified for a grant opportunity to support instruction focusing on equitable supports and anti-bias practices. Each of our preschools received materials and resources to use with our youngest learners.

The Office of Student Services worked alongside our Anti-Racism Subcommittee to survey students (grades six through our high school transition program) in the areas of equity and inclusion using the Panorama platform. 979 students district-wide participated in this survey that provided results in three focus areas - cultural awareness and action, diversity and inclusion, and sense of belonging. The District also provided community wide events for students and families focusing on equity and inclusion. Our first speaker, Ms. Christina Brown (TNTP), presented on identity and a sense of belonging. Our second speaker, Author Sarah Fiarman, led a community discussion on unconscious racial bias in schools.

In 2021, the Office of Student Services also participated in the Department of Elementary and Secondary Education's Tiered Focused Monitoring Audit. Our District conducted a self-assessment of our special education and civil rights offices, protocols and procedures. This review process emphasizes procedures for following state and federal regulations for students with disabilities. Particularly, the DESE reviewed our procedures and documentation and will conduct their on-site visit during the 2022 school year.

In 2021 - our staff, students, and families continued to face challenges never imaginable in the educational world. Our special educators, service providers, para-professionals and staff worked diligently with our

families on providing services remotely and in-person. We continue to be blessed with the most dedicated staff in the field of education.

**Finances**

Federal and state grants continue to offset staffing in all four school districts, as well as provide staff development for targeted student needs including social/emotional learning, language-based learning disabilities, and students with significant and complex needs. Grants also offset a percentage of preschool programming. Finally, the continued investment in providing special education services within the neighborhood schools enriches the quality of teaching available to all students, improves the school culture and ultimately results in students with disabilities and their families maintaining a higher level of independence.

**The School Budgets**

The table below displays the trends in the budgets of the Tri-Town district in the last three years.

The per pupil cost for education in the schools of the Old Rochester Regional and Massachusetts School Superintendency Union #55 is compared to each other as well as to the Massachusetts state average:

	<u>FY'18</u>	<u>FY'19</u>	<u>FY'20</u>
Marion	\$16,298	\$16,112	\$17,017
Mattapoisett	\$19,746	\$20,549	\$20,891
Rochester	\$14,633	\$14,580	\$14,805
Old Rochester	\$15,405	\$16,508	\$17,110
State Average	\$16,506	\$17,150	\$17,575

The source of support for public education programs in the Old Rochester Regional School District/Massachusetts Superintendency Union #55 includes funding sources described in the tables below:

**Local Tax Assessments: Local School Budgets: (Grades K-6 Elementary School Program)**

	<u>FY'19</u>	<u>FY'20</u>	<u>FY'21</u>
Marion	\$6,056,909	\$6,165,701	\$6,301,167
Mattapoisett	\$6,994,224	\$7,185,583	\$7,357,475
Rochester	\$6,256,108	\$6,424,585	\$6,609,831

**Old Rochester Regional School District (Grades 7-12 Program)**

	<u>FY'19</u>		<u>FY'20</u>		<u>FY'21</u>	
	<i>Operating</i>	<i>Capital</i>	<i>Operating</i>	<i>Capital</i>	<i>Operating</i>	<i>Capital</i>
Marion's share	\$4,336,188	\$244,953	\$4,540,902	\$221,749	\$4,743,800	
\$212,223						
Mattapoisett's share	\$5,462,462	\$310,793	\$5,706,582	\$305,713	\$5,885,034	
\$292,716						
Rochester's share	\$4,493,007	\$281,671	\$4,566,742	\$276,910	\$4,627,733	

\$264,464

**State Aid (Towns (K-6) & ORR District (7-12))**

	<b><u>FY'19</u></b>	<b><u>FY'20</u></b>	<b><u>FY'21</u></b>
Marion	\$ 846,844	\$ 860,344	\$860,344
Mattapoisett	\$ 826,405	\$ 839,485	\$839,485
Rochester	\$1,855,232	\$2,057,549	\$2,057,549
Old Rochester	\$3,010,154	\$3,043,394	\$3,043,394
	<b><u>FY'19</u></b>	<b><u>FY'20</u></b>	<b><u>FY'21</u></b>
Federal and State Entitlements:	\$969,299	\$896,276	\$1,410,874
Competitive State Grants	\$33,810	\$ 76,977	\$ 47,689
Private Grants		\$ 3,414	\$ 9,675

Included in the FY'21 Federal and State Entitlement Grants are specific one time grants which may not be available next fiscal year. The ESSER I grant(s) for \$118,523, State Coronavirus Prevention Fund(s) for \$98,500, Summer Vacation Learning Grants(s) for \$48,000 and Remote Learning Technology Grant(s) for \$172,596 are included in the \$1,410,884 total. Below is a description about each of these grants.

**ESSER Grant I** -The Elementary and Secondary School Emergency Relief I (ESSER I) Fund, authorized under section 18003 of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), provides districts with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools. Districts must provide equitable services to students and teachers in non-public schools as required under the CARES Act.

**State Coronavirus Prevention Fund** - In January 2021, the legislature authorized one-time funding to school districts for additional assistance to support coronavirus prevention efforts and to maintain and increase educational quality during the pandemic. The budget provides for each district to receive funding equal to the sum of \$25 multiplied by their FY2021 foundation enrollment plus \$75 multiplied by their low-income enrollment. Eligible uses for the funds include, but are not limited to, personal protective equipment, hygienic supplies, costs associated with socially distanced onsite learning, remote learning, or hybrid approaches as determined by the district.

**Summer Vacation Learning Grant** - The purpose of this new competitive federally funded grant is to support local school districts, charter, and career vocational technical education school's efforts to develop, expand, or enhance high quality, in-person, virtual, or hybrid (combination of in-person and virtual) summer (summer 2020) and/or school vacation learning programs during the 2020-2021 school year. Grant funds may also be used to support the development and implementation of school year weekend learning programs to be implemented during the academic year.

**Remote Learning Technology** -The purpose of this competitive Remote Learning Technology Essentials Program is to provide supplemental funds to support Local Education Agencies (LEAs) in addressing remaining

remote learning technology needs and to ensure that every student has adequate access to technology for use in remote learning environments during the 2020-21 school year. Funds under this program, in addition to those made available under other federal grant programs, may be used to support technology needs addressed following the March 13, 2020 COVID-19 emergency.

**Enrollment**

The October 1<sup>st</sup> enrollment totals in the Old Rochester Regional/Massachusetts School Superintendency Union #55 Districts are showing a fluctuation from year to year. It is important to note that the enrollment numbers reported in 2020 were reported during the COVID-19 pandemic and there were 92 additional K-12 students who were being homeschooled. As a reference in the previous year we had 24 K-12 students reported as homeschooled.

	<b>October 1 – Preschool through Grade 6</b>		
	<b><u>2019</u></b>	<b><u>2020</u></b>	<b><u>2021</u></b>
Sippican School	433	392	400
Center School	244	224	235
Old Hammondtown	190	170	187
Rochester Memorial	504	472	511
ORR Junior High School	415	399	388
ORR Senior High School	662	636	600

Although a high percentage of the elementary school students K-6 are enrolled in the Tri-Town Public Schools there is some movement to independent and parochial schools from grade seven and a more significant movement to independent, parochial, and vocational schools, after the eighth grade. The following chart captures trends in student transfers. The largest transfer trend is seen from Grade 8 to Grade 9 where some of our students opt to go into Vocational High Schools, such as Upper Cape Cod Technical High School, Old Colony Regional High School and Bristol County Agricultural High School.

	<b><u>2019</u></b>	<b><u>2020</u></b>	<b><u>2021</u></b>
Grade 6	203	177	208
Grade 7	213	192	183
Grade 8	202	207	205
Grade 9	156	136	135
Grade 12	162	166	170
Graduating Class *	177	185	188

\* Graduating class figures are as of June 2021; other figures are as of October 1, 2021.

Lindsey Elizabeth O'Donnell	New Bedford
Curtis James Braggi	Wareham
Erin Elizabeth Davis	Wareham
Michael Francis Parker	Wareham
Emma Rose Waratuke	Wareham
Stephen Joseph Arne	West Wareham
Amanda Rose Wheeler	West Wareham

### **Union Agreements**

During the 2020-2021 school year three agreements were negotiated and settled. The Marion Teachers Association and the Marion Support Staff Associations agreed upon multi-year contracts with the Marion School Committee. In addition, the Mattapoisett Teacher Association negotiated and settled a one-year contract with the Mattapoisett School Committee. A one-year agreement was agreed upon by both parties in light of the COVID-19 scenario and impact on financial forecasting. In 2021 – negotiations with the Rochester Teacher Association and Rochester Support Staff Associations commenced.

### **Academic Performance**

Old Rochester Regional School District Massachusetts School Superintendency Union No. 55 navigated through the challenges of the COVID-19 pandemic that greatly impacted school communities nationwide. The Pandemic led to various types of learning models during the 2020/2021 school year: hybrid-in, hybrid-out, remote learning and the eventual return of all students to in-person learning. In the Spring of 2021, the MCAS Assessment was taken by students; it was a shortened and modified version of the exam. Students testing locations varied; some took the test remotely while others took it in-person. The Next Generation MCAS was administered to all students on a Chromebook.

Data from the exam is used to inform instructional approaches and interventional strategies to support learning for all of our students. We continue to focus on fostering a sense of belonging and partnership among students and families, continuously monitoring students' understanding, and ensuring strong grade-appropriate instruction with just-in-time scaffolds when needed. We are very fortunate to have dedicated teachers, families and stakeholders that provide our students with what is needed to achieve their greatest potential.

The Next Generation MCAS exam is scored as follows: students who performed at or above the score of 500 earn the "Meets Expectations" or "Exceeds Expectations" designation. Scores between 470 and 499 earn the "Partially Meeting Expectations" designation. Scores between 440 and 469 are given to students who are not demonstrating that they know the standards in a given subject area. They receive a "Not Meeting Expectations" designation. Our goal is to help every student Meet or Exceed the Expectations.

Once again in 20/21 the Massachusetts Department of Elementary and Secondary Education (DESE) incorporated accountability indicators which provided information about school performance and student opportunities beyond test scores. There are also normative and criterion-referenced components such as attendance in the accountability percentiles and progress toward set targets. DESE is focused on raising the performance of each school's lowest performing students in addition to the performance of the school as a whole. They also have accountability categories that define the progress that schools are making and the type of support they may receive from the Department. Districts are classified based on district-level data, not based on the performance of a district's lowest performing school.

On the following pages you will find each school's MCAS performance data summary.

### Rochester Memorial School Performance

Rochester Memorial School is made up of pre-k through grade 6 students. Students at Rochester Memorial School in grades 3 through 6 achieved an average standard score above the aforementioned 500 threshold consisting of 503.0 for grade 3, 502.6 for grade 4, 500.2 for grade 5 and 501.1 for grade 6 in English Language Arts.

Average math scores for Rochester Memorial School students were 494.8 for grade 3, 495.5 for grade 4, 501.0 for grade 5 and 500.6 for grade 6.

On the grade 5 science assessment, students averaged a score of 507.8 versus the State average of 494.3

The table below describes the performance by grade at Rochester Memorial School.

Grade and Subject	Meeting or Exceeding Expectations		Exceeding Expectations		Meeting Expectations		Partially Meeting Expectations		Not Meeting Expectations		No. of Students Included	Avg. Scaled Score	Avg. SGP	Included in Avg. SGP
	District	State	District	State	District	State	District	State	District	State				
GRADE 03 - ELA	57	51	8	9	49	41	39	39	4	10	77	503.0	N/A	N/A

### Sippican School Performance

Sippican School serves students pre-k through grade 6. Students at Sippican School in grades 3 through 6 achieved an average standard score close to or above the aforementioned 500 threshold consisting of 502.1 for grade 3, 499.7 for grade 4, 501.7 for grade 5 and 505.6 for grade 6 in English Language Arts.

Average math scores for Sippican School students were 487.0 for grade 3, 495.0 for grade 4, 499.0 for grade 5 and 503.5 for grade 6.

On the grade 5 science assessment, students averaged a score of 502.8 versus the State average of 494.3

The table below describes the performance by grade at Sippican School.

Grade and Subject	Meeting or Exceeding Expectations		Exceeding Expectations		Meeting Expectations		Partially Meeting Expectations		Not Meeting Expectations		No. of Students Included	Avg. Scaled Score	Avg. SGP	Included in Avg. SGP
	District	State	District	State	District	State	District	State	District	State

### Mattapoissett Schools Performance

Center School serves students pre-k through grade 3. Old Hammondtown School serves students grades 4 through 6. Mattapoissett students continue to perform at a high level in all subjects.

In English Language Arts:

- 72% of grade three students met or exceeded expectations versus 51 % for the State.
- 66% of grade four students met or exceeded expectations versus 49% for the State.
- 73% of grade five students met or exceeded expectations versus 47% for the State.
- 77% of grade six students met or exceeded expectations versus 47% for the State.

In Mathematics:

- 39% of grade three students met or exceeded expectations versus 33% for the State.
- 55% of grade four students met or exceeded expectations versus 33% for the State.
- 75% of grade five students met or exceeded expectations versus 33% for the State.
- 55% of grade six students met or exceeded expectations versus 33% for the State.

In Science:

- 77% of grade five students met or exceeded expectations versus 42% for the State.

The table below describes the performance by grade at Center School and Old Hammondtown School.

Grade and Subject	Meeting or Exceeding Expectations		Exceeding Expectations		Meeting Expectations		Partially Meeting Expectations		Not Meeting Expectations		No. of Students Included	Avg. Scaled Score	Avg. SGP	Included in Avg. SGP

### Old Rochester Regional Junior High School Performance

Old Rochester Regional Junior High School serves students in grades 7 and 8 from Marion, Mattapoisett and Rochester. 7th grade students scored 4% above the state average for meeting or exceeding expectations in English Language Arts and 8th grade students are 8% above the state average in the category for meeting or exceeding expectations in English Language Arts.

Grade 7 students' math scores were 3% lower than the State average for meeting and exceeding expectations and the grade 8 students' math scores were 6% higher than the State average for meeting and exceeding expectations.

In science, grade 8 students are 14% above the State average for meeting or exceeding expectations.

The table below describes the performance by grade at Old Rochester Regional Junior High School.

Grade and Subject	Meeting or Exceeding Expectations		Exceeding Expectations		Meeting Expectations		Partially Meeting Expectations		Not Meeting Expectations		No. of Students Included	Avg. Scaled Score	Avg.S GP	Included in Avg.S GP

### Old Rochester Regional High School Performance

Old Rochester Regional High School serves students in grades 9 through 12 from the towns of Marion, Mattapoisett and Rochester. Grade 10 students outperformed the state average in English Language Arts by 18% for meeting or exceeding expectations and outperformed the state average in math by 17% for meeting or exceeding expectations. The grade 10 science MCAS exam was not given in 2021 due to Covid-19.

The table below describes the grade 10 performance at Old Rochester Regional High School.

Grade and Subject	Meeting or Exceeding Expectations		Exceeding Expectations		Meeting Expectations		Partially Meeting Expectations		Not Meeting Expectations		No. of Students Included	Avg. Scaled Score	Avg.S GP	Included in Avg.S GP
	District	State	District	State	District	State	District	State	District	State				
GRADE 10 - ENGLISH LANGUAGE ARTS	82	64	24	19	58	45	16	27	2	9	164	517.4	53.5	157
GRADE 10 - MATHEMATICS	69	52	14	11	55	41	28	36	3	12	164	509.4	42.6	158

### Old Rochester Regional SAT Performance

In 20/21, due to the Pandemic, many colleges and universities removed the SAT requirement as part of their admission process. With this in mind, fewer students chose to participate in the SAT's than in previous years. Fifty-eight students from the Class of 2021 participated in the SAT examination. The Mean Score for Evidence-Based Reading and Writing was 586. In Math, the mean score was 595.

### Advanced Placement Coursework

Two hundred twenty-four students took advantage of a variety of Advancement Placements courses offered at the Old Rochester Regional High School in the 2020-2021 academic year. These 224 students took a total of 422 AP exams, meaning many took multiple AP courses at the same time. Many students chose to get a leg up on college level coursework while still in high school. AP exams are developed by the College Board. With a scoring system of 1 through 5 on the exam, if a student earns a 3, 4, or 5, many higher education institutions offer college credit. Students enter college with credits already earned, placing them ahead in their degree aspirations. We are proud that many students take multiple AP courses and exams while at the Old Rochester Regional High School.

With AP Scholar awards, the AP Program recognizes high school students who have demonstrated outstanding college level achievement through their performance on AP exams. The AP scholar designation is granted to students who receive scores of 3 or higher on 3 or more AP Exams. Old Rochester Regional High School had an impressive 28 students who earned this distinction. We are very proud of the robust participation of our students in Advanced Placement courses. Below is a table of the AP Awards received.

No. of ORR Students	AP Award	AP Criteria
28 Students	AP Scholar	Granted to students who receive scores of 3 or higher on three or more AP Exams.
16 Students	AP Scholar with Honor	Granted to students who receive an average score of at least 3.25 on all AP Exams taken, <b>and</b> scores of 3 or higher on four or more of these exams.
27 Students	AP Scholar with Distinction	Granted to students who receive an average score of at least 3.5 on all AP Exams taken, <b>and</b> scores of 3 or higher on five or more of these exams.
5 Students	AP Capstone with Diploma	Granted to students who earn scores of 3 or higher in AP Seminar <b>and</b> AP Research and on 4 additional AP Exams of their choosing.
4 Students	AP Seminar and Research Certificate	Granted to students who earn scores of 3 or higher in both AP Seminar and AP Research.

### College and University Admissions

Old Rochester Regional School District students attained admissions at a variety of public and private institutions of higher education. The largest portion of Old Rochester Regional High School's class of 2021 students, 13 students, chose University of Massachusetts, Amherst as their school of choice. Many chose the economically advantageous opportunities within close proximity to the Tri-Town: 14 students chose Bristol Community College, 8 students chose Bridgewater State University and 9 students chose University of Massachusetts, Dartmouth. Three students chose University of Massachusetts, Boston, 6 students chose Massachusetts Maritime Academy, 6 students chose the University of New Hampshire, and 5 chose Emmanuel College, respectively.

Other students chose to enroll in state institutions of higher learning in other states or in private colleges. Below is a listing of these institutions:

American University	Anna Maria College	Assumption University	Blue Hill Helicopter Flight School
Boston College	Brandeis University	Bridgewater State University	Bristol Community College
Bryant University	Cape Cod Community College	Carnegie Mellon University	Champlain College
Colby-Sawyer College	Connecticut College	Dartmouth College	Dean College
Duke University	Elon University	Fairfield University	Fairleigh Dickinson University- Fordham
Framingham State University	Franklin Pierce University	Haverford College	High Point University
Husson University	Johnson & Wales University	Lasell University	Loyola University New Orleans
Lynn University	MA College of Art & Design	Ma College of Pharmacy & HS	MASS Maritime Academy
Merrimack College	Moorpark College	Mount Holyoke College	Nichols College
Northeastern University	Plymouth State University	Queens University	Regis College
Ringling College of Art and Design	Rochester Institute of Technology	Roger Williams University	Sacred Heart University
Salem State University	Salve Regina University	Simmons University	Southern New Hampshire University
Spa Tech Institute	Stonehill College	Suffolk University	SUNY College of Environmental Science
Temple University	The University of Alabama	Tufts University	Tulane University
UMASS Amherst	UMASS Boston	UMASS Dartmouth	UMASS Lowell

Union College	Universal Technical Institute	University of Arizona	University of Colorado Boulder
University of Connecticut	University of Maine Orono	University of New Hampshire	University of New Haven
University of Rhode Island	University of South Carolina	University of Southern Maine	University of St. Andrews
University of Tampa	University of Vermont	Wentworth Institute of Technology	Westfield State University
Worcester Polytechnic Institute			

The graduating Class of 2021 also had students who chose to serve in the Army and in the Navy. We are proud of those individuals and thank each of them for their service.

## Conclusion

In conclusion, our schools continued to make progress with the Vision 2023 Strategic Plan and meet outcomes articulated within the third year of the plan. The focus continued on 21<sup>st</sup> Century Learning by developing project-based learning understanding and implementation. Furthermore, our educators continued to focus on the importance of learning opportunities including creativity, collaboration, communication, and critical thinking components. We continued to recognize and value social emotional learning in our schools by endorsing the Responsive Classroom approach, teaching explicit social emotional skills, and ensuring safety in our classrooms and schools. Lastly, our school community embraced the ideology of global citizenship by creating opportunities for both students and educators to acknowledge not only the classroom environment, but beyond.

During the 2020-2021 school year the COVID-19 pandemic certainly shaped logistical planning and required safety mitigation factors that had to be implemented for both the safety of those in our schools and our communities in general. Yet – our schools continued to offer a high level of educational services to all students. Our staff members went far beyond their typical responsibilities to meet each family and student where they were at – to the best of their abilities. The ongoing support from the town stakeholders, our families, and STUDENTS allows our school-system to navigate any challenge and remain focused on our main priority – teaching and learning.

## School Committee

During the 2020-2021 school year we had five (5) School Committee members conclude their service, we extend our sincere gratitude for their willingness to offer their time and commitment to our schools and our students.

The following school committee members completed terms in 2021:

- Cary Humphrey, ORR School Committee, Rochester
- Shannon Finning, Mattapoisset School Committee

- Carole Clifford, Mattapoisett School Committee
- Jonathan Dickerson, Marion School Committee
- Tina Rood, Rochester School Committee

We also welcomed four (4) new members, we thank them for joining our school community. The stakes involved in school committee decision-making are quite high and we look forward to working collaboratively with them throughout their term. Ms. Carole Clifford from Mattapoisett ended her term in 2021 and was then appointed to a one- year term when Dr. Shannon Finning resigned from her seat on July 13, 2021.

The following school committee members began terms in 2021:

- Matthew Monteiro, ORR School Committee, Rochester
- Tiffini Reedy, Mattapoisett School Committee
- Christine Marcolini, Marion School Committee
- Jason Chisholm, Rochester School Committee
- Carole Clifford, Mattapoisett School Committee

The following school committee members were re-elected in 2021:

- James Muse, Mattapoisett School Committee
- April Rios, Marion School Committee
- Robin Rounseville, Rochester School Committee
- Michelle Smith, Marion School Committee

**Annual Administrator's Report  
2020-2021  
Sippican School  
Marion, Massachusetts**

The school year began with an enrollment of 409 students in grades PreK through 6. Mr. Sean Persico joined us as the assistant principal. It was a year filled with change. Students, staff and families collaborated to ensure that this unusual year (due to the COVID 19 pandemic) would provide the best education for the students at Sippican School.

During the 2020-2021 school year, our staff and students showed great resilience. Due to COVID 19, we were forced to “pivot” many times. Most of our students began the year in a hybrid model of instruction. As the year progressed we were able to bring back all of our students to fully in person learning. This was truly an unprecedented year for teaching and learning. Our students persevered. MCAS assessments were administered in a modified format statewide.

**Staffing**

The 2020-2021 school year brought a lot of change to Sippican's staff. Because of the pandemic, our instructional structure was fluid. We provided both remote and in person instruction. We had new staff members, long term substitutes and staff members who covered multiple positions during the school year:

Lisa Horan (Remote teacher)  
Marti Medeiros (Remote teacher)  
Paula McKeen (Remote teacher)  
Chelsey Lawrence (Remote teacher)  
Jocelyn Ulloa (Kindergarten Long Term Substitute)  
Susan Swoish (Grade 1 and Kindergarten Long Term Substitute)  
Janice Proc (Grade 3 Long Term Substitute)  
Lucy Lizotte (Grade 4 Long Term Substitute)  
Sydney Swoish (Grade 4 Long Term Substitute and paraprofessional)

Isaiah Stewart (Art Long Term Substitute and paraprofessional)  
Grace Emmett (Art Long Term Substitute)  
Sarah Sirois (Social Emotional Learning Long Term Substitute)  
Stacey Riquinha (Reading Specialist)  
Jaryd Gioiosa (Special Education)  
Elizabeth Machado (Special Education)  
Shannon Ahern (part time social worker)  
Sarah Jacques (Speech and Language)  
Gilly Leonardo (Building Maintenance)

Long time Speech and Language teacher, Ann Vital and Cathleen Sinnott, classroom teacher retired. Our food service manager, Janet Reynolds as well as lunch server, Donna Blanchard, also retired. We are grateful to all for their decades of service to the children and families of Marion.

### **Curriculum and Staff Development**

Professional development is essential to ensure that our staff are prepared to provide the best educational experiences for our students. The 2020-2021 professional development was focussed on focussed primarily on reaching all students during the pandemic. Time was spent understanding and implementing online tools and platforms. We continued our cultural proficiency work as well as finding ways to engage students in project-based learning.

### **Highlights Across the School**

Students at Sippican are focussed on the learning that takes place inside and outside of their classrooms. Again, the pandemic changed our ability to do many things. However, there were still many opportunities for students. Band students at Sippican School continued with online lessons. The children were invited to play at the Memorial Day Remembrance. This year it was back in person. Our students did a wonderful job honoring our Veterans. The Garden Club was able to social distance in the spring to prepare and plant the Sippican Garden. Our grade six students were

excited to be able to celebrate their time at Sippican at the traditional beach trip. We were also excited to be able to invite families and friends to an outdoor Grade 6 Promotion Ceremony.

### **Community Connections**

Sippican is blessed to have the Volunteers At Sippican Elementary (V.A.S.E.) members who tirelessly support the Sippican experience. Enrichment opportunities including storytelling and drawing lessons were conducted over Zoom. The ACE program featured Motoko, a Japanese storyteller who even taught students how to create origami animals. In the spring, Toe Jam Puppet Band performed live on the front lawn. We were also able to have our Boosterthon Fun Run which was adapted into a dance party to ensure social distancing.

### **Conclusion**

The 2020-2021 school year was quite simply, an unusual year. The COVID 19 pandemic changed the way our school year looked. As a school community we continued to support each other, and we did indeed persevere. We worked hard to preserve as many events and traditions as possible. We are thankful for the community support that we have all felt. The dedication of our staff and the support of the community ensured a successful school year for our students in these truly unprecedented times.

Marla Sirois, Principal

**Principal's Annual Report  
Old Rochester Regional Junior High School  
2020-2021 School Year  
Silas Coellner, Principal  
Kelly Chouinard, Asst. Principal**

The 2020/2021 school year was like none other in the history of the school. Due to the COVID-19 pandemic, a day in the life of an ORRJHS student was radically different. The entire structure of the school day and learning model was changed to fall within the safety guidelines provided by the Massachusetts Department of Elementary and Secondary Schools (DESE).

The JHS implemented a hybrid model. Students attended school every other day in person Tuesday through Friday. All students attended school virtually on Mondays. When a student was not in person, they worked on asynchronous lessons and checked in each period with their teachers virtually. The students had four longer classes each day instead of the normal 7 periods per day at school. Advisory was held every morning to support students' social connections and academic outlook for the day of learning. Students were grouped into pods and assigned classrooms to minimize movement and the number of student-to-student interactions at school. Social distancing was implemented at 6ft in every classroom. A portion of our high needs students attended school in person every day. Approximately 15% of our students participated in school fully remote.

On April 1, 2021, we held a virtual parent informational night to include a time for Q & A. This was done in preparation for our transition to full in person. On April 27, 2021, ORRJHS returned to full in person learning.

The Junior High experienced several personnel changes in the past year.

**The following new staff were added to the Junior High:**

Colleen Morehouse - ELA Teacher  
Rubab Rashid - Special Education Teacher  
Joanna Buckley - Special Education Teacher  
Kevin Thompson - Paraprofessional  
Dionne Cozier - Paraprofessional  
Morgan Matthews - Paraprofessional  
Kathrynne Perrill - Receptionist

**The following staff retired/resigned from the Jr. High School:**

Kathy Bobrowiecki - Paraprofessional  
Patricia Costa - Receptionist

**The following staff members were reassigned:**

Diane Setera - Paraprofessional from the high school to the junior high school  
Colleen Morehouse - ELA Intervention Teacher to Remote ELA and Social Studies Teacher  
Thomas Cooney - Math Intervention Teacher to Remote Math and Science Teacher  
Carol Herrmann - Librarian/Media Specialist to Digital Literacy Teacher

### **Curriculum and Instruction:**

- 10 days of professional development for staff to prepare for hybrid instruction during a pandemic.
- The social studies department continued to develop and refine curriculum aligned with the 2018 History & Social Studies Curriculum Frameworks.
- MASSCUE Virtual Conference
- Community Conversation with Sarah Fiarman - WHO ME, RACIST? - Unconscious Bias
- Staff professional development: Creating an Equitable School District for All Students & Keynote Eugene Hamilton Cultural Proficiency: Is This Place Safe?
- Diversity Equity and Inclusion Non-Negotiables with D. Kris Taylor of Teachers21
- Implemented Aimsweb+ benchmark assessments (Fall, Winter, Spring) in reading and mathematics.
- Schoolwide implementation of Zoom, Google Classroom, EdPuzzle, PearDeck & Screencastify
- Daily Responsive Advisory Meetings through implementation of the “The Responsive Advisory Meeting Book”. Supporting instructional materials provided daily to staff in a virtual friendly format. Students were surveyed for feedback in May of 2021.

### **Virtual Afterschool Activities:**

Old Rochester Regional Junior High School offered Jazz Band, GSA Club and DECA (with the HS).

### **Virtual School Wide Assemblies:**

DRUG STORY THEATER - October 30, 2021 - Drug Story Theater made a video of their middle school show “The Price You Pay; Second Chances”. The show taught the students how the developing brain is more easily addicted to drugs than a full-grown brain.

SOCIAL MEDIA - April 12, 2021 10:15 am-11:15 am - Mr. Eugene Hamilton presented an interactive workshop to help students identify positive, appropriate and helpful uses for social media platforms (TikTok; Instagram; Facebook, Twitter, etc.) in the school environment and beyond.

INTERNET SAFETY - April 26, 2021 10:15 am-11:15 am - Mr. Eugene Hamilton presented an interactive workshop to help students avoid individuals and groups that seek to derail them. The presentation helped students identify warning signs of inappropriate activity and equipped them with tools for alerting adults and authority figures when they feel unsafe and/or threatened.

PREPARING TO PIVOT - April 14, 2021 - Principal Coellner provided detailed information regarding the transition to full in person learning on April 27, 2021

### **Community Service:**

During 2020/2021 our students were involved in the following projects:

- CRADLES TO CRAYONS - PROJECT 351 CLOTHING DRIVE
- GSA Club students distributed Pride Pins to interested students in June
- Provided six Tri-Town families with food baskets and gift cards during the holiday season

**Grade 7 Orientation/Opening Day:**

5/17/2021 Virtual parent night for incoming 6th grade students

**School Council:**

The Old Rochester Regional Junior High School's School Council met once a month virtually from September 2020 through June 2021. The School Council reviewed the FY 20-21 budget and received updates on the budget process as well as worked on the Two-year School Improvement Plan for 2022/2023.

**Staff Accomplishment(s):**

Nichole Charbonneau, Grade 8 English Teacher (Orange Team), was selected to serve on the state level Bias & Sensitivity Assessment Development Committee for the Massachusetts Comprehensive Assessment System (MCAS)

**Old Rochester Regional Junior High to Senior High Transition:**

The 8th grade guidance counselor created a "My Career Notebook" for students and guided them through a career exploration and introduction to the vocational schools.

On June 9, 2021 ORRHS hosted a "Step Up Day" for the 8th graders,

**Vocational School Visits:** Due to COVID-19 the receiving vocational schools created promotional videos and interactive maps. They also provided virtual meet and greets and small group in person tours.

**Grade 6 to 7 Student Transition:**

On May 19, 2021, a Parent Night was held virtually followed by a Q&A.

As mentioned, an orientation half-day was held at the end of August 2021 to familiarize incoming Grade 7 students and remote students with the school prior to their first day.

**Initiatives:**

- Inaugural year of the Life Skills Program which consisted of a severe needs certified special education teacher and three paraprofessionals.
- Weekly voluntary staff meetings
- Maintained our summer reading program where students in grades 7 & 8 were allowed to choose a minimum of one book from a selection of fiction and non-fiction titles. A book discussion was held on their selected title in September.
- With the Mattapoissett Police and School Resource Officer, Matt McGraw, we trained our staff and students in the A.L.I.C.E. program (enhanced lockdown for school intruder emergencies).
- Implemented the "Responsive Advisory Meeting Book" and conducted a hybrid Advisory every day of the week.
- 1:1 Chromebooks
- Conducted the National Spelling Bee virtually.
- Conducted Panorama Cultural Proficiency Survey for students and staff.

- Administration active participation in the ORR Anti-Racism Subcommittee
- Ms. Samantha Enos led the Annual Scholastic Book Fair during the month of November.
- Daily Morning announcements live on YouTube with Principal Coellner.
- A Christmas Carol - virtual field trip to Trinity Rep Company
- Virtual Walking tour of Berlin supporting the 7th grade ELA curriculum

Respectfully Submitted,  
Silas D. Coellner, Principal

**Principal's Annual Report  
Old Rochester Regional High School  
2021  
Michael Devoll – Principal  
Vanessa Harvey– Assistant Principal**

**Our Towns**

Our school serves three southeastern Massachusetts towns: Mattapoisett; Marion; and, Rochester. All three towns have maintained their individual charm through careful and thoughtful community planning. Marion and Mattapoisett are quaint, close-knit seaside communities. Rochester has a more rural landscape surrounded by scenic farms, cranberry bogs, pine forests and fresh water ponds. Residents are proud of their school systems and have been very supportive in passing legislation to ensure its continued success.

**Our School**

The 2020-2021 school year featured a student body made up of 715 students, including 72 students attending Old Rochester Regional High School through the School Choice Program. Our student body resides in the communities of the Tri-Town: Marion, Mattapoisett, and Rochester. Through the School Choice Program, the school was able to welcome residents of the following communities to our school: Acushnet, Fairhaven, Lakeville, Middleboro, New Bedford, and Wareham. In 2021, ORRHS graduated a class of 189 seniors. ORRHS offers a comprehensive curriculum with a wide selection of Honors and Advanced Placement courses. During the 2020-2021 school year, 224 ORRHS students took 422 Advanced Placement tests with 71% of students receiving a qualifying score of 3 or better. In 2021, approximately 94% of ORR graduates continued their education at two or four-year colleges.

**Our Faculty**

Of the 61 faculty members at ORRHS, 78% have their Master's degree and 3% have their Doctoral degree. The school has a 14.5 to 1 student to teacher ratio.

**Accreditation**

Principal of Old Rochester Regional High School in Mattapoisett, Massachusetts, Michael Devoll was pleased to report that the New England Association of Schools and Colleges, voted for continued accreditation for Old Rochester Regional High School at their April 2019 meeting. The New England Association of Schools and Colleges, founded in 1885, is the oldest accrediting agency in the country and is recognized by the U.S. Department of Education as a reliable agency to award accreditation to New England Schools. The Association is a voluntary accrediting agency of more than 2000 public and independent schools, colleges and universities, and vocational, technical, and career institutions. Of these, approximately 630 high schools, middle/high schools and PreK-12 schools have been accredited through the Association's Commission on Public Schools.

**Mock Trial**

The Mock Trial club participated in a virtual tournament in January and February while competing in turn as both the prosecution and defense in a simulated criminal case involving a manslaughter charge associated with the operation of a self-driving vehicle. It was a fascinating case and an interesting adaptation of standard Mock Trial procedures, as students had to learn to conduct themselves in a virtual courtroom setting on top of their usual responsibilities. Seniors Daphne Poirier and Maya Blouin continued as student leaders of the club, which also welcomed a number of new underclassmen members this year.

**National Honor Society**

During the 2020-2021 school year, the National Honor Society was busy serving their peers, school, and community through many initiatives and activities. In the fall of 2020, we expanded our tutoring program to include the junior high school and all of the elementary schools in the district. Students also reached out to local nursing homes during the holidays to send support to senior citizens. In order to foster community and positivity, they started positivity campaigns throughout the district. Our members also created educational and craft packets, complete with activities for elementary students to complete over vacations. Throughout the year, students also supported and promoted the Book Dash campaign begun by our librarian, Allison Barker, to ensure access to books during the pandemic. They continued to work with our school psychologist,

Phil Alessi, to promote positive mental health through Zoom events. To promote activities, members started an Instagram page and maintained our Facebook page. They planned an outdoor induction for new members and a recognition ceremony for current members to close out the school year.

### **Debate Team**

The Old Rochester Regional High School Debate Team had a successful year in 2020-21 within the Eastern Massachusetts Debate League (EMDL). The COVID pandemic caused two major changes to debate. First all debates took place virtually and second, the size the team nearly doubled as many students seized the opportunity to take part in a virtual school activity. This season the debaters argued the following resolution Resolved: The United States federal government should enact substantial criminal justice reform in the United States in one or more of the following: forensic science, policing, sentencing. Strong debate performances were made by seniors Emma Vivino, Bess Pierre, Payton Lord, Katelyn Luong, and Serena O'Connell. The Old Rochester Regional Varsity Debate Team was the 3rd highest ranked four-person team in the league and Junior was the highest ranked varsity affirmative speaker in the Eastern Massachusetts Debate League. Juniors Mackenzie Wilson, Sophia Martins, Max Vivino and Sam Harris also had strong seasons. In 2021-22 the Debate Team is arguing the following resolution: Resolved: The United States federal government should substantially increase its protection of water resources in the United States.

### **Class of 2021**

In the 2020-2021 school year, the Class of 2021 made an active effort to continue fundraising in anticipation of future senior events. They held dine-out nights in addition to other fundraising efforts in anticipation of the Senior Prom. The class organized a Senior Sunrise event at Silvershell Beach to kick off the new school year. In the spring, the class was able to hold their annual Ned's Point day where families donated lunch, drinks, and snacks for the class to enjoy. The class was also able to create the aerial class number photo on the football field in the spring. Finally, the class of 2021 was able to put together a beautiful outdoor Senior Prom at Shining Tides to which almost 150 of our seniors attended. The class of 2021 had a very successful senior year!

### **Class of 2022**

The COVID pandemic kept the class of 2022 from holding many activities in the spring of 2021. As the COVID restrictions eased over the summer, the class was able to start planning for an exciting Senior year. They kicked off their Senior year by holding their semi-formal dance in late August. They were then able to hold the traditional class field trip to Ned's Point in October. The class has been able to host 2 successful fundraisers in the fall of 2021. Once again, they held a Trunk-or-Treat on campus for the children of the Tri-Town. They also held a Spike Ball tournament at the high school. The advisors and officers continue to plan other traditional senior activities such as the senior superlatives, the senior breakfast, and the prom. At this time the class has plans to hold the prom in Newport, RI on May 31, 2022.

### **Class of 2023**

The Class of 2023 plugged along since fall and successfully raised money through the following fundraisers: 3 v 3 Basketball Competition, Gift Wrapping, 3 Point Basketball Competition. The class is in the process of planning their Junior Prom. They are holding it on campus in May, as well as having it locally catered.

### **American Field Service**

The American Field Service (better known as the AFS Club) empowers students to become globally engaged citizens by delivering meaningful intercultural experiences that provide the knowledge and skill needed to help create a more just and peaceful world. AFS is open to all students who enjoy traveling and meeting new people. 2020-2021 was a tough year for the social club. The club was unable to travel to Waterford Union High School in Wisconsin for the annual short-term domestic exchange or to New York City. The club did have the Halloween pumpkin carving contest, but no International Dinner. AFS is looking forward to continuing cultural exchanges again.

### **Community Services Learning**

The 2020-21 school year began with excitement to be meeting in person again and the club continued to welcome new members with excitement, energy, and commitment to give back to our Tri-Town community. CSL offers yearly volunteer opportunities and even enjoys adding new ones so students can

participate on their own. The club meets once a week after school. The CSL co-advisors, Karen Browning and Andrea Moniz help to advise students as they take on student leadership roles on various community service projects that are new and on-going projects. Once again, this year, under the leadership of our students, the CSL Club collected 644 pairs of socks for their “SOCKTOBER” event in October. It was another huge success, and the socks were donated to The Women’s Center in New Bedford. As October came to a close, the CSL Club turned its focus to our December group event in collaboration with Toys for Tots called “Stuff a Cruiser”. This year CSL was able to collect even more toys for local children than in previous years! The club appreciated the generosity of Tri-Town residents for making this the most successful year yet! They would like to especially recognize Turks Restaurant for making such a large donation of toys for the event! Among these group volunteer activities, CSL has had several individual volunteer opportunities brought to the group by students and led by students, such as volunteering on weekends at Damien’s Pantry. The CSL Club also has been informed of opportunities brought from the community, such as with the Mattapoisett Land Trust and Sippican Land Trust properties and at the Mattapoisett Library. This year the CSL Club has made a wonderful connection with VASE from Sippican School in Marion. Students have volunteered in various events and opportunities with the students. Some of them included the Holiday Shop event and the After Class Enrichment (ACE) Homework Help. Another awesome community connection the CSL Club has made is with the Tri-Town Anti-Racism group helping with positive messages and bulletin boards at Sippican. Our students made a poster for the custodial staff to show our appreciation for all that they do both inside and outside of our buildings. The club will plan a beach clean-up in the spring and we will cap off our successful year in May of 2022, where the club will honor students who have submitted their community service hours that have earned them the “President’s Volunteer Service Award”, an award where students earn either a gold, silver, or bronze medal depending on the number of their volunteer hours along with a signed letter from the President of the United States thanking them for their community service.

### **Unified Athletics**

The ORR Unified Basketball completed their third season with 5 wins and 2 close losses. The ORR Unified Basketball team featured a total of 19 partners and athletes with diverse abilities. The team was excited to welcome their fans back this year, providing them with show stopping performances on the court! Over the past several years, the teammates have developed a strong bond with one another. It will be hard to say goodbye to the 8 seniors who helped to build the foundation for ORR Unified Basketball. The ORR Unified Basketball team epitomizes diversity, inclusion, grit, and teamwork. Each Unified player contributes their indelible mark on the court and demonstrates to the ORR school and local community what it means to be “unified.”

### **Art Students**

Despite the limitations due to Covid the ORRHS art students still managed to connect to our world and community through the visual arts. Students in the art department had their art on display throughout the tri town and beyond. Twelve students submitted AP art and Design portfolios and all received a passing score or higher. Five students received a score of 5. Students entered local and regional art shows and earned recognition. Taylor Green received a Silver Key for her multimedia painting “Schooled”. Margaret Berry received Honorable Mention for her photograph “Veiled Love”. Autumn Tilley won first place in the Emerging Young Artist contest sponsored by College of Visual & Performing Arts at UMass Dartmouth. The Marion Arts Center hosted a show of local high school artists. ORRHS had over twenty pieces on display with artwork by Christopher Knight winning Best in Show. Students in the Visual Design class collaborated with the Mattapoisett Land Trust to create illustrations for the “story walk” at Grace’s Pond. They also were one of 250 students chosen nationally to participate in Vans Custom Culture design contest. Students worked collaboratively to come up with a design that symbolizes the theme “Head in the Clouds”. They then created the design on the Vans slip on shoes that were sent to the school. Art students in Art 1 collaborated with Ms. Wickman’s Monsters Murder and Madness class to create visual representations of the literary monsters they created based on modern day fears. Students used the intaglio printing method to create their visual representations in the form of a print.

### **Music Department**

During the 2020-2021 school year, many of the annual music events occurred virtually. The Music Department had one student accepted to the Southeast District Junior Music Festival, two students accepted

to the Southeast District Senior Music Festival, and two accepted to the All-State Music Festival. All of the festivals rehearsed virtually, then the students participated in creating videos of their group performances. In school, all of the music ensembles focused their attention on creating audio and video recordings of their performances. Recording individually was a new experience for most of the students and was an incredible learning experience for everyone involved. In the end, each ensemble created between 2-5 audio recordings, and at least one full length video. Many of these videos were posted online for the public to watch, with two shown live at the December 2021 Winter Concert.

### **Gender-Sexuality Alliance**

The ORRHS GSA had a very successful year advocating for education and policy change in the school district to create a more inclusive community. Over the course of three presentations, the GSA leadership, Parker Simpson and Alia Cusolito, provided staff training on LGBTQ+ issues. The topics included basic education on LGBT terms and identities, respecting trans students and their needs, and creating and integrating LGBTQ-inclusive curriculum. In April, the GSA hosted the GLSEN Day of Silence and curated a bulletin board outside of the nurses' office on LGBT+ Mental Health and how students are affected by current events. In May, the GSA gave a presentation to the ORR Policy Subcommittee on changes the district can make to be more inclusive in the handbook and in our school's policies and procedures. During Pride Month, the GSA partnered with the Mattapoissett Museum for an education series on the museum's Instagram. These posts covered topics such as Boston Marriages, Local Historical Queer Authors and Literature, the history of GSAs, and the Stonewall Riots. In addition, our members were also involved with other groups including TriTown Against Racism (TTAR), the ORR Antiracism Subcommittee, Massachusetts Commission for LGBTQ Youth, and GLSEN MA Shine Team.

### **Student Newspaper**

The Paw Prints student newspaper continued its work through the use of remote meetings throughout the school year. Ultimately, the staff were able to produce both online content and a couple of print issues later in the year as we adjusted to safety and sanitation protocols. While this was a challenging year logistically, the club was able to establish an incredibly devoted leadership team who put together a strong apparatus for a return to in-person meetings in 2021-2022.

### **Sci-Fi Club**

The Sci-Fi club existed remotely during the 2021-2022 school year. While the group missed some of the face-to-face interactions, they were able to track down and make use of fun online resources. The club even conducted a zoom-based roleplaying campaign as part of a campaign to meet and play games together safely. The club walked out of the year with a team of student leaders who were eager to hit the ground running in the 2021-2022 school year.

### **Student Council**

The 2020-2021 school year was a year unlike any other in the history of Old Rochester. Despite this most challenging and unique school year, Student Council (STUCO) remained actively involved in promoting positive school spirit and supporting students and activities within the school. STUCO started the school year by organizing and running secure online elections for the new freshmen class. STUCO once again collaborated with The Boosters Club and helped fund another hydration station which was installed in the gym. STUCO also purchased a new, customized bulldog flag, a Massachusetts flag, and an American flag to be flown on the flagpole at the front of the school. In October, STUCO hosted a remote/hybrid "Spirit Week" with a friendly cohort competition of themed dress-up days. In December, STUCO held its first ever virtual Club Hub to highlight our many clubs and activities. As we pivoted to full, in-person learning in April, STUCO hosted a second spirit week with fun themed dress-up days to help ease students' transitions back into school. In the spring, STUCO once again made a contribution to the Garden Club to help support and maintain the gardens and plantings on the school campus. In May, STUCO E-Board, senators and class officers wrote "Thank You" emails to staff in honor of National Teacher Appreciation Week. The year culminated with STUCO presenting four deserving seniors from the Class of 2021 with \$500 "Unsung Hero" scholarships. All in all, Student Council carried on despite the challenging circumstances and was there to help and support the school community, no matter what learning model we were in.

### **Math Team**

The ORR mathematics team competed in virtual meets via zoom for the duration of the 20-21 season. The league felt that interested students would benefit from the challenging mathematics offered through the meet opportunities and all interested schools were invited to attend all four meets and the traditional playoff meet. No awards were given for high scoring teams and individuals, but students participated for "the love of the game." Students competed at home via zoom with their own teammates and coach at each of the schools participating. ORR's own Sakurako Huynh-Aoyama participated from across the globe, in Japan, at every meet!! Dedicated math team members attended every meet that they could. The year's seniors include Evan Smith, Emma Williamson, Daphne Poirier, Rebecca Milde and Jonathan Pereira,

Once again, the Old Rochester Regional High School proved to be first-class and continued the school's history of excellence. Students and staff congratulated Sheilah Sullivan and Jim Morton on their retirements after long and storied careers at Old Rochester.

Respectfully submitted,

Michael Devoll  
Principal

## UPPER CAPE COD REGIONAL TECHNICAL SCHOOL

### ANNUAL REPORT 2021

To the citizens of Bourne, Falmouth, Marion, Sandwich, and Wareham:

#### ELECTED SCHOOL COMMITTEE REPRESENTATIVES:

TOWN OF BOURNE	MARY CROOK DAVID P. SAMPSON
TOWN OF FALMOUTH	THOMAS CORRIVEAU, VICE-CHAIR MARYANN SMITH
TOWN OF MARION	CHRISTINE MARCOLINI
TOWN OF SANDWICH	MICHAEL DEGAN, TREASURER  ELLEN BARBER
TOWN OF WAREHAM	DOMINIC CAMMARANO ROBERT FICHTENMAYER, CHAIR
SUPERINTENDENT	ROGER D. FORGET

Upper Cape Cod Regional Technical School foundation enrollment, as of October 1, 2020 consisted of one hundred eighty (180) students from Bourne, one hundred eight-three (183) from Falmouth, seventeen (17) from Marion, one hundred thirty-two (132) from Sandwich, and two hundred fifty (250) from Wareham. The school also has a self-sufficient adult Licensed Practical Nursing program with both full-time and part-time day and evening programs available to students. Due to the success of quality career and technical education garnering praise on regional, statewide, and national, fronts, the interest in attending Upper Cape Tech is increasing while the number of school age children is decreasing.

Upper Cape Tech continues to expand its offerings for adults and other out of school individuals. Adult tuition students, specialized afternoon and evening occupational programs, and summer programs are additional to the 762-pupil school day enrollment. Upper Cape Tech continues to offer valuable cost-effective services to its communities via its day and evening programs. During this fiscal year 773 adult students were enrolled in evening courses.

At Upper Cape Tech, students may choose Automotive Collision Repair, Automotive Technology, Carpentry, Cosmetology, Culinary Arts, Electrical, Engineering Technology, Environmental Technology, Health Technology, Horticulture, HVAC, Information Technology, Marine Technology, Plumbing & Heating, or Veterinary Science.

Another unique offering for students at Upper Cape Tech is the cooperative employment program which allows qualifying juniors and seniors to work for employers in their trades on alternating weeks during their shop time. In FY2021, 163 students had cooperative employment placements earning over \$1,000,000.00 collectively, marking it the most lucrative year on record for UCT co-op students.

One of the innovative projects students worked on this year was the design and construction of a “tiny house.” What made this initiative truly unique was the fact that students from all 15 of the technical shops

worked collaboratively to see this project to fruition. Some shops, such as Cosmetology, Culinary Arts and Health Technology, participated in an advisory role providing ergonomic-friendly design features, researching kitchen equipment, and offering recommendations on color selections. The other shops participated in the actual hands-on construction and configuration of the “tiny house.”

In this fiscal year, construction began on an additional outbuilding to house the Engineering shop. As enrollment in that area continues to grow, the shop space the program was utilizing within the building was no longer adequate. The nearly 5,000 square foot building will be equipped with state-of-the-art equipment to include CNC and 3-D printers. This project will continue into the 2021-2022 school year, with the majority of the work being done by the staff and students in the construction trades.

Upper Cape Tech staff and students are able to undertake much of the maintenance of the building, along with monitoring the facility’s complex ventilation and heating, saving thousands of dollars in outside labor costs. Additionally, significant savings were again realized this past fiscal year as a result of the solar canopies in the staff and student parking lot. The canopies resulted in nearly \$62,000 in net metering credits in fiscal year 2020. The district also earned revenues of nearly \$20,000 as a result of a power purchase agreement with Future Generation Wind.

The Regional School District Committee also extends its appreciation to the many advisory boards that assist us in developing and maintaining educational programs, various town and school officials who support our efforts, and school staff members. It is the combined effort of all of these individuals that has enabled the success of the school and its graduates for the benefit of our communities. We look forward to your continued support.

Respectfully submitted,

Roger D. Forget  
Superintendent

**Report of the  
MARION SCHOLARSHIP AND EDUCATION FUND COMMITTEE**

To the Honorable Select Board:

The Scholarship Education Fund was established under Massachusetts General Laws, Chapter 60, Section 3C and adopted by Town Meeting in April 1994. Since that time, this committee has made scholarship awards to ninety-eight graduating high school Marion residents pursuing education beyond the secondary school level. These awards are based on character, academic passion, scholastic record, extracurricular activities and involvement in community affairs. The selection process is “blind,” with the names of applicants removed as their records are considered. The many outstanding applicants made this decision extremely difficult. The number and size of awards each year depends upon the amount donated to the fund throughout the year.

The Marion Scholastic Education Fund Committee is very pleased to announce last year’s recipients of the local Marion scholarship. In May, 2021, we awarded \$900 scholarships to Rachel Fantoni, Jhett Labonte, Katelyn Luong, Abigail McFadyen, and Daphne Poirier.

In addition to providing scholarships, the Education portion of the fund aids local schools with supplemental funding for needs which are not covered through regular budgeting. This year Ms. Marla Sorois, Sippican School principal, conveyed to this committee the need for a second Touchview Interactive Panel to pair with the one we were able to provide last year. This screen, which costs approximately \$3,500, is extremely useful for both in-person and remote learning. We are pleased to announce that this device has been ordered and will be received in the near future.

Awards are made possible through the generosity of Marion taxpayers and other interested people who have contributed to the Scholarship and Education funds. We are grateful to the many people who have donated when they received a request in their tax bill. Contributions in any amount are always appreciated and are fully tax deductible.

Respectfully submitted,

Marthe Soden, Chairman  
Kristen Guevara  
Julie LeFavor  
Michael Nelson

**Report of**  
**MARION CULTURAL COUNCIL**

The mission of the Marion Cultural Council is to enrich the cultural life of our community by making a variety of performances, classes and experiences available and accessible to the residents of Marion. Decisions by the council are based using criteria drawn from community input surveys. 2021 was again another challenging year for cultural events due to COVID-19 restrictions. Thankfully all of the grantees were able to pivot successfully to virtual presentations or outside performances thus providing Marion residents with learning, entertainment and a respite from the reality of the pandemic. Each year the Cultural Council receives funding from the Massachusetts Cultural Council for the purpose of awarding grants to help support cultural activities of benefit to the town. For the FY2022 cycle, the Cultural Council received twenty-eight (28) grant applications requesting a total of \$23,860. This year, the Council was awarded \$5,000 (FY2022 Allocation) from the Commonwealth of Massachusetts. There was \$440.90 in additional funds remaining from FY2021 bringing the total Cultural Council FY2022 budget to \$5440.90 in available funds for grant application awards and administrative fees. The Council selected the following thirteen events/programs for funding, believing that these events/programs would appeal to the broadest cross section of our community's population, thereby supporting our mission. All remaining funds (\$90.90) were left for any of the council's potential administrative fees.

Respectfully,

Kristen Saint Don-Campbell (Chairperson)

Jennifer Peterson (Secretary)

Danae Arone (Treasurer)

**TOWN OF MARION**  
**Annual Town Meeting Minutes**  
**May 10, 2021**

The Annual Town Meeting was called to order by Moderator Brad Gordon at 6:45p.m. on May 10, 2021 at the Sippican School Auditorium. Invocation was by Rev. Eric E. Fialho of St. Gabriel's Episcopal Church of Marion. Due to the COVID-19 Pandemic, the meeting was broadcast from the main auditorium to the cafeteria and the necessary tellers and deputy moderator sworn. Tellers sworn were Bill Marvel, Andrea Keene and Tom Friedman. The Deputy moderator sworn was Vin Malkowski. The Moderator noted the presence of a quorum and reported that the Warrant for the meeting had been posted and returned in accordance with the law.

**Article 1:** Motion was made and seconded that the Town vote to compensate its elected officials, effective July 1, 2021 as follows:

Board of Selectmen, each member, per annum	\$ 4,902
Board of Assessors, each member, per annum	\$ 4,839
Board of Health, each member, per annum	\$ 1,866
Moderator, for Annual Meeting	\$ 245
per Special Town Meeting	\$ 81

*Motion declared carried by voice vote at 6:58pm*

**Article 2:** Motion was made and seconded that the Town vote to raise and appropriate the sum of \$23,802,001 to pay interest and maturing debt and for the charges, expenses and overlays of various Town departments and for a reserve fund for the twelve-month period beginning July 1, 2021 and, in addition, the sum of \$5,500 be transferred from wetlands protection fees to Administrative Services, account #159; and the sum of \$5,500 be transferred from the dog fund to animal control, account #292; and the sum of \$7,000 be transferred from the State Aid to Library account to Elizabeth Taber Library, account #610; and the sum of \$240,000 be transferred from the waterways account to the Marine Resources account, #295; and the sum of \$4,870 from Fund Balance for Future Debt-Premiums; and the sum of \$75,000 be transferred from the Overlay Reserve, the sum of \$410,593 for indirect costs be transferred from the water enterprise fund, the sum of \$450,597 for indirect costs be transferred from the sewer enterprise fund, the sum of \$300,000 be transferred from other available funds in the treasury (free cash) to the operating budget; and, in addition, the Town accept the Old Rochester Regional School District’s operating budget of \$4,901,695 and to accept the Old Rochester Regional School District’s capital budget of \$209,860, as certified by the ORR School Committee on March 24, 2021; and, in addition, the Town accept the Upper Cape Cod Regional Technical School’s operating budget of \$305,004 and the Upper Cape Cod Regional Technical School’s capital budget of \$25,887, as certified by the Upper Cape Cod Regional Technical School on March 11, 2021 for the fiscal year beginning July 1, 2021 the total operating budget thus to be \$25,301,061, with items as follows:

113	Election and Town Meetings	\$11,350
122	Selectmen	105,118
123	Town Administrator	132,600
131	Finance Committee	37,700
132	Reserve Fund	65,000
135	Finance Director/Accountant	133,800

- J. Coastal Zone funds for coastal-related activities
- K. Housing-related grants
- L. Public Safety
- M. Title V subsurface disposal of sanitary waste management
- N. Public or private grants deemed by the Selectmen to be in the best interest of the community

State Road funds, Chapter 53B and Chapter 150 (commonly known as Chapter 90 funds)

*Motion declared carried by voice vote at 9:02pm*

**Article 47:** Motion was made and seconded that the Town vote to authorize the Board of Selectmen to institute, defend, or compromise suits of law.

*Motion declared carried by voice vote at 9:03pm*

**Article 48:** Motion was made and seconded that the Town vote to authorize the Board of Selectmen to sell any article belonging to the Town, provided the Town has no further use for the same.

*Motion declared carried by voice vote at 9:04pm*

**Article 49:** Motion was made and seconded that the Town vote to authorize the Board of Selectmen to sell or transfer any taxation possession property held by the Town, pursuant to General Laws, Chapter 60, Section 77, after the Board of Selectmen has notified the Planning Board, Open Space Acquisition Commission, Conservation Commission, and the Affordable Housing Trust of the availability of such land and said agencies may report in writing within twenty (20) days to the Board of Selectmen any recommendations that they may have with regard to the disposition of said land.

*Motion declared carried by voice vote at 9:04pm*

**Article 50:** Motion was made and seconded that the Town consider the reports of the Town officers and committees and act thereon.

*Motion declared carried by voice vote at 9:05pm*

**Article 51:** Motion was made and seconded that the Town choose by ballot all necessary officers for the ensuing year; one Selectman for three years; one Assessor for three years; one Moderator for one year; one Board of Health member for three years; two Planning Board members for three years; three Marion School Committee members for three years; and one Open Space Acquisition Commission members for three years; and to act on the following ballot questions commencing on Friday, the 14th of May, 2021, at 8:00 o'clock in the morning in the Benjamin D. Cushing Community Center, 465 Mill Street (Route 6), in said Marion.

*Motion declared carried by voice vote at 9:05pm*

Motion was made and seconded that the Town vote to adjourn the annual Town Meeting until 9:00 a.m. on Friday May 14, 2021 at which time we shall elect all necessary officers for the ensuing year.

*Motion declared carried by voice vote at 9:06pm*

Respectfully submitted by:

Elizabeth L.N. Magauran, Town Clerk

**TOWN OF MARION**  
**Special Town Meeting Minutes**

**October 19, 2021**

The Special Town Meeting was called to order by Moderator Brad Gordon at 6:45 PM on October 19, 2021 at the Sippican School Auditorium (16 Spring Street, Marion, MA). Tellers sworn were Donna Hemphill and Bill Marvel; Norman Hills was sworn as Deputy Moderator (the Moderator had to recuse himself for Article 8). The Moderator noted the presence of a quorum and reported the Warrant for the meeting had been posted and returned in accordance with the law.

**Article 1:** Motion was made and seconded that the Town vote to raise and appropriate from the treasury (Free Cash) the sum of one hundred seventy five thousand dollars (\$175,000) to be spent for electrical upgrades at the Marion Town House under the direction of the Facilities Director.

*Motion declared carried at 6:56pm*

**Article 2:** Motion was made and seconded that the Town vote to raise and appropriate from available funds in the Waterways Account, the sum of thirty five thousand (\$35,000) dollars to fund the match requirement of the Seaport Economic Council Grant for the design and bid documents for a new Harbormaster facility, said funds to be expended under the direction of the Harbormaster.

*Motion declared carried at 7:09pm*

**Article 3:** Motion was made and seconded that the Town vote, consistent with Section VII of the existing "Agreement among the Towns of Marion, Mattapoisett and Rochester with Respect to the Formation of a Regional School District", to amend and restate the existing regional agreement of the Old Rochester Regional School District by approving and accepting the amendment and restatement initiated and approved by a vote of the Regional School Committee and submitted to the Board of Selectmen of each member town.

*Motion declared carried at 7:34pm*

**Article 4:** Motion was made and seconded that the Town vote to approve the establishment of a Stabilization Fund by the Old Rochester Regional School District, to be known as the Regional School District Capital Fund, to pay costs of capital repairs, renovations, and improvements to the regional district school and its associated facilities, in accordance with the provisions of Chapter 71, Section 16G 1/2 of the Massachusetts General Laws.

*Motion declared carried by 2/3 majority at 7:35pm*

**Article 5:** Motion was made and seconded that the Town vote to add to the Code of the Town of Marion Chapter 7 Article YY, as printed in the Warrant for the Special Town Meeting of October 19, 2021, with the deletion of the words “maintain the premises free of litter and control the growth of any wild plants”.

Motion was made and seconded to amend the motion for Article 5 by placing a period after the word litter and removing the words “and control the growth of any wild plants”. More discussion ensued.

Motion was made and seconded to move the question.

*Motion to move the question declared carried at 7:34pm*

Motion was made and seconded to accept the amendment to Article 5.

*Motion to amend Article 5 declared carried at 7:45pm*

Motion was made and seconded to move the question.

*Motion to move the question declared carried at 7:58pm*

Motion was made and seconded to accept Article 5 as amended.

*Motion declared failed at 7:59pm*

**Article 6:** Motion was made and seconded that the Town vote to amend the Zoning Bylaws by changing the phrase “Selectmen” to “Select Board”, wherever the phrase “Selectmen” appears within the Zoning Bylaws, or do or take any action related thereto.

*Motion declared carried by a 2/3 majority at 8:01pm*

**Article 7:** Motion was made and seconded that the Town vote to amend the Code of the Town of Marion Chapter 7-Article 2 – Council on Aging by deleting the entire article, as printed in the Warrant for the Special Town Meeting of October 19, 2021.

*Motion declared carried at 8:06pm*

**Article 8:** Motion was made and seconded that the Town vote to add to the Code of the Town of Marion Chapter 7 Article II– Town Moderator, as printed in the Warrant for the Special Town Meeting of October 19, 2021.

*Motion declared carried at 8:07pm*

**Article 9:** Motion was made and seconded that the Town vote to add to the Code of the Town of Marion Chapter 7 Article ZZ– Tree Warden, as printed in the Warrant for the Special Town Meeting of October 19, 2021 with (1) the addition of the phrase, “under the jurisdiction of the Park Commissioners” in the 6th line and (2) with a change in the appointment term from one year to three years.

*Motion declared carried at 8:08pm*

**Article 10:** Motion was made and seconded to pass over Article 10

*Motion declared carried at 8:09pm*

**Article 11:** Motion was made and seconded that the Town vote to amend the Code of the Town of Marion Chapter 230-16.3, 5, 6, 7– Ground-mounted systems in non-residential districts, as printed in the Warrant for the Special Town Meeting of October 19, 2021.

*Motion declared carried by 2/3 majority at 8:15pm*

**Article 12:** Motion was made and seconded that the Town vote to amend the Code of the Town of Marion Chapter 109-9 –9 Kennel, License required; tags, fee, as printed in the Warrant for the Special Town Meeting of October 19, 2021.

*Motion declared carried at 8:16pm*

**Article 13:** Motion was made and seconded that the Town vote to amend pursuant to Article V, Section 230-5.3 of the Zoning Bylaws, Town of Marion, Massachusetts, to re-classify the following lots, located on Wareham Street, as Zoning District Residence E:

Map 7 Lot 24

Map 7 Lot 25

Map 7 Lot 27

Map 7 Lot 28C

Map 7 Lot 29;

said lots are further shown as lots 2 and 3 on a plan entitled "Approval Not Required Plan of Land known as Lots 24, 25, 26 & 27 on Assessor's Map 7 Situated on Bournhurst Rd & Wareham Street in the Town of Marion, County of Plymouth, MA Prepared for Henry & Judith DeJesus, Scale: 1" = 80' Date: Nov. 1, 2017", revised Nov. 2, 2017 and recorded on 6/28/2018 in the Plymouth County Registry of Deeds in Plan Book 62 Page 544; and lots 4A, 4B and 4C on a plan entitled "Division of Land Plan Lots 28, 29, & a Portion of Lots 24 & 27 on Assessors Map 7, Situated on Wareham Street in the Town of Marion, County of Plymouth, MA Prepared for Henry & Judith DeJesus, Scale: 1" = 80' Date: March 14, 2019", revised April 1, 2019" and recorded on 7/8/2019 in the Plymouth County Registry of Deeds in Plan Book 63 Page 687.

For the record, an objection was filed by Patricia McCardle, Esq. stating she believed Article 13 only required a simple vote, not a 2/3 majority.

Motion was filed and seconded to move the question

*Motion to move the question declared carried at 8:45pm*

*Motion declared failed to meet the 2/3 majority (32 yes, 34 nay)*

*Meeting adjourned at 8:24pm*

Respectfully submitted by:

Elizabeth L.N. Magauran, Town Clerk

## Report of the TOWN CLERK

To the Honorable Select Board:

At the close of the census, it was announced that the figures for the 2021 census were available. Total year round population as of June 1, 2021 was 5520. The year round population does not include “inactive” voters or seasonal residents (808). The breakdown is as follows:

<i>Under age 5 years</i>	<i>66</i>
<i>Age 5 – 17 years</i>	<i>540</i>
<i>Age 18 – 59 years</i>	<i>2708</i>
<i>Age 60 years and over</i>	<i>1931</i>
<i>Unknown DOB</i>	<i>75</i>
<i>Corrupt Record</i>	<i>1</i>
<i>Inactive Voters</i>	<i>167</i>

The following are (year round) population figures reported over the last five years.

<i>Year</i>	<i>Population</i>
2016	4753
2017	5068
2018	5169
2019	4611
2020	5312

### *Voter Registration*

As of June 1, 2021: Total **4358** (Active: 4191 Inactive: 167)

Democrat	951
Republican	635
Unenrolled	2710
